Black eyes and bruised heads are plentiful, but there are no "charley horses" or bruised legs. A few laps around the cambusto took the cramps out of the joints of the players and they were soon ready for light work. Running was the exercise of the evening and to witness the ginger and snap displayed in running down under punts and catching forward passes was most gratifying. The rest given by the coaches on Monday evening prevented any chance of going stale and Wednesday evening will see lively signal work.

Speed and head work will be needed against the fast Indians and a few new trick formations are mapped out for the work of the week to enable the team to meet their opponents at their own game.

The conditions and causes which produce Rheumatism all suggest a

healthful vegetable remedy as the surest and safest cure. The disease is brought about by the accumulation of uric acid, an irritating, pain-producing property in the blood. This causes a weakening and souring of the circulation which then becomes unfit for nourishing the body, while the deposits of uric acid in the nerves, muscles, joints and bones produce the pain and agony of Rheumatism. To treat the trouble with medicines containing potash or other strong minerals, is simply adding another poison to the already weak, diseased blood, sapping it of its remaining vitality, and perhaps in the end making a physical wreck of the sufferer. The one safe and only cure for Rheumatism is S. S. S. It is nature's remedy for this disease, made entirely from healthful vegetable ingredients extracted from the roots, herbs and barks of the forest and fields. S. S. S. goes down into the blood and removes every trace of the cause of Rheumatism, cleanses and purifies the circulation, and restores health and comfort to those who are suffering from this painful disease. There is but one way to be sure you are not dosing your system with mineral medicines, and that is to take S. S. S. Book on Rheumatism and any medical advice free.

Promoters of Club Bont.

CHICAGO, Nov. 18—Prospects for the resumption of boxing in Chicago were shattered today when Chief of Police Shippy caused the arrest of the principals and promoters of a boxing match given in the Illinois Athletic club three days ago.

The boxing contests, which were of mild nature and held in a club to which the general public was not admitted, were believed to be an opening wedge for the resumption of boxing, which has been prohibited in Chicago for four years.

"Boxing will not be tolerated under the present municipal administration," declared Chief Shippy after the men were arrested. Promoters of Club Bout.

Calls On United Doctors to Thank Them.

WAS CURED OF GALL STONES

Patients Come Hundreds of Miles to Be Treated by These Noted

Specialists.

A. T. Holder, a bridge contractor of Carhage, Mo., who enjoys a wide acquaintance over Nebraska and Iowa, spent Wednesday in the city on business and pleasure.

The pleasure part of the visit consisted in meeting old friends and telling them how he had regained his health. Mr. Holder called on Dr. Kinsey of the United Doctors at their institute on the second floor of the Neville block, corner of Sixteenth and Harney streets, to express his thanks for the cure they have given him and to state that he considered bimself entirely

Mr. Holder had suffered from gallstones for a long time. He was not sick all the time-in fact, he would often go for a month or two without any trouble, then he would have an attack of gallstone colle, which would lay him up in terrible agony for several hours. These pains were liable to come any time and could only be relieved by strong oplates. The pains were gradually growing worse and the attacks getting closer and closer together and it looked like the only hope was in a surgical

Mr. Holder had about decided to submit to an operation in hope of getting some relief, when a friend told him of the wonderful work the United Doctors were doing. He went to their Illinois institute and placed his case in their hands. After commencing the United Doctors' treatment he only had one attack, which was eight days after beginning the treatment. That was five months ago. He is now sound and well-has no trouble whatever and gives all praise to the United Doctors.

The Omaha institute of the United Docors is on the second floor of the Neville block, corner Sixteenth and Harney streets. To all who call this month examination is free. A reasonable charge is made for medicines. No free medicines except to paupers. The United Doctors accept no incurable cases for treatment. If you cannot be cured they will frankly tell you so and not accept one penny of your money.

People are coming daily from distant points in Nebraska, Colorado, Wyoming, Dakota, Iowa and other states to take this wonderful treatment of the United Doctors, as they are recognized as being the most progressive and scientific specialists of the age. Their treatment combines all the best methods of all known systems of treating diseases. They cure even after all others have failed.
