WASHINGTON, Nov. 18.-One of the nost important railroad tariff reducing rates filed in the past year with the Interstate Commerce commission will be that for which special permission has been granted by the commission to the Southern Pacific company and its connections. It is a direct result of the order in the north Pacific lumber cases, wherein the freight rates on lumber and lumber products were ordered to be reduced from points in Washington and Oregon to destimations in the east, particularly Missouri river crossings. The Southern Pacific tariff now is in preparation and when ompleted will be filed and become effective on three days' notice. It provides for reduced rates on all lumber, including timber, poles, shingles and building materials in carloads from points in California, Nevada and Utah to destinations in Canada the Missouri river and north of Tennessee an independent company than at points and North Carolina and also to points in Colorado, Wyoming, Nebraska, Kansas, Arkansas and Texas. The rates will be substantially in line with those fixed by the commission from north Pacific points. They will provide for a reduction of from to 10 cents per hundred pounds on rough lumber, 1ath and general lumber from points of origin to Chicago. To points east of Chicago as far as New York the general brought by Count Boni De Castellane rate will be about 15 cents less per hunagainst Princess Helle De Sagan for the dred pounds than it now is. All intermedicustody of his three children was today ate points between the south Pacific coast postponed until November 25. This action territory and the Atlantic seaboard will be territory and the Atlantic seaboard will be affected by the new rates. The commission granted permission that these be put ounced that he had just entered the case | into effect in order that the south Pacific and that it was consequently impossible lumber producers and manufacturers might be able to compete for the eastern trade with the north Pacific producers.
