in the baking that is where Calumet Baking Powder proves its superiority; its wonderful raising power; its never-failing ability to produce the most delicious baking—and its economy. In the baking—that is the only way you can successfully test it and compare it with the high price kinds. You cannot discredit these statements until you have tried

CALUMET

the only high grade baking powder selling at a moderate cost. \$1,000.00 is offered to anyone finding the least trace of impurity, in the baking, caused by Calumet. Ask your Grocer—and insist that you get Calumet.

Received Highest Award World's Pure Food Exposition, Chicago, 1907.

STATES VIE ON ATTENDANCE

Illinois, Iowa and Nebraska Will Try for Largest Crowd.

FIRST SENDS 1,500 TO CORN SHOW

President Funk of National Corn Association Says Illinois Will Also Send One of the Best Exhibits.

"At least 1,500 Illinoisans will attend the National Corn exposition," declared Eugene D. Funk of Shirley, Ill., president of the National Corn exposition, Wednesday morning.

"Iowa will beat that a long ways," retorted George A. Wells of Des Moines, secretary of the Western Grain Dealers association.

"Nebraska will make a world's record," put in J. Wilkes Jones, general manager of the exposition.

Not alone from these three states are thousands coming, but from Indiana there will be nearly 1,000 more, 400 farmers, as has been announced coming in one train. Minnesota, the Dakotas, Kansas and Missouri associations also send word that they are sending hundreds and thousands.

"Illinois will not only send her sons, but a great exhibit," declared Mr. Funk. "Aside from private exhibitions, that in charge of S. W. Strong, state vice president of our association, will be noteworthy. November 8, in 15,000 schools there were exhibitions and the best picked out for the 102 corn carnival days held in each county of the state a week later. This corn goes now to the Illinois State Corn carnival, held at Springfield, November 23-28, and from there will be brought to Omaha. It will be a splendid array. Illinois will have reason to feel proud of it."

One of the Largest Displays. Mr. Funk's own company will have one of the largest and most remarkable displays of seed corn at the exposition. His company, said to be one of the largest in the United States, will have samples of corn grown from his seed in South Africa, Canada and Australia. With English seedlings from the Britisher, T. R. Garton, the international aspect of the exposition will be heavily reinforced in this department.

Program making for the exhibition is going on steadily with respect to details and important dates has been changed.

"Live stock" day, which was to have been early, has been changed to December 18, the last day but one of the exposition. The transfer is made at the request of the men most interested.

"Live stock" day will be one of the biggest days of the program and South Omaha men are working up a program which will attract the attention of all. The committee in charge, which includes Jav Laverly and A. F. Stryker, secretary of the South Omaha Live Stock exchange, have already arranged for a number of brief addresses, one of which will be by Governor-elect Shallenberger, who is something of a Short-horn breeder himself.

Model Kitchen Department. The model kitchen department of the exposition continues to be flooded with requests for information about its work and the number of exhibitors promises easily to exhaust the space allotted the department, although this is large. Any number of inquiries come, too, regarding accommodations for the young women who are coming not only from every county in Nebraska, but from a dozen states as well to attend the lectures and demonstrations in the model kitchen department conducted by Miss Jessica Besock, famous for her knowledge of 201 ways in which corn can be prepared for table consumption.

Preferred Freight Costs. The shipper who does not wish to have his goods released from the common law liabilities of the railroads when he ships must pay 10 per cent higher freight rates than the shipper who is willing to ship at his own risk. This is in accordance with the rules adopted by the railroads operating under the Western Classification agreement and which were made effective where the uniform bill of lading was adopted and will be binding on the public after December 1. This agreement was reached at a conference between the railroads and the Interstate Commerce commission.

The Interstate Commerce commission has issued supplement No. 2 to its recent ruling, No. 15-A, enumerating all of its recent rulings. It gives the railroads authority to extend the limit of passenger tickets because of sickness, makes rulings on demurrage matters, on commodity rates and tariffs and also on excursion tariffs.

LOCAL PACKERS NOT TOUCHED Unaffected by the Decision of Commissioner of Patents as to Labels. The decision of the commissioner of patents to the effect that no manufacturer of food products or drugs would be allowed to use a label bearing the words: "Guaranteed under the pure food and drug act, June 30, 1906, does not affect any of the four large South Omaha packing houses. The plants in South Omaha put a different label on all their products, whatever the description. It is "United States, inspected and passed."

None of them is allowed to attach the label until the actual inspection is completed and then only in the presence of the government inspectors. The United States government has inspectors under the direction of the bureau of animal industry in each packing house and in each department. The application of the act will be to concerns which have no government inspectors, such as the manufacturers of breakfast foods, catsups, canned fruits, jellies and drugs. It will apply to a few independent packers. The independent packers in South Omaha use no label other than the weight marks and the firm name. They do no interstate business. Their business is entirely under state control.

In the future such labels to be correct should read: "We guarantee this product to have been manufactured in compliance with the pure food and drug act, June 30, 1906."

SWIFT COMPANY SELLS OUT Building Material Concern is Bought by Hull and Sunderland, Who Will Operate It. Consolidation in the building material line in Omaha is growing steadily. Late Tuesday evening the yard, business and good will of the T. F. Swift company was formally transferred to Hull and Sunderland, local, who will carry on the business under their own or some other name.

The T. F. Swift company was organized two years ago by Thomas F. Swift, who up to that time was connected with the Coal Hill Coal company. The greater part of a block of ground on the southeast corner of Sixteenth and Pacific streets was purchased for yards, graded down

and equipped for the convenient storage and handling of building material and coal. It was the first yard located on high ground and, with independent track facilities, proved an ideal one. As a selling concern the company has been in business about a year and in less than that time sold 60,000 barrels of cement, beside a proportionate quantity of other building material and coal. The proceeds of the trade made in so short a time by the young company is supposed to have aroused the envy of the older dealers and led to the purchase of the plant. The terms have not been divulged. The property and stock on hand represent an investment of about \$25,000.

Mr. Swift retires from the management, as well as from the company, and will devote himself to some similar line of business.

FELLOWSHIP DINNER TUESDAY Euclid Martin Will Preside and Prominent Business Men Will Make Addresses. It is announced the Euclid Martin will be toastmaster of the "Good Evening" banquet to be held Tuesday evening at the Commercial club, among the speakers will be Vice-President Mohler of the Union Pacific, W. S. Wright of Wright & Wilhelm, and T. W. McCullough, managing editor of The Bee. South Omaha will be represented on the program by President T. H. McPherson of the South Omaha Live Stock exchange and McCullough, editor of The Journal-Stockman and Jay Laverly of Laverly Brothers Commission company.

So far as possible Omaha and South Omaha-made products will be prepared in the kitchen for the banquet. The dinner had its origin in a meeting between two men representing together "Greater Omaha" during the wool warehouse propaganda and it was then agreed that an event like this dinner should be held in order to bring together members of the Commercial club, the South Omaha Live Stock exchange and the Traders' exchange of the Magic City. Marti T. B. McPherson of the Live Stock exchange and Euclid Martin, chairman of the executive committee of the Commercial club, have together promoted the project.

The date set for the last possible reservation is Saturday, but available places will be brought by the time, between five South Omaha men, members of both exchanges, have already sent word that they will attend.

The arrangements for the banquet have been in the hands of a joint committee constituted as follows: Commercial club—C. A. Hinrichs, chairman; W. B. Wood, J. E. Gentry, H. K. Kirtland, South Omaha—W. B. Tagg, chairman; G. T. Ingerson, J. B. Blanchard.

It was determined to hold the banquet at the Commercial club rather than at a hotel in order that the affair might seem more in the nature of a home event and be less formal, the informal part of the evening being assisted by ruling that evening dress will not be permitted, nor dinner jackets. From 6 to 7 a reception will be held, the South Omaha members of the club, the entertainment and executive committees together constituting the reception committee.

ONLY PARTIAL PUBLICITY Democrats Do Not Keep Their Pledge to Publish All Contributions. Councilman Lee Bridges, treasurer of the democratic county committee, says he will post a copy of all contributions to the democratic campaign in the club rooms of the Dahlman Democracy and that all interested persons can see the list there. He will not publish the list, as the democrats persistently promised before election, for the reason that it would not be worth while, he says.

"We only promised to publish a list of the contributions amounting to over \$100," says Treasurer Bridges. "Some of these contributions are for an even \$100, but none of them are over that amount. We are not going back on our promise by not publishing the list, then see."

The campaign contributions amount to \$370.49, \$15 having been paid into the fund since election. This post-payment was made by C. H. Withnell, city building inspector.

The Jimocrats have been loud in their denunciation of the building inspector since election for his failure to contribute to the slush fund. All the democratic candidates as well as all the office-holders and appointees holding jobs by grace of Dahlman, put in their mite, but Mr. Withnell failed to come across. Finally the dissonance came to the ears of the official together with the unceremonious announcement by a number of Jimocrat leaders that Mr. Withnell could not look for a re-nomination unless he paid up. The building inspector delayed no longer and Tuesday this week he paid over his \$15.

THIEVES GET LITTLE BOOTY Petty Rogues Manage to Keep Busy, but Reap Harvest for Their Pains.

Burglars and petty thieves manage to keep busy in Omaha at this time of year, but they are not getting much for their pains. Reports of stolen overcoats, bicycles and other things are received by the police every day, but extensive hauls by nocturnal prowlers are not so frequent.

Truancy is one of the most common of the small jobs pulled off by thieves and burglars, and recently this activity has been brisker than usual. Tuesday night Pete Jensen of 2318 South Forty-second street, had \$19.50 taken out of his trousers by a visitor, who called after waking hours and did not leave his card. Another burglar—or possibly the same one—entered A. J. Allen's residence, 1077 South Thirty-sixth street, by using a skeleton key to unlock the back door. He only rifled Mr. Allen's trousers and took \$25 and two coins which were carried as pocket pieces, leaving other articles in the house untouched.

While moving from one house to another nearby, A. H. Rizzuto, who now lives at 1211 South Sixteenth street, had a vest stolen. It contained a gold watch, two bill books and some railroad passes and other papers.

Burglars at the home of Theodore Partlow, 2211 Wright street, Tuesday night, were frightened away before they could take anything.

JUROR DRUNK IS DISMISSED S. S. Horton is Discharged from Panel for Imbibing Too Much Liquor.

S. S. Horton, a juror on a petit panel for the district court, was summarily dismissed from the panel Wednesday morning for intoxication while on duty. He was one of the twelve selected to try the case of Julius Holpand against the Independent Telephone company. During the proceedings several times he asked in loud voice that witnesses speak up louder. Other members of the jury complained he had been drinking and Wednesday morning when he appeared Judge Troup dismissed him from the panel.

The case will go on with eleven jurors. He is being sought for damages done to his stock of goods at 214 North Sixteenth

by a flooded basement a year ago last August. He says the water got into his basement because of a trench dug by the telephone company.

REALTY MEN CARE FOR GRIEF Exchange Creates Grievance Committee to Look Out for All the Woes.

A general grievance committee was appointed at the regular meeting of the Omaha Real Estate exchange Wednesday noon. This body will consider all questions raised between members on mooted points as to commissions and will in general pay oil on troubled waters. If by any rare chance a member of the exchange should unwittingly violate any rule or custom the committee will admonish him in a friendly spirit. Secretary Harry Tukey was elected chairman and C. F. Harrison and E. D. Weed chosen to work with him. Questions of ethical practice dominated the meeting and what a member of the exchange ought and ought not to do was

discussed over at length. Some of the points raised were exceedingly "fine" and vigorous divergence of opinion was manifested, although at no time did the debate become hectic or acrimonious.

The court's action followed a slight cutting scrape between a colored man and woman last Saturday and was chiefly due to complaints and a petition by the neighbors. Green and the other two colored persons, Clarence Hayes and Della Mask, were arrested by Patrolman Brinkman. The latter two prisoners were also tried in police court Wednesday. Hayes being discharged and the woman sentenced to five days in jail.

C. GREEN MUST LEAVE HOUSE Colored Man Ordered by Court to Vacate Place Where Trouble Occurs.

As the result of the character of the rooming house conducted at 2504 North Twenty-sixth street by Chase Green, colored, he has been notified by the police

that he must vacate the house in view of a police court Wednesday morning he was fined \$25 and costs by Judge Crawford, who held him guilty of conducting a disorderly house.

Complete Formula for Non-Alcoholic Sarsaparilla Each Fluid Ounce Represents Sarsaparilla Root, 10 Dros. Sassafras Root 2 Dros. Yellow Dock Root, 8 Dros. Black Cohosh Root 2 Dros. Licorice Root 8 Dros. Elix. of Sassafras 2 Dros. Cinchona Bark 8 Dros. Elix. of Sarsaparilla 2 Dros. Sarsaparilla 2 Dros. Water Sufficient to make one fluid ounce.

We have no secrets. We publish our formula and the name of our manufacturer. J. C. Ayer & Co., Lowell, Mass.

No Secrets Ask your doctor if he approves of this prescription for thin blood, impure blood. Accept his answer without question.

THANKSGIVING NUMBER

The pie this week is large and juicy. A mince pie composed of various succulent ingredients: meaty, spicy and full of flavor

Here are some of the things that went into its making:

Little Corky

By Edward Hungerford A short story about a busy man who tried to select a wife as he would an automobile.

American Humor

By Brander Matthews A pie in itself. Full of the best anecdotes and bon mots of these and older days.

The Marauder

By George Pattullo A story that makes you want to oil your gun, mend your rod, pack your kit and get out on the trail again, with a good horse under you.

The Buying End

By James S. Collins For retail merchants. It points out the difference between success and failure, and shows how to achieve the one and avoid the other.

Romance at Random

By H. B. Marriott Watson Narrating the evening adventures of a young English nobleman, slightly bored and in search of a new sensation—which he gets.

Memories of Authors

By William Winter An intimate personal reminiscence of a life-long friendship with Bayard Taylor.

The Complete Muckraker

By Samuel G. Rhyne In which it is shown the ambitious young Muckraker how easy it is to hand Wall Street and Society what's coming to them.

The Honorable Madge

By Dorothea Deakin Being the love story of the girl in the Young Sage coat, the Forced Rhubarb dress and the Merry Widow hat. Not to mention a few snobs and a couple of incorrigibles.

Rich Women's Investments

By Isaac F. Marcossion An article of unusual interest to women, telling how money is invested wisely by Mrs. Russell Sage, Mrs. Anna Weightman Walker Penfield, Mrs. Hetty Green, Miss Helen Gould, Mrs. Potter Palmer, Mrs. Herman Oelrichs, Mrs. Mary Thaw, Mrs. Collis P. Huntington and others.

The Confessions of a Chauffeur

Not intended for chauffeurs, nor for people who don't own one. But it's a liberal education for the owner of a motor car who wonders where the money goes to.

TWO NEW FAST MAIL TRAINS

Harriman and Hill Plan Them to Run Through Omaha.

HILL TO FIGHT FOR CONTRACT

Seeks Franchise from the Government to Carry Mail from Chicago to the Puget Sound Country.

Omaha is to get two more fast mail trains.

The Hill lines are to make a fight for the privilege of carrying the government mail from Chicago to the Puget Sound country which is now carried by the Burlington from Chicago to Omaha and by the Union Pacific from Omaha west.

This means that a real struggle will be inaugurated for the business, which has reached enormous proportions.

The Harriman officials have arranged for a new train which will make the run between Chicago and Portland in seventy-two hours, the same time now made by the Overland Limited between Chicago and San Francisco.

The Hill lines plan to run a new train over the Spokane, Portland and Seattle via Billings over the Northern Pacific and over the Burlington through Omaha to Chicago. The government will not weigh the matter until 1910, but the business is naturally given to the line making the best time between points where it is carried.

Boost for Corn Show. The Union Pacific has a new and beautiful folder on the Corn exhibition, which is attracting considerable attention because of its artistic design and the information it contains. The front covers have three

LOGICAL ECZEMA CURE ENDORSED BY PHYSICIANS

After treating eczema for years as a practically incurable blood disease, the medical world is greatly interested in the discovery that it is not a blood disease at all, but is due to a parasite in the skin itself.

This parasite is easily destroyed by the external application of a compound of oil of wintergreen, thymol, glycerine, etc., which will quickly kill all eczema germs, while soothing and refreshing the skin.

R. A. Folkerts, of Duluth, Minn., tells of the success with D. D. D. Prescription in treating patients.

"There was a man here suffering from Eczema for the last fourteen years, and I applied the D. D. D. treatment. I also applied it to a man of West Duluth, Minn., who has been suffering with Rheumatism for fourteen years, and Eczema on his feet, and the second treatment in both cases cleared the skin almost absolutely. I hope that everyone in the world will be able to learn of your grand remedy. The first application is only a balm, and its soothing effect is beyond expression. I shall never be without it, and shall use it among my patients altogether."

No matter how terribly you suffer from eczema, balt rheum, ringworm, etc., you will feel instantly soothed and the itch allayed at once when a few drops of this oil of wintergreen compound is applied. The cures all seem to be permanent.

Sherman & McCannell Drug Co. 15th and Dodge streets and Owl Drug Co. 15th and Harney streets, Omaha, Neb.

ATHLETES

TO KEEP IN GOOD TRIM MUST LOOK WELL TO THE CONDITION OF THE SKIN. TO THIS END THE BATH SHOULD BE TAKEN WITH

HAND SAPOLIO

All Grocers and Druggists

WHISKEY FOR RHEUMATISM

The increased use of whiskey for rheumatism is causing considerable discussion among the medical fraternity. It is almost infallible cure when mixed with certain other ingredients and taken properly. The following is the formula: To one half pint of good whiskey add one ounce of Toris compound and one ounce of Syrup Sarsaparilla compound. Take in tablespoonful doses before each meal and before retiring.

DR. STRAUSS WANTS TO BE PAID

Emergency Hospital Physician Asks Reimbursement for Loss Sustained by Fire.

Next Wednesday morning Dr. Strauss, physician in charge of the Emergency hospital, will be in court for his first salary since September, providing, however, that the appropriation ordinance passes upon its last reading next Tuesday night. A week ago the council adopted a resolution authorizing the city comptroller to include in the appropriation ordinance the sum of \$20,000 for the emergency fund. This was done and the ordinance passed the first two readings Tuesday night and will come up for final passage next week.

Old Honesty \$3.00

Blankets. The best made in the world. One Old Honesty Blanket is worth two ordinary blankets. Washable, durable, and comfortable. All kinds of repairs neatly done. Established 1858. 1520 Kearney Street. Telephone—Douglas 2235; Auto. A-2525.
