19 steers...1148 4 75 HOGS-Receipts of hogs were larger than usual of late for a Monday, ninety-three cars being reported in. In fact it was the heaviest run for a Monday experienced at this point since the middle of June. Fortunately there was a good demand and buyers all took hold freely with the result that pretty much everything changed hands

that pretty much everything changed hand in very good season in the morning. Th prices paid were as a rule 10c higher that last week's close. Thus hogs sold large at \$5.8025.50 and on up as high as \$0.0 It will be remembered that on Saturday very considerable proportion of the r celpts sold at \$5.7025.50, with a top at \$6.4 Today's advance carries the market to the highest point touched since the first week
