> of Nebraska and Iown.

Omaha foot ball fans will have the choice of two games Thursday afternoon, after the big Thanksgiving day turkey has been disposed of. At Vinton street park the Creighton university team will play the famous Haskell Indians and at Dietz park the Omaha High school team will play the Lemars team for the scholastic champion-

ship of Nebraska and Iowa. Both the Omaha teams have a host of followers and each has a band which will be on hand to assist in the cheering. Both teams have made good records this fall finish to their campaign. The Omaha High week's rest before the Thanksgiving game, school team has not been scored on this year by a Nebraska team and on the other hand Creighton has played some very strong teams from abroad to which it has been forced to go down in defeat.

The Creighton game will be undoubtedly one of the best games ever seen in Omaha,

Skin Diseases Demand Prompt Attention

Skin diseases, such as eczema, tetter salt rheum, psoriasis, etc., seem to be getting more and more common. Though not often dangerous, they are always very annoying and often cause much mental and physical suffering. Quite recently a great advance has been made in their scientific treatment, and Dr. Currier reports in the Doctor's Guide that the well-known drug. citrox has proved in his hands a specific for nearly all forms of skin affections. His method of using the drug is as follows: "Dissolve a teaspoonful of pure powdered citrox in two tablespoons of hot water and the back field is much improved, and if bathe the diseased skin with this warm It had not been for the hard schedule ar- lotion for 20 minutes at a time twice a day. ranged for them there would be a different. Manager Eager for some weeks past has been trying to get the former Maroon player to come here, but only today received word from him that he would officiate at the post season game with the Indians. This will be Eckersall's first trip west of Chicago as an affect, and he is expected to be a great attraction for the Nebraska game.

> Car, No. 14 Meets with Accident.

SAVANNAH, Ga., Nov. 25 .- A little red Italian car with four cylinders that nummed like a giant bumble bee and with an American driver at the wheel today won the first international light car race ever held in this country. doing so the car and driver set a high record of \$2.56 miles an hour for the 196-mile journey over a part of the circult which tomorrow will be used by the grand prize racers. William M. Hilliard of Boston, in a Lancia car, named after the famous Italian driver, proved the winning combination. The slapsed time

Robert Burman, driving Buick car No. finished second, more than six minutes behind the winner. L. B. Lorimer, seated at the throttle of

the Chalmers-Detroit No. 10, fought his

way into third position. The race was run under sapphire skies and in the warmth of a summer sun, which made overcoats uncomfortable. A crowd of many thousands filled the grandstands at the finish line and other thousands lined the rectangular course on all four of its regular sides. But the crowd remained at a respectful distance, for 600 militiamen were thrown about the racing circuit and they kept the pathway of the cars absolutely free from tresspass.

One Serious Accident.

While there were many minor mishaps to the cars, the only one serious wreck came at the very close of the day's racing. Easter, driving Buick No. 14, had been in trouble early in the day and was driving along pell-mell on his fourteenth lap when he lost the road and went crashing into a ditch. The mechanician, Frank Thompson, was hurled from the car and rendered unconscious. It was at first thought he had been killed, but later he regained consciousness and it was said tonight he would surely recover. Car No. 13, a Chalmers, driven by W R. Burns, went crashing into a tree on the very first round of the course and the chauffeur lost four of his front teeth. Burns did not draw No. 12 originally, but exchanged with a more timid driver, who was fearful lest the fated number should bring him ill luck.

The race was a duel between the cars that finished first and second from the very start. Burman, in his Buick, held the lead for the entire first half of the race. Then he stopped to replace a lost nut and Hilliard drove the Lancia into a lead which he never relinquished. Only once did the little red car come to a standarfill. Then it was only for a second to allow the mechanician to take on hoard two small cans of lubricating oil, which later he pumped by hand into the throbbing motor.

Burman fought valiantly to regain his lost advantage, but to no avail. The Lancia kept humming away over the ground with engines muffled, while Burman in his Buick and Lorimer in a Chalmers kept snapping and barking with open exhaust at his heels. Once Lorimer got by Burter of the pumped of the race, one mile and fifty yards. Selling: Remember (190, Russell, 5 to 1) won. Creation (108, Sweet, 2 to 10) second. OAKLAND, Cal., Nov. 25.—Cressina, claimed out of a selling race last Saturday by E. J. Ramsey, won the Carter handleap at Emeryville from a first class field. The mare was quoted at 13 to 1, and her victory came as a great surprise. Montgomery, carrying top weight, was plunged on, and went to the post a 11 to 19 favorite. W. T. Overton went to the front, but tired in the stretch and Cressina assumed the lead. In a drive, she won by a neck from Montgomery. Third money went to Astronomer. Marion Rose, played from 12 to 1 to 8 to 1, scored an easy win in the first race. Madam and Bellwesther were two favorites to land in front. Summaries:

Rheumatism is in reality an internal inflammation—a diseased condition of the blood cells which supply the nourishment and strength necessary to sustain our bodies. Uric acid, an irritating, inflammatory accumulation, gets into the circulation because of physical irregularities, and then instead of nourishing and invigorating the body, the blood irritates and inflames the different nerves, tissues, muscles and joints, because of its impure, acrid condition. The pains and aches and other disagreeable and dangerous symptoms of Rheumatism can never be permanently cured until every particle of the cause is driven from the blood. S. S. S. does this because it is a perfect blood purifier. It goes down to the very bottom of the trouble, purifies and cleanses the circulation, invigorates the blood, and completely drives Rheumatism from the system. Plasters, liniments, soothing lotions, etc., may be used for the temporary relief and comfort they bring, but a cure cannot be effected until S. S. S. has removed the cause. It frees the blood of every impurity and makes it a rich, health sustaining fluid, to bring permanent relief and comfort to those who suffer with Rheumatism.
