County Treasurer Mitchell has not yet determined upon what basis the distribution of the money in his hands will be made. The city will probably receive about \$5,500, the schools about \$5,500 and the county and state about \$2,000. This will leave \$2,000 for the "tax ferrets" who, under their contract, are entitled to a commission of 15 per cent on the amount recovered through their efforts. It has yet to be determined upon what proportion of the amount received in settlement the "tax ferrets" are entitled to commission. There is a difference of opinlon as to this.

(From a Staff Correspondent.) DES MOINES, Nov. 26 .- (Special.) -- Gov ernor Garst and Senator Cummins virtually spent the day together in the office of the chief executive of the state effecting the formal transfer of the office and taking up matters which it is necessary that both should consider. Mr. Cummins had the task Rapid City. In addition, Codington county of sorting over the accumulations of seven has had one or two murder cases to disyears and separating the official papers from the private ones in many cases. Governor Garat had as his first official duty the signing of a commission to Harry E. Eaton of Shenandoah as pharmacy commissioner. He will serve until next April. He also signed the commission of Dr. McLeod as member of the veterinary board. One pardon case came to the attention of Governor Garst, a poor woman journeying from South Omaha to Des Moines with a little child to plead for the release of her husband, serving a fifteen-year sentence for forgery. The case was placed in the hands of the parole board. Several funds were transferred from one governor to another and an order placed for the formal certifi-

cate of election of Cummins as senator. Governor Garst, while he is a resident of Carroll county, has in fact lived in Des Moines for nearly two years practically all the time, so that no move will be necessary for him while serving the short term.

Will Go Next Week. Senator Cummins is arranging to go to Washington next week, but has not fixed the exact date. He has made no arrangements as to his living there while senator. His secretary, John Briar, will go in a few days. On Saturday evening the local Bar association will give Senator Cummins a banquet. He has been for many years regarded as foremost in the Bar association of the city and of the state.

The courts of South Dakots have this fall an unusually large number of murder cases, some of which have been disposed of and others remain to be tried.

The first case of this kind to be dis posed of was that of Charles Hayes, allas 'Bill" Dunn, who was convicted in Lawrence county a few weeks ago of the murder of a young ranch hand through jealousy of a young girl with whom Hayes was in love. Omaha seems to the meeting of the federation committee be quite a travelogue center, G. W. Mr. Kramer started the traveler from New York and, crossing the ocean, was soon surrounded by Berlin, the imperial city of the German empire. He showed the sive architectural background and also on the green sward. Slight glimpses of the port of Hamburg were given, as well as pletures taken in the German ocean, with that stretch of water at calm and also interesting set of pictures was that of a little paradise called Spreewald, a farming section a few miles from Berlin, where on Sunday the merrymakers from the city flock to enjoy an outing on the quaint canals with which the place is studded in place of roads. Paris, London and Fez, in Morocco, will be taken up in turn on the succeeding Watnesday nights in December.
