DUN'S REVIEW OF TRADE

Notable Increase in Number of Wage Earners Employed.

MANY MILLS ARE REOPENING

the Best Features of the Week's News is the Demand for Railroad Supplies.

NEW YORK, Nov. 27 .- R. G. Dun & Co.'s NEW YORK, Nov. 27.—R. G. Dun & Co. 8 weekly review of trade tomorrow will say:
Although the holiday and unseasonable seatuer bandicapped business this week, further substantial progress was made toward normal commercial activity, especially in respect to the number of wage earners employed in the leading industrials.
Mills that have been closed for over a year are reopening and many plants that were on part time or force are now in full interation. Recovery is making remarkable strikes and almost every comparison with conditions a year ago provides a reason for me day devoted to grateful recognition.

One of the best features of the week was the demand for railway supplies. Steel rails were ordered moderately and many teading roads are ready to operate if the mills will roll according to special schedules at standard price.

A little increase in sales of standard drills to India is the only development in the expert department, the decline in price of silver postponing the expected improvement in demand from China while Red seabuyers refuse to advance bids to current figures. eskly review of trade tomorrow will say

BRADSTREET'S REVIEW OF TRADE

Developments Are Generally in the Direction of Improvement. NEW YORK, Nov. 27 -- Bradstreet's to-

norrow will say: Wholesale trade, crop and industrial de-

Wholesale trade, crop and industrial developments are generally in the direction of improvement, there is less idle machinery and the tore of affairs generally is still cheerful, but there are numerous irregularities noted in conditions in different sections and industries.

Most optimism and strength is exhibited in the leading lines of domestic manufactures, particularly as to the outlook for next year, and manufacturers are buying more freely of most raw materials, while wholesalers report evidences of scarcity in many lines, especially cotton goods, for spring and later delivery next year. In retail trade there is a good deal of irregularity, though the sevent of rains and snows, followed by colder weather, helped to impreve conditions as the week advanced. Failures in the United States for the week ending November 26 number 195, against 273 last week and 258 in 1905 and 184 in 1904. Business failures in Canada for the week numbered 15, which compares with 33 last week and 46 in this week last year.

Wheat, including flour, exports from the United States and Canada for the week and 5505,314 bushels last week and 5505,314 bushels last week and 5505,314 bushels last week and 5505,315 bushels last year. For twenty-two weeks ending November 25, this year, the exports are 98,319,786 bushels, against 90,482,518 bushels in the corresponding period last year.

against 30,482,518 bushels in the correspond-ing period last year.

Corn exports for the week are 864,809 bushels, against 239,717 bushels last week and 710,182 bushels in 1907. For the twenty-two weeks ending November 26 corn ex-ports are 3,486,386 bushels, against 29,477.071 bushels last year.

LEAVENWORTH NO BOULEVARD Street Turned Back to City by the Board of Park Commissioners.

The Park board has decided to abandon Leavenworth street as a boulevard from Fortieth to Forty-eighth street and transfer it to the city as a street. The fact is the street was assigned to the Park board as boulevard that it might be paved at county expense, the law prohibiting the ounty from spending money for the pavement of city streets, but allowing money to be appropriated for boulevards. This was done in the case of Leavenworth street and now that it is paved as a boulevard it will become a street.

The well which is being bored at Riverund is going still deeper. Asking the Park board for aid in inducing the street railway company to extend the Sherman avenue line as far as the Sherman

school the Sherman Avenue Park Improvement club has petitioned the Park board. W. W. McCoombs has asked for a fiveyear extension of his lease of the soft drink privilege at Hansoom park. The matter was referred to Rome Miller for investiga-

THE NEW STORE

THE HOME OF QUALITY CLOTHES

Half-Minute Talk

The other day a man came here to look at suits and overcosts. He said he wasn't going to buy until he looked around. That was agreeable to us. He went out. In about an hour he came luck and we sold him his ciothes. While he was waiting for them to be pressed he said to the salesman, "I've been all around and have come to the conclusion this is the only clothing store in town." Strange how a little comparison makes the average man enthusiastic about this store.
