Donkey That Struck Gold

Malignant and Patient Best Kicks Up a Bonanza While Aiming at a Fly.

The Coeur d'Alene district of northern Idaho is one of the most valuable mining sections in the United States. Situated in a wild, rough country in the heart of the mountains bearing the same name, this region has yielded immense fortunes to many lucky prospectors. Well-developed mines are now located there, and the largest producer gave a profit of \$2,364.33 for a single year.

Remarkable enough, the credit for the discovery of this bonanza belongs to a donkey, and the records in the courts of Idaho bear out this fact. In the summer of the year 1882, a small pack-train was slowly picking its way over a rocky pass in the Coeur d'Alene range, and the patient burros were greatly tormented by a pest of flies. One of the sturdy little animals kicked violently to dislodge a particularly annoying fly and its hoof struck a projecting ledge of rock, chipping off a bit of the stone. The shored surface glistened in the sunlight and caught the eye of the prospector who was following the burros. A hasty examination of the rock disclosed a rich vein of gold, and this accidental discovery, begun by the donkey, led to the great mines of today.—Harper's Weekly.

When Your Back Aches

It is a Warning That the Kidneys Are Sick and Need Help

The simplest and most effective remedy for sick kidneys is Doan's Kidney Pills. If there is weakness, congestion, inflammation or soreness, Doan's Kidney Pills quickly relieve it. They gently stimulate, tone and strengthen sick kidneys, drive away backache, rheumatic pain and dizziness, clear up and regulate the urine, and restore a perfect filtering of the blood. Best of all, this relief is permanent.

OMAHA PROOF

John C. Hoeftler, living at 2514 Burdette St., Omaha, Neb., says: "A dull, heavy aching across the kidney region bothered me for a long time, being especially severe when I stooped or lifted. I used medicines recommended for kidney trouble but my back continued to ache as badly as ever. At last I had the good fortune to hear of Doan's Kidney Pills and believing that they would help me, I procured a box from Schaeffer's Cut Price Drug Store. They positively removed my trouble and during the years that have since elapsed I have had no recurrence of it. I take a few doses of Doan's Kidney Pills now and then and find that they act as a tonic to my system and keep my kidneys in a healthy condition. Words but feebly express my opinion of this valuable remedy."

Origin of the Pie Supper

An Institution Which Blooms in Some Old Kentucky Homes.

Hardin county, Kentucky, is the home of the pie supper. Eventually the pie supper is destined to become prevalent throughout these pie-loving United States, but at the present time the honor of discovery and the first enjoyment belongs to Hardin county, where the pie supper is an institution of the first magnitude.

Whatever the purpose, or for whatever cause, the pie supper is the most effective means of arousing an interest and "raising the wind" in Hardin county. And small wonder. The same elements and conditions that have constituted the attractiveness of the pie supper in Hardin county are bound to succeed anywhere. They are founded deep as the inherent passions of the race, and while humanity endures their appeal cannot grow less.

Like all supreme discoveries, the component parts of the pie supper, except the ingredients, are extremely simple. Given an adequate number of charming girls who have been reared in the good, old-fashioned way, and the usual complement of young men, and the success of the pie supper is assured. The girls make the pies, which are then gathered at some central point, and auctioned to the highest bidder.

"The pocket empties cleanest in Kentucky," sings Judge Mulligan of Lexington—which is evidence that the learned gentleman has attended a pie supper in Hardin county. What swain wouldn't empty his own pockets, and the pockets of all his relatives, neighbors, and the stranger within his gates to bid in the pie made by the dainty fingers of the dearest girl in the world?

For years the pie supper, as a time-honored custom, has been the reagent for the solution of church debts, library funds, missionary contributions, and similar projects in Hardin county. It has never failed, and in the nature of things it cannot fail until the streams run dry and the rocks melt in the sun.—Louisville Times.
