Chief Briggs Comments on Exodus of Colored People from City.

FOLLOWS ON RECENT MURDER

Affairs of This Kind, the Chief States, Uspally Pollowed by Such a Shifting of Population-Paring Petition Filed.

Chief John Briggs and other members of the South Omahic, police force called attention to the expdus of colored people from the city last night. They said the change was most semarkably noticeable within the last six months. The lodging houses on lower N street which a year ago were crammed full of teeming population are now sheltering comparatively few. The police say that a great many of these have gone from the city for good. "Every day sees some one of this number starting for some southern city," said the chief. can't explain it but it seems to me that

The city clerk has received a petition from the residents of E street designating that the pavement of that street be asplialt of a substantial thicknet on a coment oundation. This petition is in order since the passage of the ordinance to pave the street. It is said ordinance to pave the street. It is said that some of the residents favored a pavement of pure concrete instead of asphait. ment of pure concrete instead of asphalt and that a counter committee has been circulating a petition. It is said, however, that the petition already filed contains names enough to secure recognition from the city council. It is likely that the pavement of the street will be deferred until the opening of the next year.
