## RECOMMENDS PARCEL POST

Fourth Assistant Postmaster General Favors Eleven-Pound Maximum.

## WOULD NOT INJURE MERCHANTS

New Arrangement Would Be Effective Between Distributing Office and Rural Patrons Only.

WASHINGTON, Nov. 30.—Touching the heart of the agricultural communities in every state of the union, the annual report of Fourth Assistant Postmaster General V. De Graw, made public tonight, announces increased usefulness of the rural delivery service and the unprecedented bringing of the work of the bureau up to date, and recommends rural delivery of packages of eleven pounds maximum at a special postage, and the uniforming of rural carriers. The package provision suggested requires congressional legislation and is designed to be effective between the distributing postoffice and the patrons of any rural route emanating from such postoffice. Such a service, according to the report, would benefit alike the rural delivery patrons and local merchants, without injuring or competing with any other service. "It can be given," adds Mr. De Graw, "with the facilities now employed and would materially increase the revenues of the department. A special reduced rate of postage for merchandise carried only by rural carriers would unquestionably be of material value to the rural delivery patrons and at rural delivery distributing centers, as well as enhance the influence of the rural service in making life in the country more attractive."

Rural carriers at present are not permitted to carry for hire any matter or package that is mailable, but congress increased the salaries of the carriers. The demand for a package service by them, fostered in the first years of rural free delivery, still exists. It should be met, according to Mr. De Graw, not in the old way, which permitted the use of the government's agency for private gain, but by the establishment of a system for the carriage of merchandise by rural carriers at such rates as will be a fair compensation for the service performed, the revenues to be credited to the postal receipts. Patrons and merchants, he adds, desire to have small packages handled by rural carriers, but will not pay the present fourth class rate, which is prohibitive as applied to this class of service.

The rural carriers in the service, of which Mr. De Graw is the head, daily pass 3,900,000 homes, and he recommends once more the adoption of a uniform, suitable to the conditions under which they must work, as undoubtedly adding to the dignity and efficiency of the rural service. Their high standard of efficiency is attested by the fact that only 165 carriers out of a total number of 35,143 were dismissed for cause during the last year.

Rural delivery is now in operation on 945,087 miles of road, over which carriers are required to travel daily. Of these roads 35,000 miles are macadam, the remainder being earth, sand or gravel. Since the service was first established in 1896, it has cost the government \$1,400,000,000. Roads traversed by rural carriers. Road officials and patrons are notified whenever repairs are necessary on rural routes. More work has been done on such public highways and more expenditures made in their improvement during the last year than in any previous year in the history of rural delivery, and the official reports received clearly indicate that interest in road improvement is being generally manifested throughout the country.

## APPROPRIATIONS NECESSARY

The estimate of appropriations necessary for this service for the fiscal year, as submitted by Assistant Postmaster General De Graw, is \$35,244,000, an increase of \$673,000 over the current appropriation. Of this estimate \$3,053,150 is for continuing the service on 23,277 routes in operation on June 30 last, \$2,684,141 for continuing the service on routes which are to be discontinued, and \$9,506,709 for establishing the current fiscal year at an estimated average salary for carriers of \$367 per annum, \$179,000 to inaugurate new service during the fiscal year ending June 30, 1937, \$1,864,000 to pay substitutes for 38,635 carriers who vacated at an estimated average rate of \$367 per annum, less 6 per cent deducted on account of carriers not in service twelve months; \$12,000 to pay clerks in charge of stations of rural delivery service, and \$15,000 to pay toll and ferryage for carriers, who traverse toll roads or turnpikes or cross streams over toll bridges or ferries. During the last year there were 1,672 new routes established, 17 routes discontinued prior thereto were re-established and 146 routes discontinued, leaving a net increase in number of 1,549. During the year 1,958 postoffices were discontinued and the patrons rendered service by rural carriers. On only a little more than 10 per cent of the rural routes the quantity of mail handled was less than 9,000 pieces per quarter, which heretofore has been considered a fair average for a standard route. Included in this number are 659 tri-weekly routes and a number of short length routes serving restricted territories.

Dead Letter Office Receipts. The report recommends legislation by congress which will permit the adoption of an improved method of handling of undeliverable articles of mail by sale, as to eliminate as far as practicable the objectionable lottery features involved in carrying out the existing law on the subject. In the dead letter office during the year there were received 12,145,172 pieces of mail and there were returned to senders 7,202,484 letters and parcels, of almost 2,000,000 more than in the previous year. On the last day of the fiscal year every piece of mail matter received had been opened and treated, an unprecedented condition in the work of the division.

## ATTACK MADE ON WALLACE

Outset Suit Instituted Against Criminal Judge Wallace by Attorney General Hadley.

JEFFERSON CITY, Mo., Nov. 30.—An outset suit instituted against W. H. Wallace of Kansas City, judge of the criminal court of Jackson county, was filed in the supreme court of the state by Attorney General Hadley today. The writ is returnable December 4. The ground for the suit is an allegation that Judge Wallace was appointed to fill a vacancy, the term for which expired, it is claimed, when Ralph S. Latawah was elected to the place November 2. Judge Wallace, who came into public notice by his crusade against Sunday theaters in Kansas City, claims that he is entitled to the office until January 1, 1937, his commission bearing that date.

## Implement Dealers to Meet

SIoux FALLS, S. D., Nov. 30.—(Special.)—The program has been completed for the tenth annual convention of the Retail Implement Dealers' association of South Dakota, southwestern Minnesota and northwestern Iowa, which will be held at Mitchell on Wednesday, Thursday and Friday, December 3, 4 and 5.

## Binding Twine Plant

SIoux FALLS, S. D., Nov. 30.—(Special.)—T. P. Connor, superintendent of the work of installing a binder twine manufacturing plant at the Sioux Falls penitentiary, announced today that the plant is now under construction.

## Alfalfa Seed Brings Money

PIERRE, S. D., Nov. 30.—(Special.)—Fred Ebert and Frank Putnam, two farmers in the northwest part of this county, Sturges, landed the ears here, 500 bushels of alfalfa seed, the product of fifty acres of their farms, and received \$14 a bushel for the product. A return of \$140 an acre, makes a fair return for farming operations, even in South Dakota.

## The Bee Want Ad pages offer the best advertising medium.

announces that he expects to have the plant in operation between January 1 and 30 next. By the next harvesting season he states there will be from 200 to 1,000 tons of twine ready for market. The product of the plant will be marketed exclusively in South Dakota, and those who have pushed the project of the state engaging in the manufacture of twine maintain that the product of the penitentiary plant will be furnished to the farmers at the lowest possible price. The plant will be operated by about seventy convicts. Exclusive of machinery, about \$75,000 already has been expended in installing the plant. The buildings for the power house and heating plant, together with the buildings for the twine plant proper, exceeded the appropriation of \$20,000 by about \$5,000. The machinery will cost in the neighborhood of \$50,000.

## FOUR NEW SUPREME JUDGES

(Continued from First Page.)

of Kearney, deputy; C. E. Pierce of Pawnee City, insurance deputy; W. N. Wheeler of Fairfield, bookkeeper; Miss Myrtle Pettit-John of Valentine, second bookkeeper; C. E. Lawrence of Elk Creek, bond clerk; Dinky Parrill of Lincoln, recorder; John Tuiley of Red Cloud, county treasurer examiner. Miss Peters of Lincoln will be retained for at least several months as clerk in the office of the insurance department. Mr. Shehan, the new deputy, has been county treasurer and deputy county clerk of Buffalo county and at present is deputy treasurer. He has had long experience in the line which he will be compelled to work and is highly endorsed by people in Lincoln who know him.

Mr. Pierce, the new insurance deputy, who succeeds John L. Pierce, belongs to no fraternal insurance company and neither does he carry old line insurance. This fact is important when taken into consideration with the stories about Mr. Bryan when he was a candidate for auditor, to the effect that he would be partial to the Ancient Order of United Workmen lodge to the detriment of other insurance companies. Mr. Pierce has taken an active part in republican politics for a number of years.

Mr. Lawrence, Mr. Tuiley and Miss Pettit-John are all reappointments. Mr. Wheeler is at present a deputy oil inspector. He was secretary of the senate four years ago and is the editor of a paper at Fairfield. He was endorsed by the people of his home county for the place.

## Hill Stays on Embalming Board

W. M. Hill of Hebron was this afternoon reappointed a member of the State Embalming board by the State Board of Health. The board will meet tomorrow and try to select a successor to George Brash, a member of the Board of Secretaries of the Board of Health.

## Gandy is Insistent

Unless Jess Gandy of Custer county is appointed deputy game warden there will be something doing. That is the message which a friend of the Custer county democrat brought to Lincoln today.

"Gandy spent \$200 in the last campaign and toured his county and the state for three months in the interest of Mr. Bryan."

This man said Gandy told him "this reward was to be the appointment as one of the consuls to Mexico had Bryan been elected. Now that Bryan was defeated Mr. Gandy very generously gave up all hope of going to Mexico and expressed himself as being willing and even anxious to accept the job of deputy game warden."

Mr. Gandy was here when Governor-elect Shallenberger was laid up with a broken left leg and he asked Mr. Manual, one of the maids in waiting, to locate him close to the gubernatorial star, but as Manual was busy getting close to that self-same star, it is supposed the Custer county man failed to connect, so he is reported now making threats of what he will do unless he is appointed.

## TWO-CENT FARE ORDER UPHOLD

United States Supreme Court Reverses Decision Striking at Reduction.

WASHINGTON, Nov. 30.—The supreme court of the United States today reversed the decision of the United States circuit court for the eastern district of Virginia that the rate of two cents for the order of the State Railroad commission fixing a 2-cent passenger rate on state business, the effect being to uphold the order.

The opinion of the court was announced by Justice Holmes. The case came before the court on an appeal of the state from the decision of Judge Fritchard of the United States court for the eastern district of Virginia, holding the proceedings by which the rate was fixed to be unconstitutional and prohibiting the carrying of the order into effect.

The rate was named by the commission in accordance with authority bestowed by the Virginia constitution, but the state roads of the state prayed for an injunction against its enforcement on the ground that the present rates of the companies are reasonable and not discriminatory, either as between individuals or localities. It was contended on behalf of the roads that the effect of the proposed would be to reduce charges below a reasonable and just compensation, that, indeed, the order was confiscatory and would have the effect of taking their property without due process of law. The state authorities attacked the jurisdiction of the court, claiming that the commission itself was a court, as created by the state constitution, and that its decrees could not be interfered with by a federal tribunal.

After hearing the arguments in the case Judge Fritchard on December 26, 1935, issued a final decree, granting the prayer for the injunction and enjoining the enforcement of the commission's order of reduction. He held that the commission's duties were administrative and not judicial. This decision was overruled by today's action. Justice Holmes in his opinion said that the proceeding of the commission was judicial in character and that the court's decision of reversibility was based on the failure of the railroad to exhaust their rights in the state courts. Justice Brewer alone dissented from the result.

## Colliery to Remain Closed

CHYENNE, Wyo., Nov. 30.—(Special.)—State Coal Mine Inspectors James Bird of the southern district and Noah Young of the northern district are in Cheyenne to deliver their annual reports to Governor B. B. Brooks. The report of Inspector Bird dated January 31, 1936, where nearly sixty men were killed by explosion last March. The report states that although the mine is not sealed the lower workings are flooded. It is impossible to get at the bodies they contain and it is improbable that the great colliery will ever be worked again.

## Alfalfa Seed Brings Money

PIERRE, S. D., Nov. 30.—(Special.)—Fred Ebert and Frank Putnam, two farmers in the northwest part of this county, Sturges, landed the ears here, 500 bushels of alfalfa seed, the product of fifty acres of their farms, and received \$14 a bushel for the product. A return of \$140 an acre, makes a fair return for farming operations, even in South Dakota.

## BAD MONEY MEN GIVE UP

Telephone Secret Service Men to Come and Get Them.

## TIRED OF ELUDING PURSUIT

Turn Over All Counterfeit Money to Chicago Officers and Submit to Their Arrest Gracefully.

CHICAGO, Nov. 30.—"We know it is only a matter of time when you will get us anyway, so we may as well submit gracefully."

This message over the telephone today reached Peter Dratsburg of the United States secret service from one of two men who had flooded Milwaukee avenue business houses with spurious five-dollar bills to the aggregate of \$3,000.

"Come on over and make the pinch," added the voice, which named a meeting place.

Shortly afterward Dratsburg appeared at the federal building with his two prisoners, Gustav Bayer and Henry Michaels. They said they had grown tired of trying to elude the detectives. The telephone message was preceded by a letter to Captain Purdy from St. Louis as follows:

"We are sending you all the counterfeit money we have and you can call in all the men that is looking for us and we will be at your office December 1. Yours with repentance, H. MICHAELS, G. BAYER."

The men followed their letter from St. Louis, but their arrival was very early, and rather than wait for the secret service office to open, they called up an operative. They admitted that they had passed money made by the Wheel-Brown-Westcott gang, previously arrested in Chicago, St. Paul, St. Louis, Hot Springs, Ark.; Memphis, Little Rock, New Orleans and Grenada, Miss.

## BIG BOOK MISSILE

(Continued from First Page.)

pany for damages for the condemnation and partial destruction of the old Cambridge hotel at Thirteenth street and Capitol avenue, was placed on file. President Johnson told the council that the city building inspector was ready for the Mercator company to bring suit if it wanted to and the councilmen thought it best to give an ultimatum at this time and let the mooted question regarding the powers of the council in condemning buildings be determined now as well as any time.

Philadelphia parties have sold to Mr. Frank L. Fitchett lot 32, block 99, Dundee, for \$600.

## CHINESE NOBLE IN CAPITAL

Tang Shao Yi Reaches Washington with Thanks of Nation for Remitting Indemnity.

WASHINGTON, Nov. 30.—Bringing the thanks of a grateful people for the remittance by the American government of a large part of the Boxer indemnity, Tang Shao Yi, president of the Chinese board, and created a special ambassador for this occasion, arrived in Washington today. Accompanied by Prince Tsai Fu, a member of the Chinese royal family, and a distinguished group of attaches, the party was accorded the high honor of being met by Huntington Wilson, third assistant secretary of state, numerous other officials of the state department and several aides of President Roosevelt. There were no formalities at the station other than the exchange of greetings. After that the party was escorted to two residences in an excellent section of the city, where the visitors will be domiciled during their stay of three or four months.

Formal presentations of Assistant Secretary Wilson, who welcomed the visitors, and of W. D. Straight and A. W. Pontius, officials of the State department, who were in China in the consular service for a number of years, were then made. The party was conducted to carriages and all of the special residences was made. The reception committee left the ambassador and prince at their doors, no ceremonies of any character being desired by the visitors until they were settled and rested from their long journey.

The recent deaths of the dowager empress and the emperor was another reason for the simplicity of the greetings. Considerable interest was displayed by the order in which the visitors walked and entered the carriages. Rank was observed throughout. The carriages traveled in strict order of rank, the last carriage carrying several gifts—flowers, the packages were loaded into the rear carriages, guarded with ostentatious watchfulness and were the objects of a great deal of speculation. It is known that these boxes and portmanteaus of oriental design contain presents and letters of rare value for President Roosevelt, Mrs. Roosevelt, President-elect
