him to tell whether the wound was selfinflicted or not.

"The straight course of the bullet which was at right angles with the body," he Rustin 100 1/2 grain morphine tablets about replied. "It would be impossible for any- 10 o'clock that night. one to pull the trigger with the gun pointing at himself without some upward deflection. The bullet, according to my exif the revolver had been held close to his he knew, cross the intersection. body. If held six or eight inches from the body the bullet would have carried until 9:30 this morning. some fragments of clothing into the wound.

He said the vest was slightly scorched, but not burned.

Charles Newstrom, janitor at the Paxton building, testified he saw a man come out of Dr. Rustin's office the night before the tragedy and saw Dr. Rustin and a woman, presumably Mrs. Rice, go into killing Dr. Rustin. the office. Newstrom said he thought the Attorney English brought out that at the pact to end Dr. Rustin's life. previous hearing Newstrom had said he did not know whether the man had on a cap or a bat.

10:10 o'clock. Davis took a West Farnam car, he said, and afterward Dr. Rustin defense. spoke to Mrs. Rice, who was standing on the corner, and the two walked to Farnam and Seventeenth, where they turned south. This also confirms Mrs. Rice's story,

who appeared to be sick, coming east on Farnam about 4:10 that morning. His description was much the same as Dr.

man resembled Charles E. Davis or not?" asked Mr. English.

"There was a very strong resemblance.

of the defense. Charles R. Sherman of Sherman & Mc-

Connell testified he saw Dr. Rustin in his store about 10 o'clock and Jacob Freger, a drug clerk in the store, said he sold Dr.

Harold Underhill, who was carrying elec-

tion returns for The Bee that night, testifled he was standing in front of the voting nights. perience, would have penetrated the body booth at Fortieth and Farnam streets, and imbedded itself in the spinal column about 11:30 and he say Dr. Rustin, whom

At this point an adjournment was taken

Suicide Theory Defense. That Dr. Frederick Rustin committed sulcide as the result of a sudden impulse as he sat on his front porch that fatal morning of September 2, thinking of his wasted and dissipated life, will be one of the two theories advanced by the defense at the trial of Charles E. Davis, charged with

The other attempt of the defense will

It will not be necessary for the defense to develop either one of these theories to a certainty, but by emphasizing the evi-John M. Welch corroborated Mrs. Rice's dence which tends to prove the one or the story by telling about seeing Dr. Rustin other, doubts may be raised in the minds in the Fallstaff saloon about 10 o'clock of the jurors which would prevent the and P. B. Myers of Myers-Dillon Drug conviction of Charles E. Davis as the murcompany testified to seeing Rustin and derer. The cross-examination of witnesses Davis at Sixteenth and Farnam streets at at the morning session of court Wednesday indicated this would be the course of the

One point on which it will depend is the fact that Dr. Rustin allowed \$35,000 worth of incontestible insurance to lapse within few weeks before his death. This, the defense will contend, shows that he did said he saw a short, stockily built man not contemplate death for a long time, as Mrs. Abble Rice testifies he had. The defense is also trying to show the shot was influence of liquor and injured, but not heard about ten minutes of 3 o'clock instead of 3:15 o'clock, as the state contends. This would give Mrs. Rustin and "What do you say as to whether that

> Randall Jury Still Out. RAPID CITY, S. D., Dec. 2.-(Special.)

The jury in the trial of Ernest B. Randall for the murder of Marion F. Dragoo, commonly known as Frank Bright, have been out twenty-four hours without agreeing upon a verdict. As the evidence against the accused is entirely circumstantian it is doubtful if an agreement will be reached. Randall had been living for several months this spring with Bright and a

The General Demand

of the Well-Informed of the World has ilways been for a simple, pleasant and afficient liquid laxative remedy of known ralue; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its exrellent combination of Syrup of Figs and walk. Because of the early hour and the Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies in the merits of the laxative for its remarkable success.

"His walk was very slow and deliberate That is one of many reasons why Dr. Lord described the man as being five Syrup of Figs and Elixir of Senna is given feet seven inches in height, stoutly built, the preference by the Well-Informed face round, smooth shaven, black felt hat To get its beneficial effects always buy wer puttle

CLOAK & SMITCH

# **Greatest Skirt Sale** Of the Season, Over 400 MORE SKIRTS, at MADE TO SELL at \$8.75, \$10.00 and \$12.50

There seems to be no let up to the wonderful selling of beautiful new skirts at the great cloak and suit house. Last Saturday we opened a sale of skirts at \$4.98 that we surely thought would be the greatest sale of the season. Our store was thronged with customers all day but this sale will be even greater. Our buyer, who is proving himself a wonderful factor in the New York market, made another great purchase of skirts, which we believe are even greater values than those of last Sat-

THERE ARE OVER 400 OF THESE SKIRTS

All are made in the newest of styles, of best all wool panamas, serges, suitings and voiles. All sizes and all colors to choose from.

Skirts Made to Sell at \$8.75, \$10.00 and \$12.50, On Sale Thursday, at .....

ung woman named Rose Bartonne, who passed as the wife of Bright, on the latter's claim near Imlay, in the eastern part this county. On July 5 Bright was shot dead while at work in a field a mile more from his cabin. No witness to the deed is known. The fact that the tracks of Randall's saddle horse were traced to and from the spot where the body was found, the tracks being identified by the horse having on but one shoe, and from other circumstantial evidence, led to M'ALESTER, Okl., Dec. 2.-Robbers early the arrest and trial of Randall. The testinight Sunday night after she returned State bank at Crowder, twenty miles north the murder, had about \$1,500, which he mony showed that Bright, shortly before from the country and the last Thursday of here, and secured \$3,800 in cash and carried in a small pouch attached to a cord checks. The bank building was demolished. around his neck. Nothing was found in At the sound of the explosion a number of this pouch after the murder, excepting a citizens rushed to the bank, only to be plain gold ring. The main point made by covered by four masked men with drawn the defense was that the bullet found in revolvers. The four held the crowd at the body of the victim was different from bay while their pals proceeded to rob the those that were in Randall's revolver, bank. The robbers then made their escape. which was taken from the cabin soon after

the murder by the sheriff.

Credit for Eczema Cure Belongs to Him

Whether or not Dr. J. E. Currier is entitled to all the credit for discovering that the drug citrox is practically a specific for all forms of skin diseases, it i certain that he was first to publish his discovery in the medical journal. Other doctors may, as they claim, have used citrox in treating eczems, tetter, salt rheum, etc., but if they did not publish their results and Dr. Currier did, they cannot complain if he be given the credit after having thrown his discovery open to the world. At the request of a corresondent we again publish the original directions for using this well-known drug

"Dissolve a teaspoonful pure powdered citrox in two tablespoonfulls hot water Western Theater company. The name of and bathe the diseased skin twice a day, 20 minutes at a time, in this warm lotion. It must be made fresh and used warm each time. Be careful to get the pure drug put up in scaled packages by the chemical works." This new use for an old drug has made a radical advance in the treatment of skin diseases, as it stops the itching at once and dries up the eruptions in a short time.
