

# CORN SHOW BOOSTERS

## Nebraska's Importance

at the National Corn Exposition is worth considering, because Nebraska is one of the greatest agricultural states in the Union.

## And Nebraska Farmers

have prospered within the last few years as those in no other state. Today, to the man who has saved a few dollars in the office or the factory, or to the farmer's son who wants to invest in land where it can be bought at a reasonable figure, and where the crops, within a very short time, will pay for the land, there is no other section of the country which presents as favorable an opportunity as the

## Famous North Platte Valley

The Union Pacific is rapidly pushing to completion its railroad through this valley, and irrigated valley land which today is selling at \$30 to \$50 per acre, will increase within the next few years to \$100 and \$150 per acre. Improved lands along the railroad on each side of the lands we are offering, are selling for these prices today.

We have an excursion every day from Omaha.

Call at our office or write us for a free map of Nebraska showing the location of these lands, and general information regarding the North Platte Valley.

## OMAHA'S WONDERFUL INSTITUTION

Diseases Cured Without Drugs at

## THE BLOMQUIST INSTITUTE

Suite, 230-2-4 Paxton Block.

### WHAT IT IS

The Blomqvist Institute has been established nine years in Omaha and is a thoroughly tried and successful system of treating nervous diseases, rheumatism, stomach, kidney and liver trouble and all acute and chronic ailments. A long list of cures of former Omaha sufferers are to its credit and are offered as reference.

### Dr. Bowen's Telepathic Diagnosis

Dr. Bowen, who is one of the physicians in charge, has spent years of study in perfecting his system of Telepathic Diagnosis. He is able to tell the past or present ailment of any patient by holding their hand in his for a few minutes.

The system of diagnosis is so perfect that it is impossible for the doctor to make an error, and, by his system, he is positively able to tell the nature of any patient's past sickness, no matter how long previous.

### The Treatment

The system of treatment consists of German and Swedish massage, the Swedish medical movement cure, the Naubien movement, Hydrotherapy and suggestive Therapeutics.

Mrs. Dr. Benda will treat ladies who prefer treatment by a lady practitioner.

### Elaborate Facilities For Treating All Ills

The offices consist of an immense suite of private rooms, each fully equipped with electric massage apparatus for treating rheumatism, stomach and liver complaints, nervous diseases and all acute and chronic ailments.

There is the latest improved medicated vapor bath appliances and specially provided room for giving electric and ozone treatments, so beneficial and invigorating to people physically run down.

### HERE'S CHANCE TO GET COIN

Finlander Writes to Omaha People to "Touch" Him.

### WANTS LINE ON GRAIN MILLING

In Course of His Letter He Throws Out the General Invitation, "Never Fail to Touch Me."

Impetuous Omaha residents—if there are any such—should not fail to take advantage of the invitation which Alexander Baltis of Abo, Finland, inadvertently holds out in a letter to the Commercial Club. Mr. Baltis, it will be remembered, wrote here asking for information about Omaha grain mills. In his letter Mr. Baltis expresses his thanks for information received and urges the club to keep him posted, saying, "Never fail to write and to touch me."

The epistle runs as follows: ABO, FINLAND, Nov. 2, 1908.—To the Commercial Club of Omaha, Dear Sirs: Herewith I beg to acknowledge the receipt of your favor of the 24th inst. The contents of which had my best attention and for which I thank you very much. With the same mail I am answering to Mr. T. B. Blake, manager of the Maney Milling company, as well as to the Uplike company of Omaha and would be very much pleased if some business between all came in the near future would result. Please keep the name of my house well before you, and should the occasion be, never fail to write and touch me. Thanking you again for your promptness

and always at your services, I beg to remain, dear sir, yours very truly, ALEXANDER BALTIS.

It is not in the least unlikely that business between Omaha and Abo will result as the outcome of the correspondence. The Baltis firm is one of the largest importers of grain in the Russian empire and representatives of the Omaha companies named said Saturday that the price propositions of Mr. Baltis are such that they can fill his orders.

### BELT LINE DEAL COMPLETED

Bowman-Krantz Lumber Company Will Build New Coal Yards There.

The payment of taxes on several lots at Forty-first and Leavenworth by the Bowman-Krantz Lumber company reveals the fact that negotiations by this company for a site on the Belt line have been completed. The lots are on Vanderkopf terrace, No. 47-23. The Missouri River Lumber company in which G. H. Krantz of the Bowman-Krantz company is heavily interested is said to be negotiating for property on the Belt line. It is said that the Bowman-Krantz company will put in a modern coal yard on the property acquired. This is the third company to buy property on the Belt line within two weeks and it is known that others are contemplating a similar move.

Samuel Ravitz has bought of Sophia Lehman the property at Eighteenth and Chicago for \$2500 now occupied by a small frame house. It is said that Ravitz will build apartments on his purchase. D. J. Riley has sold to Ellen M. Reynolds two lots between Martha and Castellar on Thirteenth street. The consideration is

\$11,000. The building is occupied by a whip factory at the present time.

### HASKELL CASE THE FIFTEENTH

Suit for \$600,000 Alleged Label Against Hearst Is Set for New Date.

The answer day in the case of Charles N. Haskell against William Randolph Hearst for \$600,000 damages has been continued to December 15. The answer was originally set for December 7. The case was first filed in the United States circuit court, November 6. A motion of the defendants to strike the petition from the files because of insufficient verification was filed November 25 and on the same day a motion was filed requiring the plaintiff to separately state the cause of action. No steps have thus far been taken toward remanding the case by the plaintiffs.

### BOTH LEGS BROKEN. ONE GONE

Fate of Council Bluffs Man Who is Run Over by Train in Omaha.

W. A. Smith of Council Bluffs had both legs broken below the knees Friday night when he fell from an Illinois Central train on which he was working in the Omaha yards and had the wheels pass over his limbs. One leg had to be amputated by Dr. Rich, who attended Smith at St. Joseph's hospital. The shock sustained makes the case quite serious and it is not yet known whether the man is out of danger. He has a wife and children living in Council Bluffs.

### SHALL POOR FARM BE SOLD?

Two County Commissioners Oppose Sale of Anything.

### FAVOR SEPARATE INSTITUTIONS

Ure, However, Agrees with the Grand Jury in Advocating Sale of Property Now Used as Poor Farm.

Agreeing with the grand jury in its recommendations that the county hospital and county poor farm be conducted as separate institutions and that the county buy a location some distance from the city for poor farm purposes, members of the Board of County Commissioners do not think it wise to sell any of the holdings in the city at this time. The grand jury in its report recommended the sale of a large part of the land now used for the poor farm, characterizing the retaining of this valuable tract as poor business. The commissioners appreciate the fact that they could secure a much larger block of ground equally as well adapted to the needs of a poor farm, farther from the city for considerably less than what the present location could be sold for, but they think it would be better to hold the land longer and wait for a higher price. "We have this land, it is costing us nothing new; what's the use of being in a hurry about selling it?" said Chairman Kennard of the board. "I would be in favor of hanging onto the land which sur-

rounds the county hospital for twenty years if necessary and then when we do sell it, why, sell it for \$1,000,000. If we hold it long enough we can sell it for enough to pretty nearly wipe out the county debt."

Member Bruning agrees with the chairman in this and says that if the county will construct a pretty boulevard through the land that the land will "go out of sight" in valuation and the county can then sell it at some date far in the future for many times what it would bring now, even though were the land sold today he believes it would bring a good price.

The county hospital is located at Fortieth street and Poppleton avenue, but a short distance from Hanscom park and considerably inside the city limits.

"For my part, I think we might as well sell this property now as any time, and I agree with the grand jury that it ought to be sold," said Commissioner Ure. "We could get a good enough price right now. But there is no use in talking about this question at this time, as nothing could be done for a year any way, even should it be finally decided by the board that the sale of the property would be advisable. It could not be sold without a vote of the people. It would be folly to call a special election for the purpose, and the next general election will not be for a year."

All the board members are in favor of dividing the county hospital and the county poor farm and buying land for the latter farther from the city where a sufficient tract could be secured, comparatively cheap, to make the farming of it worth while. "This system would leave more room in the hospital buildings for those who are sick and enable the giving of better care to them.

### GAS MEN TO MEET IN CHICAGO

Clabaugh and Others from Omaha Will Attend the Commercial Convention.

G. W. Clabaugh, general manager of the Omaha Gas company; E. H. Martin, commercial agent and W. E. Davis, manager of the South Omaha branch of the gas company, will leave Monday evening for Chicago to attend the annual convention of the National Commercial Gas association, which will be held at the Auditorium Annex in Chicago December 8, 9 and 10. The association is composed of the men who represent the progressive American manufacturers of stoves and other fuel appliances, lighting fixtures and supplies. Gas men from all over the country who are interested in the commercial development of the industry will be present. At the same time in Chicago, December 7 to 12, several hundred manufacturers of stoves, appliances and fixtures will give an exposition at the First regiment armory in Chicago, under the auspices of the association.

### BANK CLEARINGS STILL RISE

Omaha Business as Reflected in This Mirror is Steadily on the Increase.

The bank clearings of the Omaha banks as reported through the Omaha Clearing House association continue to show big gains and week after week give indications of a general increase of the business in this section of the country. The clearings for the calendar week just closed show an

increase of \$3,145,065.55 over the corresponding week of a year ago. Bank clearings are quite generally taken as a good barometer of business and the remarkable increase of 25 per cent shows that business interests have gained confidence since the republican victory on election day.

### FREE DISPENSARY FOR POOR

Latest Branch of Social Settlement and Mission Will Be Opened on Monday.

The free dispensary is the newest branch of the Omaha settlement and mission work, two such departments now being maintained in the city. For the last six months the city mission at Tenth and Capitol avenue has dispensed free medical attention. Dr. E. A. Van Fleet being in charge. The cost of drugs is necessarily heavy and for the benefit of the Mission and this department "Oliver Cromwell," presented recently under the auspices of Kountze Memorial church, will be repeated December 17 and 18, at the Lyric theater. Monday the Social Settlement on north Fourteenth street will open a free dispensary. It will be in charge of Dr. James S. Goetz, Dr. J. F. Hyde and Dr. Baylor and will be open between 12:30 and 1:30, Monday, Wednesday and Saturday. Miss Nin Dorsey of the Visiting Nurses' association will also give her services. A small charge will have to be made for the drugs for the present, but other attention will be free.

### Frightful Spasms

of the stomach, liver torpor, lame back and weak kidneys are overcome by Electric Bitter. Guaranteed. 50c. Boston Drug Co.
