In Thousands of Homes Pe-ru-na Is the Family Doctor.

Mr. and Mrs. Plamann and Children.

A Happy Family, Kept Well and Hearty By Taking Pe-ru-na

Mrs. Alvina Plamann, 1719 Walnut street, Milwaukee, Wis., writes:

"I am now able to do my housework again, and have a good appetite. I have used thirteen bottles of Peruna and one of Manalin.

"My husband and children are also in good health. We always keep Peruna in the house. I thank you a thousand times for your advice."

An Enemy to the Home.

CATARRH is the natural climatic enemy of every home.

Over every home hangs the inevitable certainty of catarrhal invasion.

No home is entirely free from it. Every person is subject to it.

It would be no exaggeration to say that two-thirds of the homes of America have suffered more or less from this invisible, almost omnipresent enemy, catarrh.

Peruna is the natural protection of the household.

It is intended to relieve catarrh and catarrhal diseases in any and all of their phases.

Pe-ru-na the Household Remedy.

Mrs. Carrie King, 730 North Cascade, Colorado Springs, Col., writes:

"Peruna has been my favorite and **only household remedy** for nearly five years. I have suffered for years with **biliousness** and **kidney** and **liver** troubles. If I caught a little cold, the pains were increased, and **backache** and **headache** were of frequent occurrence.

"However, **Peruna cured me**—twelve bottles made me a new and healthy woman. For three years I have enjoyed the best of health. I keep Peruna constantly in my home, and if my husband or I catch cold or feel indisposed, a few doses of Peruna never fail to restore us."

The Many Phases of Catarrh.

Catarrh may appear in the housenoid in the form of a slight cold or cough, an attack of la grippe, or even hay fever.

Peruna meets these invasions squarely and repulses the enemy before it gains a foothold.

Therefore, Peruna is a household remedy. Used at the correct time it often obviates the necessity of continued doctoring.

Perhaps in no other way can the wisdom of economy and foresight be so forcibly expressed as in keeping on hand a bottle of Peruna to protect the various members of the family against the encroachments of catarrh.

We have on file thousands of testimonials from head of families, located north and south, east and west.

These letters praise Peruna for its efficient protection of the family against catarrh.

Mother and Children Depend on Pe-ru-na.

Mrs. J. F. O'Connor, 460 S. California Ave., Chicago, Ill., First Soprano, Areal Singing Society, writes:

"For a number of years I had suffered from **catarrh** of the **head**, and while some of the remedies helped me a little while taking them, they did not cure me permanently. My child was also **sensitive to the cold** and every little draught gave her a cold in the head, and it used to worry me a great deal.

"I one day heard what a wonderful medicine Peruna is and what it has done for others, so I bought a bottle and tried it. I could hardly realize my good fortune, when, before I had taken a whole bottle of it I felt like a new woman. I took it for some time longer and also gave some to the baby and she **improved as rapidly** and as **permanently** as I did.

"I cannot say too much for Peruna."

Uses Pe-ru-na in His Family

Mr. Frank W. Harris, box 23, Basie City, Va., member of A. F. & A. M., writes:

"I have **used Peruna in my family with every satisfactory results** for the last two years.

"Besides, I have recommended it to all whom I think are in need of it.

"I urge all who are afflicted to buy a bottle and begin its use at once.

"I have never heard of any who have used it to be dissatisfied with the results."

Hay Fever, Coughs and Colds.

Mrs. Lena O'Bryne, 626 Madison St., Topeka, Kan., writes:

"We have used Peruna in our household for a good many years.

"I took it for a cough and a tonic. My husband used it and thinks there is nothing like it for hay fever from which he suffered for years. I also give it to my children for coughs and colds, and my daughter, Mary, was **cured of catarrh** of the head by Peruna."

DIXON WILL BUILD OF BRICK

Outcome of Withnell's Refusal to Obey Council's Orders.

NO FRAME STRUCTURE AFTER ALL

Sound Building Is the Reward for Not Joining Council in Violation of the City Ordinances.

Through the refusal of City Building Inspector Withnell to abide by the unlawful orders of the democratic city council and to issue a permit for the erection of a frame warehouse within the city limits, E. W. Dixon, president of the Orchard & Wilhelm company, has decided to erect a permanent brick structure instead. Mr. Dixon is now having plans drawn for the building and expects to start excavation Monday.

The building will be erected at Eighteenth and Marcy streets and will cover ground space of 50x80 feet. It will be two stories high and basement and will be fire proof in every particular. The warehouse will be used for storing and sorting paper.

The original plans called for a frame building 50x100 feet. Mr. Withnell refused the permit on account of the location being within the fire limits. The petitioner then went to the council and that body passed a resolution ordering the building inspector to issue the permit. This that official refused to do as the charter flatly forbids such action.

Mr. Withnell has also scored in another particular. This is in the condemnation of the Cambridge hotel at Thirteenth street and Capitol avenue. The condemnation was strenuously contested by the owner of the property, the S. D. Mercer company, and suits for damages was filed. Upon the refusal of the council to entertain the payment of the damages asked for, the owners of the building have begun razing it. Ten men were put to work tearing down the building Saturday.

These permits for new buildings have been issued:

Douglas county, Fifth and Bancroft streets, brick hospital building, detention home, $3,500; Douglas county, Fifth and Bancroft streets, brick boiler and laundry house, detention home, $3,000; Douglas county, Fifth and Bancroft streets, brick addition and alteration to brick building, detention home, $10,000; Beck & Christenson Co., 2406 Caldwell street, brick store, $2,500; L. Landen, 2215 Spencer street, frame dwelling, $2,500; Groves-Wharton Construction company, Fifteenth and Emmet streets, cement stone factory building, $2,300; R. Paul, 2334 Seward street, frame dwelling, $1,800; Payne, Bostwick & Co., Twenty-ninth street and Ames avenue, frame dwelling, $2,500; O. C. Redick, 1508-10 Harney street, alteration to brick building, $800; Chicago, St. Paul, Minneapolis & Omaha Railway company, Fourteenth and Paul streets, alterations to frame ice house, $2,000.

preached the funeral sermon. A paralytic stroke over a year since was the cause of death.

FALLS CITY—Mrs. Irving E. Baxter and little son William of Lawrence, Kan., are here this week visiting friends. Rev. Mr. Baxter is well known and has many friends in Omaha and the eastern part of the state, made when he was one of the clergymen in the diocese of Nebraska. He is now rector of Trinity church, Lawrence, Kan., where he has been for seven or eight years.

GRAND ISLAND—Attorney Hamer of Kearney, who defended W. T. Turley four years ago, when the latter was tried on the charge of shooting and killing Norman Bliss, near Shelton, was in the city yesterday in the interest of a petition for the pardon of Turley, who was convicted at a second trial and sentenced to seventeen years in the penitentiary, the jury having returned a verdict of murder in the second degree. Turley at the time of the trial alleged that the shooting was committed in self defense. The first trial resulted in a disagreement, eleven jurors being for conviction and one standing for acquittal.

GRAND ISLAND—For some unaccountable reason—though lack of promotion work may have something to do with it, the farmers' institutse in this city have never been well attended and this year is not an exception to the rule. The boys and girls' corn raising and domestic science associations, however, are showing increased interest. In connection with the farmers' institute they hold an annual exhibit and this year the number of exhibits has increased 200 per cent over last, the total number being 194. Good lectures are provided for the farmers, but the attendance yesterday in the day time was only twenty-five and in the evening only six persons.

PIERCE—A banquet was served in Pierce last night by the women of the Woman's Christian Temperance union, which was an innovation in that line. This organization, under the direction of Mrs. E. J. T. Connelly, as president, has set about to give a series of banquets to bring certain persons together where, over the banquet board, they will be shown that their efforts are appreciated. The first banquet, held last night, was given to the high school to give them an idea that they are to be commended for struggling for an education and to give them an added impetus to forge forward for a higher education. Banquets to the same classes will be given at intervals, and in the meantime banquets will be served to those helping in the reading room and other commendable enterprises, and in this way it is planned to bring those citizens of the town who are disposed to upbuild society into closer union and instill the most friendly feeling on the part of all interested in the welfare of the community at large.

FULLERTON—The dedicatory services of the new Methodist Episcopal church at this place will occur next Sunday. A full chorus and orchestra will furnish the music and Bishop Robert McIntyre will have charge of the services. At 9:30 a. m. there will be a love feast in the Sunday school room, while Mrs. F. A. Shawkey will meet with the children in the league room. At 10 a. m. Bishop McIntyre will preach. At 2:30 p. m. will occur the baptismal service for children, and in the afternoon Rev. J. L. Vallow of Alliance will preach. The Epworth league will be led by Rev. Ward Morse, and Rev. Dr. W. D. Parr of Kokomo, Ind., will preach in the evening.

DAKOTA CORN MEN COMING

Growers Will Bring Fine Exhibit to Omaha for Big Corn Show.

SIOUX FALLS, S. D., Dec. 5.—(Special.)—The corn growers of South Dakota are taking great interest in the National Corn exposition to be held at Omaha on December 9 to 19, and will make a desperate effort to capture first place in the corn contest.

A special train recently passed through the eastern part of the state for the purpose of conveying to Omaha the exhibits from South Dakota. W. F. West, foreman of the experimental station at the South Dakota Agricultural college at Brookings, made a trip to the substation of the college at Highmore, where he selected samples of corn raised there which will form a part of the experiment station exhibit at the Omaha exposition.

Samples of grain also were gathered by him at the substation and forwarded to Omaha with the exhibits of corn. Experts from the State Agricultural college will have charge of the South Dakota exhibit. Mr. West states that he expects South Dakota to be in the front rank. Last year at the Chicago show South Dakota won first place in the corn contest over other northwestern states, and it is hoped to duplicate this performance at Omaha.

In addition to the exhibit made by the State Agricultural college there will be exhibits by numerous individual South Dakota corn growers—men who are experts in growing corn of exceptional yield and quality.

In the early days of settlement it was believed South Dakota was outside the "corn raising belt," but experience has demonstrated that the corn raised in the south half of eastern South Dakota cannot be excelled elsewhere in the country.

The corn crop raised in South Dakota this year was one of the largest and best ever raised in the state—reaching the enormous total of nearly 76,000,000 bushels—and those who inspected some of the exhibits prior to their shipment to Omaha express confidence in the state being able to make an excellent showing at Omaha, with every chance that South Dakota will capture first place for the excellence of its exhibit of corn and grains.

UNEMPLOYED SUFFER MUCH

Seven Million People in Great Britain Endure Hardships for Lack of Labor.

WASHINGTON, Dec. 5.—Over 7,000,000 human beings in Great Britain are enduring hardships and want through unemployment and the general federation of trades unions has advised all union men to refuse to work over time, reports Consul General Wynne of London. The federation points out that for every skilled workman out of employment two unskilled men are workless. It urges the employment of surplus labor by national and municipal work and recommends the establishment of a national department of labor whose head shall hold a cabinet portfolio.

CHANCE FOR MORE BLOODSHED

Republican Political Campaign in Kentucky District Revives Powers and Golden Bitterness.

LEXINGTON, Ky., Dec. 5.—The republican political campaign in the Twenty-seventh judicial district, composed of the county from which most of the men alleged to have been concerned in the Goebel murder conspiracy came, closed with election today. Bloodshed is feared as a result of enmity between the Caleb Powers and Captain Ben B. Golden factions before night. Golden is a candidate for commonwealth's attorney and is friendly to the interests of Congressman D. C. Edwards. The candidacy of Golden has caused the fight of Powers and followers against him and the Goebel conspiracy has been revived and partisan feeling stirred to fever heat. Powers and Golden on the stump have indulged in bitter personalities.
