Men of Omaha Income

Save. We realize that for every man of wealth there's a thousand sons of toil---for every millionaire's "brown stone front" there are thousands of humble abodes of salaried men. That's why we lend every energy to the service of salaried people---to those who delight in saving money. We want your trade---if you are a man of ordinary means and want to get the most for your hard-earned dollars. We want to save you money---save you every dollar we can. We're dead in earnest in this---thoroughly sincere. We claim to undersell, and WE'RE MAKING GOOD.
