EARLY FRUIT LANDS
IN BEAUTIFUL CALIFORNIA.
We have made arrangements to handle a large tract of the best fruit lands in the San Joaquin valley, in beautiful California, about 175 miles north of Los Angeles. This land is level, has deep rich soil, close to Bakersfield, the oil field district. The price of land is 250 to \$70 an acre, in ten-acre tracts and up, water guaranteed.
Terms: One-third to one-tenth cash, balance monthly or yearly payments. You should not miss buying a piece of this land. Start in now making payments, in a short time you will have your land paid for.
This same land if set out in orange trees, grapes or peaches, is worth from \$500 to \$1,000 an acre. So you can see even a ten-acre tract will make you independent, and live in a beautiful climate all the year round. Send for our booklet, glving full particulars. In case you go to look over the lands we are offering, and if there is anything misrepresented in the booklet, all expenses you have been to will be refunded. You can make more from ten acres in fruit in California than from 160 acres in grain here. Special low rates to buyer.
