BIG BUSINESS ON WHEELS. Romance and Reality of American Railroad Traffic.

MONEY MADE AND DISBURSED. Vast, intricate and diverse systems of Transportation Industry, with Earnings, Profits and Workers. The biggest business in the country is railroading.

Where Freight Comes From. A word as to where all the freight comes from. More than half of all the tonnage carried on the railroads is the product of the mine—a third is coal and coke.

A Billion-Dollar Pay Roll. Now, let's see just how the \$4.00 out of every \$100 of railroad revenue is distributed among the railroad workers:

Table showing the distribution of wages among railroad workers. Categories include Shipmen, Trackmen, Trainmen, Engineers, Conductors, Firemen, etc.

Third Largest Railroad Army. The train crews, with 250,000 engineers, firemen, conductors and trainmen, make up the third largest railroad army.

From the viewpoint of the 1,000,000 workers, let us see how it looks to the owners. The railroads earned last year, \$2,800,000,000. The small end of the railroad business is the passenger traffic.

But the 2,000,000 freight cars are the big earners. They brought in \$2,800,000,000 last year, five times as much money as all the gold mines of the country produced.

Where Freight Comes From. A word as to where all the freight comes from. More than half of all the tonnage carried on the railroads is the product of the mine.
