FIRST BATTLE OVER RULES

"Insurgents" in House Almost Carry Point for Revision. SPEAKER IS BARELY SUSTAINED. Congressman Gardner Brings Up Question on Privileged Motion, but Whole Proposition is Finally Killed.

WASHINGTON, Dec. 15.—At the outset of the proceedings in the house of representatives today the roll was called on a motion by Mr. Gardner, republican of Massachusetts, to discharge the committee on foreign affairs from further consideration of the resolution calling on the secretary of state for a statement as to whether he has in his possession information as to whether or not the British House of Commons has appointed a committee to report on the advisability of changing its rules and that the resolution be considered by the house.

Loan Talk

The lowest interest rate in name does not always mean the lowest interest rate in fact. Borrowers on the straight-loan plan are but rarely ever ready to repay the loan at the end of the period for which it is borrowed. As a rule, upon the maturity of the debt, they are obliged to extend same for another period of five years, at the expense of another commission and considerable additional cost.

Loans on our plan are constantly reduced by monthly payments and require no renewal. The average of our borrowers pay off their loans very much more quickly than those who take straight loans, and by so doing they get rid of the debt and actually pay out a less amount of interest than do borrowers on the ordinary time-loan.

We are ready to accommodate all borrowers offering satisfactory security. Resources, \$8,250,000. Reserve, \$80,000.
