DIAMONDS

One cannot tell the comparative value of diamonds by reading descriptions of themthey must be seen.

A 1/4-carat might be dear at \$20.00 and another of same weight be cheap at \$40.00. This is one of the reasons why we give a written guarantee to refund 90 per cent of amount paid within one year. We have them loose and mounted in rings, brooches, ear screws, lockets, cuff buttons, stick pins, from \$5 to \$1,200. Step in and let us show the 71/8-carat at \$1,200. OPEN EVENINGS.

When your stomach goes on a strike

We Gibbs who resides in the western part of the city, left a phaseton out in the yard, after having come from a drive and covered the same up. The next morning there was nothing left of the rig but the irons, as the same had been covered with oil during the night and set fire. No one witnessed the fire and it is supposed to have been done in the early morning. Once the property was made to burn this rig, but the fire smothered out, it being a damp night.
