SUPERIOR TO THE DREADNOUGHT

Latest Built Ships Are Superior to Latest of British Design-Answer to Reuterdahl Criticisms.

NEW YORK, Dec. 15 .- That the lates! battleships built by this country are vastly superior to England's Dreadnought is emnatically stated by Rear Admiral Robley D. Evans in a magazine article, wherein he strongly defends the American navy and replies to criticisms of it made some time ago by Henry Rueterdahl and others. do not for a moment claim that the Indiana and its sister ships are equal to the Dreadnought of the English navy, says Admiral Evans, "only that it is the equal of the English ship designed at the same time. HARRIMAN BUILDS GREAT POWER

Brings Road from Bankruptcy to Pinnacle of Earning Capacity and Makes Financiers Take

The Union Pacific common stock carned for its holders 16.23 per cent during the last is simply that tes parties are much more fiscal year which, in face of the financial troubles, shows what a great money making machine E. H. Harriman had made sit on the floor instead of on fragile, unout of the Union Pacific in the short space of ten years. The report shows that the my house what was probably the first sitforesight of the management when the 10 per cent dividends on common stock was declared was most keen as the officers evidently know what the Overland could do. In speaking of the wonderful strides of he Union Pacific and especially after the notice of the 10 per cent dividend, the Walf Street Journal says:

Street Journal says:

Since then it has been subjected to vigorous government investigation and attack. Its executive head has faced almost continuous criticisms. But he never answered back-simply "sawed wood." Today the majority of public opinion believes that that long and vigorous criticism was misrepresentation. During the late year a universal panic and business depression, which disabled banks, corporations, dividends and prosperity, have swept against the Union Pacific. No greater tribute to the wisdom of its management and the strength of the property could be given than that from all "it these things it emerges today with the strongest exhibit that an American railway has ever produced.

Earnings for Dividends.

The report shows that the Union Pacific earned \$35,719,399 for dividends, which after paying \$3.981.951 on preferred dividends left balance applicable to common dividends of 16.23 per cent on \$195,487,900 stock.

During the year the Union Pacific sold \$9.072,360 per value of Great Northern preferred, \$4,040,000 Northern Pacific common and \$690,000 subscription certificates to Northern Pacific stock. The total proceeds of sales of Northern Pacific, Great Northern, etc., stocks to June 30 last was \$124,-752,984, leaving profits, over the original John D. SQUARE-DEAL

Is assured you when you buy Dr. Pierce's family medicines-for all the ingredients entering into them are printed on the bottlewrappers and these are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless-even to the most delicate women and children.

Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles in them, viz .- pure triplerefined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or other organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chro Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures even the

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on-coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages-no medicine will do that-but for all the obstinate, chronic coughts, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

To find out more about the above mentioned diseases and all about the body in health and disease, get the Common Sense Medical Adviser—the People's Schoolmaster in Medicine—revised and up-to-date book of 1000 pages—which treats of diseased conditions and the practical, successful treatment thereof.
