NOTES ON OMAHA SOCIETY

Woman's Club Current Topics Department Entertains Husbands.

CORN SHOW SPEAKERS HONORED

Invitations continue to come for affairs for school set while at home for Christmas holidays—social guests.

An enjoyable musicale and impromptu entertainment was given Tuesday evening at the home of Mrs. Thomas Hagen by the members of the Current Topics department of the Woman's club. The rooms were decorated with cut flowers and palms and the latter part of the evening coffee and tea were served in the dining room where a pretty decoration of yellow and white was used. The color scheme was carried out in candles and flowers. Mrs. Edward Johnson, president of the Woman's club was in charge and assisting at the table were Mrs. Mary G. Andrews and Mrs. C. H. Chism. Assisting through the rooms were Mrs. Johnson and Miss Brown were Mrs. Vincent, Mrs. E. L. Stone and Mrs. T. R. Ward. Taking part in the musicale program were Mr. J. G. Jones, pianist; Miss Blanch Sorenson, soprano; Miss Emily Cleve, violinist; Mr. Lucius Pryor, tenor; and the accompanists were Mrs. Edith L. Wagoner, Miss Georgia Ellisberry and Miss Grace Hancock. Following the program, Mrs. Nellie Kedzie Jones of Kalamazoo, Mich., gave the story of "The Other Wise Man," by Henry Van Dyke, in connection with the hospitality of the Omaha people to the out of town guests.

Mrs. H. L. Keeffe ex-stated president of the Federation of Women's clubs and Mr. Keeffe each gave a short talk. After which Mr. Edward Johnson was called upon as "Mr. Johnson, the husband of the president of the woman's club," whereupon Mr. Johnson gave two appropriate poems, one entitled "The Club Woman's Prayer." Dr. C. W. Hayes gave a short talk, finishing a most pleasing entertainment. About 100 guests were present.

COAL MEN KICK ON TRAFFIC

Iowa and Nebraska Dealers Say Roads Are Not Fair.

WANT RECIPROCAL DEMURRAGE

Propose that Railways Shall Furnish Cars for Loading Within Five Days from Time Ordered or Be Fined.

Coal dealers of Iowa and Nebraska, in session at the Home hotel Wednesday, discussed a reciprocal demurrage bill and considered how best to "get even" with the railway companies which they believe are not giving them a square deal. H. L. Laird of Marshalltown, Ia., secretary of the association, drew up a proposed bill to be presented to the state legislatures of the two states and the bill morning was taken up in discussion.

The proposed bill provides that the railroad companies shall furnish cars for loading within five days from the time ordered or be subject to a fine of \$5 a day per car for delay; for the movement of cars of not less than fifty miles a day beginning within twenty-four hours from the time the railway company is furnished with the bill of lading, or be subject to a fine of \$5 for every day that a run of fifty miles is not made; and providing for additional time for unloading cars of large capacity. Under the present rules all cars must be unloaded within forty-eight hours, but the proposed bill provides that seventy-two hours shall be given for unloading cars having a capacity of more than 60,000 pounds.

The bill, together with several amendments offered, was referred to the traffic committee, composed of S. S. Caldwell, Omaha; John Dorgan, Lincoln; C. S. Brown, Atlantic Ia.; and M. A. Moore, LeMars, Ia. On account of the length of the bill and the importance of the questions discussed the committee was not required to report to the convention, but will go over the proposition thoroughly and present the finished product to the two legislatures. The members of the association will talk with the representatives from their districts and endeavor to get them interested in the demurrage bill.

Time for Unloading.
George W. Baldwin of Crete offered a couple of amendments, one to provide that the time for unloading shall not begin when notice is given, and the other that when a dealer unloads a car within the time limit, the time saved shall be applied on another car. For instance, if a car is unloaded within thirty-six hours, credit for the twelve hours saved shall be allowed on the unloading of another car.

Another amendment was offered which requires the railway companies to pay 50 cents a ton more than the cost price for all coal confiscated during blockades and also requiring the payment of 10c per car for failure to notify the consignee within twenty-four hours of such confiscation. There was some discussion regarding the advisability of prohibiting the railways from confiscating coal for any purpose other than operating mail trains, but this proposition was lost.

About 100 coal dealers from the two states attended the meeting, which was the semi-annual convention of the Coal Dealers' Association of Iowa and Nebraska. Among those present were President George Gregory of Marshalltown; Vice President H. T. Folsom of Lincoln; Secretary H. L. Laird of Marshalltown; and the following members of the executive committee: W. W. McFadden, Waterloo, Ia.; W. J. White, Plattsmouth; and C. H. Chism, Omaha.

VAN COURT PAID FOR ROAD

Allowed Six Thousand Dollars by County Board in Absence of Law on Matter.

In the absence of a law prohibiting it from doing it, the county board has allowed E. D. Van Court \$6,000 for repairing Center street paving from Thirty-sixth to thirty-second streets adjacent to the county poor farm. As a question as to the legality of the payment may be raised the warrants will be held ten days to allow any taxpayer to object.

The county board ordered the work done in order to put the road along the poor farm in the same condition as the road on both sides of it. Mr. Van Court did the work, but when it came to paying for it the question was raised whether the county could do paving work inside the city limits, except intersections. County Comptroller Solomon raised this question when he passed on the claim. County Attorney Magney was appealed to and he said there seemed to be no law prohibiting the board from paying for it, so the board passed the claim.

The board granted alone license to August Wolf and George H. McGrade on West Dodge street.

Ure voted against the issuance of the license.

CHICAGO MEN PRAISE SHOW

"Great," They Say, and "Omaha is the Natural Place for Exposition."

"You can't boost the National Corn exposition too strong, for it deserves all that has been said and all that might be said," asserted Grant Ridgway, assistant general manager of the Northwestern Yeast company of Chicago, who visited the exposition with the Chicago grain dealers and Board of Trade. "This seems to be the logical place for holding such a show. Here we have long lines of farmers, trying to learn how to improve their crops, and this was more noticeable than at the Chicago show last year. You may know it pleased me when I tell you I am staying over a couple of days longer than I intended, that I might have an opportunity to see as much as possible."

"The National Corn exposition is a big thing for the farmer, a big thing for Omaha and a big thing for the country," said J. C. Murray, manager of the grain department of the Quaker Oats company, whose headquarters is in Chicago. "The people of Omaha certainly have shown great enterprise in organizing a show of such proportions, and I am glad to see it is being appreciated by the large attendance."

"I would like to see this show made a permanent feature, so that the farmers may look forward from year to year to some place to take their products to compete for the prizes and also for some place where they know they can go and learn something to their advantage."

About fifty of the visiting grain dealers were impressed with the National Corn exposition that they decided to remain over a day longer than they had anticipated to have a better opportunity to look more thoroughly into some of the exhibits. Some of the members from Chicago went to Lincoln with the St. Louis dealers, who returned Wednesday evening to spend the evening at the exposition. The St. Louis men will then spend Thursday in Kansas City. Those who remained over visited the Omaha Grain exchange Wednesday morning and nothing but words of praise were heard from these visitors for the corn exposition.

SHOOTS SELF IN THE MOUTH

Young Farmer Attempts Death as Result of Too Much Smoke and Drink.

Financial troubles brought on by the excessive use of cigarettes and liquor are given as the cause of the attempted suicide of William Tappe, a young farmer who lives with his wife on their newly purchased place on the Military road, half a mile northwest of Benson. Setaing a loaded shotgun when he entered the house about 5 o'clock Tuesday evening, Tappe placed the muzzle in his mouth and pulled the trigger, in spite of the frantic efforts of his wife to prevent the tragedy.

Although the roof of his mouth and half his face was torn away by the heavy charge, and several shot penetrated the brain tissue, Tappe still lives, although Dr. Hall and Haber of Benson say that death will ensue within twenty-four or forty-eight hours. The man is entirely conscious and talks intelligently.

The couple have no children. Tappe is 24 years old. It is said by friends of the couple that they never quarreled further than Mrs. Tappe's remonstrances with her husband for drinking. He was intoxicated somewhat at the time he attempted suicide.

NO REST FOR MAIL CLERKS

Christmas Rush is Too Great to Permit of Holiday Lay-overs.

With the approach of the holidays the railway mail clerks of the Omaha district will have to forego their usual layoffs and do extra duty to help out in the holiday mail rush. This order will affect about 135 of the railway mail men in and about Omaha who are ordinarily granted layoffs from one to three or four days after having completed their regular trip runs. The Omaha & Ogden fast mail train No. 9, which has but fourteen clerks on the regular daily runs, will be given seven additional extra duty men to help out on the holiday rush. An additional twenty-five clerks have been assigned to duty in assisting in handling registered mail matter between the postoffices and different stations. The extra labor imposed upon the railway mail clerks will only extend to December 26. W. S. Foxwood has been transferred from the Omaha & Chadron division to the

POTTER WINDS UP AND QUILTS

Receiver Pays All Creditors of Omaha Loan and Trust Company in Full.

By an order signed by District Judge Kennedy the affairs of the Omaha Loan and Trust company have been closed up and William K. Potter, receiver, has been discharged.

There still remains \$236.72 belonging to the creditors who have failed to call for their money. The court ordered this amount paid over to the district clerk with the names and addresses of those to whom it belongs and he will pay it out when it is called for. The order also approves all acts of the receiver and permits him to destroy such of the records and correspondence as are of no further use.

The company failed about six years ago, but under the receivership of Mr. Potter the creditors have been paid in full and the income on the property in his charge has more than paid the expense of the receivership.

NEW DIRECTOIRE CHEMISE

It is a Combination Garment of Corset Cover and Petticoat.

The daintiest things imaginable are being shown in chemise for wear with the long, hipless corset. The elimination of the petticoat necessary to secure the approved effect with the sheath gowns has necessitated an extension of the chemise to the shoe tops and this, with the silk drop top quite sufficient. In consequence the skirt of the new chemise is most elaborate. The garment is made of the softest, finest, most clinging material and is elaborately lined with lace inserting. A filmy, scanty flounce may finish the foot of the skirt. But unlike the chemise of past seasons, this season's model—the directorie model—is worn outside instead of under the corset and the waist is a loose fit serving as a corset cover. This hides the lines of the corset and at the same time preserves the slim, clinging effect.
