If its made of tobacco, I have it

It is a well known fact that to get the best of anything one must go to the store that makes a specialty of that one thing. It is ill-advised to purchase cigars anywhere but at a cigar store, and then only in the best.

George Roger's Cigar Store Is the Acme of Perfection

It is the largest, most modern and completely equipped store in the west, and carries the greatest line of Standard Brand Cigars ever offered by any dealer.

You can readily see the advisability of presenting well known standard brand cigars

There is nothing so good as a Good Cigar and nothing so bad as a bad one. In presenting cigars one cannot make a greater mistake than to give an unknown brand—a smoker will not appreciate them. Every cigar in this store is of a make that is standard the country over, and every smoker recognizes its quality on sight.

Buy your cigars here and the recipient will know you purchased the finest that money could buy

Ladies will find it just as pleasant to shop here as at a regular store for ladies

Only standard brands of cigars sold in this store and advertised on this page--Each will make acceptable and pleasing presents
