DIVERGENT VIEWS ON MESSAGE

Governor Shallenberger Has Not Satisfied Many Democrats. (From a Staff Correspondent.) LINCOLN, Jan. 9.—(Special.)—While a part of Governor Shallenberger's message ralls some of the members, and one portion suits possibly all of the members, all of the message lacks a whole lot of sitting all of the members—speaking especially of the democrats. The version to which no opposition has yet developed among those members who are here is that which provides for the election of pre-empt assessors instead of their appointment by the county assessor.

love I am opposed to his idea of the

love I am opposed to his idea of the bill to guarantee bank deposits. Without having given the matter the primary law would say the proposal to limit the liability of the banks to a levy of not more than 2 per cent in one year in case of bank failures is wrong. That would create a fund in the neighborhood of \$3,000,000 on a total deposit in state banks of \$60,000,000. Should one large bank fail it would wipe out that fund. In my opinion that would not create a guaranty of deposits. While I heard the message read I have not yet gone into it thoroughly. The other recommendations seemed all right, but I will study the message as soon as I get the time. Mark of Kearney: "I want a definite time set in which losses in case of a bank failure are to be paid. I am opposed to that word prompt. Thirty days or something like that would be all right with me. But I want the time definitely settled." J. E. Miller, Lancaster: "I endorse everything recommended by Governor Shallenberger. We will enact a law to guarantee bank deposits that will please the people and to which the bankers will offer no objections." Snyder of Harlan: "I have not looked into the message yet. So far as the primary law is concerned there is objection to it in the western part of the state, though I suppose the members from the east portion of the state are in favor of it. I do not know the sentiment of the members sufficiently to say whether it will be repealed or amended." Speaker Pool had not had time to make a careful study of the no wagoerner's message, but he said he was in full accord with the sentiments expressed and thought the suggestions of Governor Shallenberger and pass the acts suggested. "We want a bank guaranty law," said Speaker Pool. "There will be no trouble about its passage in the way the governor suggests." Representative Soren Fries of Howard county thought the bank guaranty was the whole of the governor's message. "We are going to have a guaranty that guarantees," said A. Brown of Sherman: "I am in favor of repealing the primary law. The people in our country do not want it. I disagree with the governor in the matter of guaranteeing bank deposits. I want a provision for the immediate payment of losses." "Some of the recommendations of Governor Shallenberger I like, while in others I think he is mistaken," said ex-Speaker Dan Nettleton. "I made my campaign on the bank guaranty question and that enabled me to win out in my district. I think

It is a matter that is coming sooner or later.

The governor unconsciously pays a compliment to the last session of the legislature when he says there is not much legislation the present session needs to pass. I think the record of the session two years ago and the members themselves were remarkable and the fact that the incoming administration cannot find much to add speaks well for the work of the republicans.

NORTH CAROLINA REFUND BILL

Warm Debate Expected to Occur, as Opinion is Much Divided Over the Question.

PIERRE, S. D., Jan. 9.—(Special Telegram.)—The North Carolina bond question will be before the senate as a live issue for a time, Senator Dillon today presenting his bill to refund to that state the money received from North Carolina on the suit on the Shaeffer bonds. He has secured it as a special order in the senate for next Thursday, and as there is a decided difference of opinion on the proposition a warm debate can be expected. In the house the clerk list selected for the session was E. M. Wanbaugh, J. W. Blount, Howard Seaman, C. J. Anderson, Frank Wynia, R. R. Pember, Ole Rasmussen, Herman Bode, J. B. Clendennen, J. H. Mehrent, W. H. Deeth, W. W. White, Oscar Killness, Frances Kenney, L. M. Anderson, J. B. Morse and C. L. Gleason. The senate bills of importance today were to fix maximum rates for express companies and the North Carolina refund bill. In the house the principal new bills were the pure food bill drawn by Pure Food Commissioner Wheaton, prohibiting drinking on trains and giving all train employees police power to stop the same; the creation of a new judicial circuit west of the Missouri river, and a resolution to submit to the people the increase of the salary of the attorney general to \$2500 a year.

TWO-TO PASS ON COMMITTEES

University and Normal Schools—Gerdes of Richardson. Public Printing—Bates of Cass. Insane Hospitals—Pflger of Stanton. Corporations—Taylor of Clark. School Lands—Worthing of Vance. Miscellaneous Subjects—Gregg of Platte. Claims—Snyder of Harlan. Live Stock—Harrison of Brown. Revenue—Datus of Sapp. Rules—Speaker Pool of Johnson. Labor—Howard of Douglas. Other Asylums—Broderick of Clay. Public Lands and Buildings—Kuhl of Cedar. Agriculture—Schoetger of Washington. County Boundaries—Humphrey of Lancaster. Internal Improvements—Brown of Sherman. Constitutional Amendments—Holmes of Douglas. Revenue and Taxation—Roberts, Johnson of Hart, Begole, Taylor of York. Insurance—Raines of Brown, McColl, Telegraph and Telephone—Begole, Barrett, Rathbuck. The reported fix up of committees by the majority of the standing committee has stirred up a big rumpus and a minority report is promised at the caucus Monday afternoon. The meeting last night was a red-hot affair and the fact that Judge Shobaker was left out of the chairmanship of the judiciary committee after it had been promised him, will make trouble, providing Mr. Bryan does not find a way to soothe the defeated ones.

MAY HAVE COME TO NEBRASKA

Minister Charged with Butchering Browning Thought to Have Started for Benkleman.

PORT HURON, Mich., Jan. 9.—It became known here today that Rev. John H. Carmichael, minister of the Battle Run Methodist church, in which Gideon Browning was butchered last Tuesday night, bought a ticket from Port Huron to Chicago the day after the murder and presumably left for that city. With the identity of the murdered person cleared up yesterday afternoon every effort today was toward discovering the whereabouts of Rev. Mr. Carmichael and uncovering a possible motive for the crime. The idea seems to prevail that if the minister preacher perpetrated the butchery it must have been insanity which impelled him to it. The ticket agent at the Grand Trunk railway tunnel depot noticed a man clad in a fur coat and with a close cropped beard coming into the depot early Wednesday morning. He bought a ticket for Chicago, leaving shortly after 5 o'clock. When shown Carmichael's picture the agent could not positively identify him as the purchaser of the ticket. Two of the most generally accepted possibilities are to the effect that the minister might have been led by a disordered brain to make his way back to his old home in West Virginia or his former pastorate in Benkleman, Neb. The Detroit police today examined the two novels which Carmichael had written and found in them many melodramatic references to violent death. In one place the stories described the burning of the bodies of two men. Theorists claim to see in these manuscripts corroboration of their idea that the preacher had become unbalanced and had thought much of killing.

GRAND JURY NAMES ROWLAND

California Banker Caught in Spite of the Shortage.

SANTA ROSA, Cal., Jan. 9.—Edward S. Rowland, formerly cashier of the Bank of Headburg, has been indicted for alleged shortages in his accounts of \$12,000. In his statement to the bank examiners several weeks ago he admitted being short \$12,000. Following the disclosure of the shortages in its accounts the Bank of Headburg sold out to the Farmers and Mechanics bank a few weeks ago. By an agreement then entered into between the directors of the bank and William Rowland, father of the cashier, it was understood that young Rowland was not to be prosecuted, his father, who is very wealthy, agreeing to make good the shortages. Still, the action of the grand jury was not entirely unexpected.

HARRIMAN NOW KING

(Continued from First Page.)

to start straight for Lincoln from the Lane cut-off, just west of Seymour lake. May Use Rock Island. The Marysville cut-off is about 80 per cent completed and it will not take long in the spring to finish the line. Rumor has it that the Union Pacific will try to get trains in operation between Omaha and Kansas City as early as possible, and to do that may use the Rock Island lines between Omaha and Lincoln. Where the feeders will be built is not known at the outside, but that several are planned is certain. With the building of the Panama canal the Union Pacific probably would lose considerable of its profitable through business and then would have to rely more on feeders, and thus would the plan of the railroad be changed. As the country settles up these feeders are becoming more and more profitable. Wyoming is also looking for Harriman to invade that state with some more lines. When the line is built to Northport it will be a shorter run into the rich country to the north which is now under the control of Hill and which will be more so when he takes over the Colorado & Southern. With the vast irrigation enterprises now under way and the state settling up at a rapid rate, Wyoming will demand more railroads by the merits of the case.

SAVANTS SEARCH FOR PLANETS

Harvard Professors Trying to Find New World Located Beyond Neptune.

CAMBRIDGE, Mass., Jan. 9.—The search for the planet which is believed to be beyond Neptune is being actively pursued at the Harvard astronomical observatory by Prof. William H. Pickering and his assistants, who said today that there was a possibility that their efforts may be rewarded within the next few days. The search is being made through a careful study of some excellent photographs of the region where the planet is supposed to be.

What Postum has done for thousands in health-profit it will do for you. "There's a Reason."

The Mission Of those corpuscles in your blood that have been called "Little Soldiers," is to fight for you against the disease germs that constantly endanger your health. These corpuscles are made healthy and strong by the use of Wood's Sarasparilla. This medicine is a combination of more than 20 different remedial agents in proportions and by a process known only to ourselves and it has for thirty years been constantly proving its worth. No substitute, none "just-as-good."

TREMOR ON MEXICAN COAST Western Part of Country Shaken by Earthquake Which Does Little Damage. MEXICO CITY, Jan. 9.—The entire western coast of Mexico was shaken by an earthquake yesterday which was most severely felt at Acapulco. In the state of Guerrero, and at Oaxaca, in the state of the same name. The damage was trivial and no fatalities had been reported. It is an easy matter to do business through The Bee Want Ad. column.

WILL PUSH WATERWAYS BILL

Ohio Project Probably First to Be Taken Up.

SURVEY PLANS TO BE URGED

Congressmen Having Pet Schemes Will Get Them in Shape for General Appropriation Bill Before Next Congress.

WASHINGTON, Jan. 9.—The advocates of a general rivers and harbors appropriation bill are making every effort to have such a measure reported at the present session of congress. While the general schemes for the "Atlantic deeper waterways" project and the "Lake to the Gulf deeper waterways" project are not ready for consideration by congress, the Ohio river project is in such shape as to require only the moneys necessary for commencing the work.

This project, which is to make an "all-year nine-foot waterway" from Pittsburg to Cairo, along the Ohio river, probably will be the first large new inland project which will be presented to congress, and the members of the house committee on rivers and harbors are deliberating as to whether a bill appropriating the money for this work should be reported at the present session.

It is very likely that an emergency measure will be reported by this committee if it should decide not to report a general appropriation bill, this measure to provide funds for urgent projects in course of construction.

The committee will meet again on Monday to decide, if possible, what course it will pursue with reference to rivers and harbors improvements. Many members will introduce bills during the present session calling for surveys of proposed waterways improvements in order that their pet projects may be in shape to be considered in connection with a general rivers and harbors bill when such a measure is to be prepared.

Representative Randall of Louisiana, president of the Rivers and Harbors congress, and a member of the house committee on rivers and harbors, will introduce a resolution within a few days which will provide for a joint commission similar in purpose to the joint monetary commission, which would be empowered to employ experts and visit the countries of Europe in order to give congress complete information with regard to the policies of other nations in improving waterways.

RELIEF FOR IRELAND

(Continued from First Page.)

to seek the shelter of their own parish again. Soldiers and Sweethearts. All Dublin is laughing over the action of the corporation which a few days ago solemnly passed a resolution requesting "all mistresses of female servants and other persons having charge of young persons of the female sex" not to give them facilities for walking with soldiers in Phoenix park on Sunday evenings. Now Phoenix park on a Sunday evening would be a dreary place, indeed, were it not for the soldier and his sweetheart, and no one has ever seen much harm in it. People are asking whether the corporation is trying to protect the girls from the soldiers or the soldiers from the girls, and it is rumored that next week the corporation will pass a resolution asking mistresses to keep their cooks away from the policemen.
