

TOPEKA HAS TWENTY MEN

Dick Cooley is Collecting Big Bunch for New Team.

JAY ANDREWS WANTS TO STICK

Old Bostonian is Scouring the Country in an Effort to Put Up Good Fight in the Western League.

Word comes from Topeka that Dick Cooley, manager of the Topeka Western league team, at the present writing, has twenty men under contract for next season.

The best looking addition is Volz, a pitcher whom Cooley secured from the Cincinnati team. Jake Volz was with St. Louis under Carney in 1907 and was mighty effective.

Another player of whom Cooley is expecting a lot is Bob Corbitt, an outfielder, who played with Joplin while last season.

Cooley's other late acquisitions are an outfielder and two infielders, Harry Curtis, who played with the Dallas team in the Texas league, was secured.

Down, the veteran Boston catcher, and Kern, the star of the Texas league last season, look the best at present. The other catchers, Bartley and Brennan, were good catchers in the Western association and will be given a good workout next spring.

On the infield Cooley will play first from last season's team, Kahl, a second baseman, S. Olson, a brother of E. Olson, drafted by Louisville, is a rattling good shortstop.

There are but three outfielders on the team at present. Cole will be retained, Corbitt and Curtis are the other two, with a possibility of Thomson being shifted.

One of the real sweet treats, or possible treats, in store for Western league fans this year has all but been overlooked. It is the opportunity that will be afforded by the addition of the two Kansas towns...

CHANCE FOR NEBRASKA GAME

Badger Foot Ball Team Seriously Considering Proposition.

GOSSIP OF WINTER ATHLETICS

Outlook for the Badgers is Uncertain, and Base Ball in the Spring is Still Mere So-Track Team Weak.

MADISON, Wis., Jan. 10.—Although Dr. Hutchins has given out nothing in the way of news regarding the possible make-up of the Badger schedule next year, there is a chance that Nebraska will be asked for a game.

Owing to the action of the faculty of the university in deciding upon a five-game schedule, even after the conference had voted for seven, it gives the Badger director very little margin.

Marquette college, the new aspirant for honors, threw a scare into the Badger camp by nearly defeating the varsity last year, and will in all probability not be given a place on the schedule.

Lawrence university, which opened the season here last fall, is said to be contemplating quitting athletics because of the lack of funds, and this will leave two places to be filled.

Although it is still too early to tell much about what the coming semester has in store for Wisconsin athletes, it is safe to predict that the Badgers will be among the top-notchers.

The Badgers are not counting upon championships, but from the way things look now it would not be surprising if they landed two of them.

At center "Jumbo" Stielm, who has held the keystone position for the last two years, is again working. There is no question but what the lanky fellow is one of the best centers in the west.

Right now the students are awaiting more than passing interest the outcome of the base ball squabble. The athletic council has been severely censured for trying to slip the bean to the students in the shape of skating and class base ball for the intercollegiate article.

Another important action by the committee was to give the president power to appoint a committee to study the matter of considering the formation of a college base ball league.
