TALKS OF POSTAL SAVINGS BILL

Believes It Would Bring Large Sums of Money Out of Hiding-Thinks Bryan Will Enter Senatorial

Fight.

(From a Staff Correspondent.) WASHINGTON, Jan. 11 .- (Special Telegram.)-Ex-Senator Dietrich of Nebraska was warmly welcomed by his old friends in the senate today when he made his appearance on the floor of that body. Senator Dietrich arrived in Washington yesterday on a short visit to his daughter, Mrs. Herbert Knox Smith, formerly Miss Gertrude Dietrich.

Senator Dietrich is an earnest advocate of postal savings banks and believes if there is a broad provision in the bill creating such banks as to the redeposit of money thus deposited in the commercial banks it would bring to light millions of dollars now in strong boxes, in safety deposit vaults, in cellars and garrets and in stockings, the volume of money to do business being thereby greatly increased. He thought it might work a hardship on trust companies and private banks, but believed ness world. His examination into the meth- Neb. eds of postal savings banks of foreign countries made him an exponent of such institutions in this country.

Senator Dietrich had little to say of the Nebraska political situation except to give it as his opinion that Bryan would decide to make the race for the senate, in which event the prairies would be on fire and such a fight put up as the old Anteiope state has not seen for many years. As for the present legislature he expects to see it make the proverbial democratic mistakes.
