Steel Shod Shoes for Boys

We call them "steel shod" because they are just as near to steel as they can be, and be made of leather. The soles are of the very choicest Rock Oak Sole Leather. The uppers are carefully selected calf, and they are made with great care, so that when we guarantee them to outwear any two pair of the ordinary boys' shoes, we do so because we know how these "steel shod" shoes are made and what they are made of—and that knowledge tells us no other boys' shoe made can compare with it.
