CHARGES EFFORT TO BRIBE JURY

Two Men Under Arrest and Another Under Suspicion for Attempt to Influence One of the Panel.

PITTSBURG, Jan. 15 .- J. B. F. Rinehart, former cashier and vice president of the Farmers and Drovers National bank of Waynesburg, Pa., which institution failed over two years ago for \$2,000,000, was found guilty, at noon today, of wrecking the bank and was immediately sentenced to serve fifteen years in the penitentlary by United States Judge James S. Young.

The jury found Rinehart guilty of all the eleven counts charging him with making false reports to the comptroller of the currency, and upon all of the nineteen counts charging him with making false entries and with abstraction in transactions connected with the Greene county political campaign of 1906.

Rinehart was not present when the verdict was read, but entered a few minutes. later. Judge Young then caused a sensation among all concerned by immediately calling Rinehart before him and imposing sentence. Tears trickled down the cheeks of the dazed banker and among the largest audience ever seen in the United States court here there was a deathlike silence.

Immediately after the verdict had been returned, a number of the jurors were instructed by the court to confer with United States District Attorney Dunkle and a consultation followed in the latter's office. This conference was for the purpose of procuring additional information concerning the alleged attempt to bribe a member of the jury, for which two men are now in custody and a third arrest is momentarily

The arrest of a third person for attempting to corrupt the Rinehart jury is momentartly expected.

In the meantime George W. Worley and James L. Smith, arrested last night on this charge, are being held at the federal building. They will be given a hearing when the third man is arrested.

District Attorney Dunkle refuses to make public at this time the name of the third man wanted. He says, however, the man was shadowed last night by secret service men and special agents of the Department of Justice, sent here from Washington. He intimates that the arrest will cause a sensation owing to his prominence.

Rinehart was taken to the penitentiary at 1:30 this afternoon. Previous to leaving the federal building the prisoner asked District Attorney Dunkle for a private conversation. It was granted, but the nature of his talk has not been ascertained. The jury was dismissed after each juror had been closely questioned as to whether any attempt had been made to influence

Sharpers Selling Pake Hams.

NEBRASKA CITY, Jan. 15 .- (Special.)-A new scheme is being worked on the public in this part of the state. Two men come to town and dress themselves up as farmers, secure an old scrubby team and a broken down wagon and next, they ship in a lot of packing house cured meat, and afte rubbing it over with wood ashes go about selling it to the people as extra fancy cured meat. They make a nice talk and ask 3 cents extra per pound because of the "extra labor" of country curing their meat. They sold nearly 200 so-called sugar-cured hams in this city at an advance of 3 cents over the retail market." The strangest part of the swindle was that many of the socalled hams turned out to be shoulders, which packing companies trim up to resemble hams. These two men have been working in all the towns in this part of NEW the state and it is said they worked Omaha and Lincoln. Here they took out a peddlers' license so as to avoid being both-

ered by the police.
