FREE TO BOYS Sled That Steers Will Be Given to

Every Boy Who Will Do Me a Small

This is the greatest sled for boys and girls ever manufactured. Known all over the country as "the sied that steers." Rupners are spring steel, and when you coast down hill a slight pressure of the foot curves them and and steers the sled to one side. No digging in the snow with your heels or plowing the snow with your heels or plowing the snow with your feet. Not one boy in a hundred has one of these sleds. You can have one for a little easy work. Write me today and I will tell you all about it.

The wrestling game is being revived in Salt Lake City. The sporting editor of The Bee is in receipt of a request to recommend some good men who might be put on to start the game out right and "on the square." Salt Lake City was formerly a great fight town and has drawn as high as \$5,000 or \$5,000 to prize fights. A youth named Yokel is the pride of the town and the promoters would like to have some first-class man of about 150 pounds who would be willing to put a match with Yokel. Any one wanting a match should address the sporting editor of the Sait Lake Evening Telegram.

Candidate for Senator Charges Defeat to Special Interests Who Are Using Party.

INDIANAPOLIS, Jan. 14 .- The choosing of B. F. Shively as nominee for United States senator by the democratic members of the state legislature was followed this afternoon by a statement from John W Kern, who was Shively's strongest opponent.

Concerning the secret ballot, Mr. Kern trayal of constituents by their representatives, but all sorts of treachery, double dealing and corrupt practices. Shively was nominated on the twentieth ballot, after the caucus had balloted for five hours. Mr. Kern's statement, in part, is as follows:

ment, in part, is as follows:

It is a matter of great regret that under the cloak of the secret ballot so many representatives were able to defy the will of their constituents. I have in mind several counties where the sentiment for my nomination was practically unanimous and that sentiment was well known to their representatives, and yet those representatives deliberately betrayed their people and voted for men who in a primary would not have received a handful of votes in those counties.

weak, while the Nebraska players have improved greatly since their southern trip last week.

The Ames team is now on trip. They have played three games so far this week and have met defeat in all of them. Monday night they were swamped by the University of Missouri team and the following night Kansas University took them into camp by the score of 66 to 22. Last night they were defeated by the Wesleyan five at University Place by the score of 31 to 31.

Since their return from Kansas last week the Cornhuskers have been praticing hard every day for two hours and are doing some brilliant work in goal tossing and guarding. Captain Walsh, who was completely out of condition in the two games with Kansas has returned to his old time form and Dr. Clapp expects him to do some sensational basket tossing in both of the coming contests. Woods has also exhibited more accuracy in his work at forward.
