The Franklin is now in its eighth year.

It is no experiment, but a tried and demonstrated success; high-grade, sensible, and recognized by makers and automobilists as a leader among American automobiles.

Franklins have been built on the same principle for seven years. No deviation from the original idea. Continuous refinement along the same line-and the right line. That is something of a lead.

The first Franklin made in 1901 is running and giving good service today, and so are over 7000 other Franklins.

A high-grade powerful automobile Refined, reliable and safe. Abler for touring on American roads than any sutomobile but a Franklin. Beautiful to look at, comfortable to ride in and doing its work at the lowest operating cost.

QUESTION OF DOUBLE SHIFT UP

Representative Indirectly Accused o Shifting His Position on Question-He Blames Charter Revision Committee.

The friends of Jerry Howard, who under his direction, put up a fight in the deliberations of the charter revision committee for the double shift for the fire department of South Omaha, have practically come to the conclusion that Jerry has shifted the double shift, after having promised a mass meeting of belligerents to take up the fight in Lincoln. The reason they believe this is bebill concerning the South Omaha Board of
Fire and Police Commissioners and made
no mention of the double shift. It is said
by the backers of the representative that this was the place agreed upon to take up the question of the double shift. Therefore,

he men are beginning to complain. Jerry, on his part, has written to South Omaha claiming that the charter revision committee has pocketed its report. S.S. S. RIDS THE SYSTEM RUPTL

Catarrh is a blood disease which causes a general inflammation of the inner linings or mucous membranes of the body. The diseasing of these delicate surfaces and tissues produces all the well known symptoms of the trouble, such as ringing noises in the head and ears, tight, stuffy feeling in the nose, pains above the eyes, irritation of the throat, sometimes slight fever, and a general feeling of weakness and ill health. Even the lungs become affected by the continual passage of impure blood through them, and there is danger of consumption if the disease is allowed to remain in the system. S. S. S. cures Catarrh because it purifies the blood. It goes into the circulation and removes every parti le of the catarrhal matter, making this vital fluid pure, rich and healthy. Then the inflamed membranes begin to heal, every symptom disappears, the constitution is built up and health S. S. S. rids the system of catarrh by attacking the trouble at its head and entirely removing the cause from the blood, thus making a permanent and lasting cure. S. S. S. is made entirely from health-giving roots, herbs and barks, and for this reason is an especially safe and desirable medicine. Book on Catarrh and any medical advice free to all who write.
