GRAIN AND PRODUCE MARKET

Market Opened Strong and Had a Steady Tone.

CABLES

Reports Show a Larger Decrease is Wheat Than in Any Other Grain-Corn and Cats Strong.

OMAHA, Jan. 18, 1909.

Liverpool cables came in strong today and, owing to the decrease of stocks in all the markets, the market opened strong and had a very steady tone, advancing steadily from the opening, but eased off just before the close. The buying interest in wheat was especially strong and there was a good amount of this grain taken on by the larger dealers. The reports show a larger decrease in wheat than of other grains. A good domestic demand has prevalled the last few days for cash wheat and it is believed it will continue. There is no great reason for a change in prices, although a number of traders are unfile. By to the price. Wheat opened at 11.0001.00% and closed at \$1.0001.00% and closed at \$1.0001.00% and sittle the most power, but there was no great advance in prices. Receipts in corn show more signs of increasing, but the consumption demand is still slow, and it will be a difficult task to advance prices. Corn opened at \$1.0001.000, against receipts of 1,22,000 and shipments of 21,000 bu and shipments of 21,000 bu, and shipments of 21,000 bu, and shipments of 21,000 bu, and shipments of corn receipts were 706,000 bu. CHICAGO GRAIN AND PROVISIONS Features of the Trading and Closing Prices on Board of Trade.

CHICAGO, Jan. 18.-Small primary recelpts and prospects of a liberal decrease for the week in the visible supply of wheat in this country caused a firm market for wheat here today. At the close prices were 1423c higher for all deliveries than Saturday's final quotations. Corn and provisions closed firm, but oats were easy. Rumors to the effect that the visible supply sixtement would show a big decrease. Rumors to the effect that the visible supply statement would show a big decrease in the available stocks in the United States were in circulation throughout the entire session and were largely responsible for the firmness which prevailed in the wheat pit ail day. It was the quite general impression that the decrease would amount to nearly 2,00,000 bushels, compared with a decrease of 694,000 bushels at the same points a year ago. South America on London orders. The Russian loan allotment was over-subscribed in London, but the premium over the issue price was reduced. Much stress is laid on the course to be taken by the gold movement after Paris has subscribed to the Russian loan.

The drooping tendency of the copper industrials was a drag on the general market and was directly due to another reduction in the price of the market on New York metal exchange and to a sharp deciline in the price of copper warrants in the London market. Current estimates of the amount of copper stocks now on hand run very high, rising far above the figures of the proceeds of attempted corners in past history of the trade. The supreme court of the United States again supplied a chastesing influence to the speculation in the affirmation of the judicial decrees of the state of Texas against the Waters-Pierce Oil company. The effect of this decision is to confirm the impression of the widening exercise of the powers to regulation of corporations, which has been growing up in the financial district anew for several weeks past. Rail traffic officials did not offer anything stimulating to speculation in their weekly canvass of conditions.

Know What a Want Ad Is.

It's a mistake to think that want ads are only used by people seeking employment-in locating lost articles-in renting houses and flats. These are but a few of their uses.

Read Bee Want Ads every day as thousands are now doing-know what they mean. You will never neglect them when you do. It would be impossible to tell all the uses of Bee Want Ads-you learn new things every day. For instance, unusual desires are quickly gratified by Bee Want Ads. You may be the roommate some congenial person wants. Some one may have the books you want in exchange for the bicycle you don't care for. You can invest money safely. You can buy a store with an established trade. You can obtain information of a personal nature. You see, Omaha people realize the importance of Bee Want Ads. It's a place where all meet for the good of all. Considering the few minutes it takes to carefully read them, there should be no reason for not reading Ree Want Ade every day
