### RUSH HELPS IN LAND CASES

Omaha Lawyer Goes to Oklahoma on Fraud Prosecutions. MORE NEBRASKANS SUMMONED Suits Are Brought in Equity to Quiet the Title to Certain Indian Lands and Town Lots. Another batch of summons for the appearance of defendants in the Oklahoma town lot and land fraud deals has reached the office of the United States marshal in Omaha. The specific case cited in this instance is that of the United States against J. H. Adams and fifty-four other defendants, but one of whom happens to be a resident of Nebraska. The suits against these parties are equity suits and are for the purpose of quieting title to certain Indian land and town lots in Oklahoma in which the defendants were induced to invest while Oklahoma was still a territory. Most of these defendants discovering the fraudulent nature of the scheme, abrogated their contracts, but their titles even though fraudulent—they remain as clouds upon the titles of the Indian owners of the land and the suits are instituted in the United States circuit court at Muskogee, Okl., to clear these clouds to title. Assistant Attorney General S. R. Rush of Omaha is now in Oklahoma and will assist in the trial of the cases.

### ROADS IN HARRIMAN GRIP

"No Doubt He is King," Says Public Ledger. FIGURES TO BACK UP STATEMENT Lists Filed by 725 Lines with Interstate Commerce Commission Show Rockefeller is Not a Heavy Holder. Under the head, "E. H. Harriman is King," the Philadelphia Public Ledger publishes a four column story setting forth details of the railroads Harriman has recently acquired. The Public Ledger gets its information from the reports filed by the various railroads with the Interstate Commerce commission at Washington for the fiscal year ended June 30, 1908. The commission has received reports from 725 railroads and a large force of clerks is busy tabulating the special information. When this is made available it will be thoroughly digested by Prof. Henry C. Adams, the statistician of the commission, who will prepare a report for publication dealing especially with the stock control of the various roads of the country. The records of seventy-four of the leading roads have been examined and the commission is now able to give the main facts concerning these roads. This is the first time the commission has made this kind of a call from the railroads and the purpose is far-reaching. It will enable the commission to find the real key to some of the railroad situations. When Prof. Adams has completed his task he should be able to name quite accurately who is the real power in control of the railroad situation and determine positively whether it is Harriman, Hill, Morgan or Gould.

### JACKSON'S VITALITY STRONG

Desperado Surprises His Attendants by Tenacious Hold on Slender Life Thread. After passing a most restless and alarming night Hugh Jackson is still grimly hanging on to his thin thread of life and is surprising everyone by being reported as slightly improved since Thursday. However, it is not known whether his rally from the sinking spell and his apparent improvement is permanent or merely the temporary improvement that comes before the end. Gene Jackson, his sister, spent a considerable part of the night at the hospital and was at the bedside during the crisis of the sinking spell. Detective Deverese is already out of the room of the wounded, so far as his outward appearance is concerned, for he is so improved that one would hardly believe that he has critically shot only a week ago.

### GOVERNOR'S NAME BROUGHT IN

Court Officials Asked to Tell About Deal with Haskell's Secretary. HASTINGS, Mich., Jan. 21.—Sixteen citizens of Hastings, including the circuit judge and prosecuting attorney, have been summoned by subpoena to Oklahoma to give testimony in regard to land deals in which Walter R. Eaton, secretary to Governor Haskell and a farmer resident of this city, is alleged to be concerned. It is alleged that the sixteen persons subpoenaed received deeds to certain lands in Oklahoma and that the title was afterward converted to Eaton. The persons subpoenaed include Circuit Judge Clement Smith, Prosecuting Attorney W. W. Potter, Editors W. H. Cook and Charles E. Fields, and Archie Anderson, cashier of the Citizens bank. The subpoenas were issued by Judge Campbell of the United States court of

### STOMACH MISERY AND INDIGESTION GOES

No more stomach distress or dyspepsia after today, if you try this. When your stomach is weak or lacking in gastric juice, anything that you eat, no difference what it is, will sour your stomach, raise the bile and acids to cover your food like oil on water, causing indigestion, dyspepsia, stomach nervousness and belching of sour poisons, which produce foul odors, nasty taste, bilious headaches, heartburn, intestinal griping and make you an object of misery. This is stomach trouble which cannot be overcome with ordinary digestive medicines. It is caused by fermentation of your food, which will be remedied at once by Pape's Digestin, a preparation pleasant to take and as harmless as candy, though it will digest and prepare for assimilation into the blood all the food you eat. Indigestion is a result, not a cause of your trouble. If the stomach is sour and un-
