SENATORS SEE FORCE OF REMARK

House Follows Sult and as a Result Committees Are Busy Grinding Away on Bills and Formslating Reports.

(Frem a Staff Correspondent.) DES MOINES, Jan. 37.-(Special.)-The Icwa legislature today jumped into the harness and is hard at work. The Inceptive was the crack of the whip over the senate this morning by Lieutenant Governor Clark, when he mildly but firmly reminded the senators that they were resting too much on their laurels and should get down to business. He called attention to the fact that of the seventy bills introduced forty-nine had been printed and these were referred to the original plans, had been brought to a sixteen different committees. Notwithstanding that, but one bill had been reported from committee. He announced that he hoped to have in the course of a few days enough bfils to start a working

calendar.

He strongly intimated that unless the senators got to work they would find themselves at the end of the session with more work than they could efficiently do. He said they should keep their bustness cleaned up to date. Immediately a half dozen senators announced committee meetings for the afternoon, and the real grind is on in earnest. The spirit crossed the corridors to the house when It was learned the senate was bitterly op posing a house resolution to adjourn and send visiting committees to the state institutions. Representatives called numerous committee meetings and this afternoon the capitol was a veritable beehive of industry.

A spirited debate was caused in the senate on the house resolution to adjourn and appoint junketing committees. Senator Bruce of Cass county made a motion to amend by making these committees by A. D. Annis, Mary L. Everett and auditing committees also. This amendment, after an hour's discussion, was Annis and Mr. Davis gave \$500 each and lost. On the original motion the vote was 24 to 24. There being a tie, the resolution was declared lost for want of a majority. So there will be no institution visiting committees and no vacation for some time at least.

California Executive Advises Against Any Anti-Japanese Legislation.

TWO MEASURES COME UP TODAY gan. Rev. C. L. Baxter of Des Moines

> President Roosevelt Telegraphs that He Has Mailed Another Letter that Will Throw Additional Light on Situation.

SACRAMENTO, Cal., Jan. 27.-Governor ATLANTIC—Frank Thurman of this city has traded a farm in Benton township, valued at \$17,000, to Thomas Hopley for a section of land in Keith county, Nebraska, this land being worth about \$15,000. Gillett's message on the Japanese question ment to the legislature today had the effect of crystalizing the sentiment for and against the hills by Drew and Johnson against which President Roosevelt had invoked his power.

FORT DODGE—Homer Delano, aged 32, while assisting in ice packing at the Townsend & Huntley company ice plant sustained very bad injuries which, besides mashing both legs badly, may prove to have affected internal organs. The president informed the governor that would be extremely dangerous for the legislature to enact any laws that might be construed by Japan as discriminatory. ATLANTIC—The people in the vicinity of Atlantic met vesterday and in an informal caucus selected their candidates for directors of the Atlantic Northern & Southern railway. Fifteen men are to be elected and of these the people of the southern end of the line are to select eight and those at the northern end seven. CRESTON—Rev. W. I. Gaston, pastor of the First Baptist church of this place, has tendered his resignation, to take effect April II. Mr. Gaston has been the pastor of this church for almost five years, and was the prime mover in building the handsome new church now owned by this denomination. He has made arrangements to take charge of a large horse ranch near Anselmo. Neb., for a year or two though, he says, he will not entirely give up preaching during that time.
