That's the biggest purse over offered for a wrestling watch, but there's no chance for the match, Hack is the sickest wrestler that ever lived. He can bunko these people over here and they stand for it all.

It is of interest to note that this letter was written on January 17, the date on which Westergaard and Lundin met at the Auditorium, where the announcement was made that Gotch sailed that night for America, although the Associated Press had just brought the information that he would sail January 37, as Klank says in his letter.

Klank and Gotch have done well in their vaudeville skit, "All About a Bout." They made good on it in this country and then went to England for twenty-eight weeks. The stunt took over there as well as here.

has lost to Gotch twice and Americus has never come up to the class of a contender. The Turk's meeting with Raoun de Rouen does not give him any great amount of prestige. What will determine the Turk's shilliers and chances of meeting Gotch more than anything he has yet done will be the result of his match in Omaha with Jess Westergaard.

This, of course, will be a bandlcap match, but that will make no difference. Westergaard's marvelous showing against the big Frenchman has placed him permanently in the top class and he is expected to give the Turk a terrible run for his money.

The chances are Gotch will give the Turk a match and that before any long time has elepsed. Certainly the Turk looks like the goods—as a contender, not the superior to Gotch.

Federal Authorities May Stand Aside to Permit State Court to Act.

MR. JEROME WRITES LETTER

New York District Attorney Points Out Several Reasons Why Prosecutions Should Be by State of New York.

NEW YORK, Jan. N .- The possibility of aside to permit the state and county of New York to proceed against the publishleged libel in connection with the Panama canal purchase was made apparent today in a letter written by District Attorney Jerome to United States District Attorney Henry L. Stimson.

Provided Douglas Robinson, brother-inlaw of the president, is willing to appear as a complaining witness Mr. Jerome is less for him to do so, he explains, if his inquiry is not given precedence over that begun before the federal grand jury. "I have given the matter published in the New York World of October 3, 1906, careful consideration," the letter says, "and am of the opinion that it is plainly a libel upon Charles P. Mr. Jerome expresses his conviction that so serious a charge should not pass unchallenged and that adequate justification should be shown or those making it prop erly punished.

"From this point of view," the letter continues. "the federal authorities, it seems to me, have a distinct interest and a postive duty to perform, and from what you tell me it would seem that the jurisdiction of the federal courts is adequate.
