

BEE READERS KNEW IT FIRST

They Knew Three Weeks Ago Harriman Had New York Central.

NOW THE DRONES COME TO IT

Envious Fellows Who Yelped When Scooped on Banner Railroad Story of Year Forced to Print It Late.

Word of the death of E. H. Harriman as a director of the New York Central caused no great stir in Omaha railroad circles, for information that this was to come about and that the Union Pacific ruler had gained control of the great eastern trunk line was given readers of The Bee three weeks ago, or more exactly, in the issue of Monday, January 19.

The account of Harriman's entry into the New York Central, as published January 19 in The Bee ran as follows:

If James J. Hill secured an advantage over E. H. Harriman, it was in the Colorado & Southern Mr. Harriman has retailed with overwhelming effect by obtaining control of the New York Central.

The fact that Harriman has gained possession of this powerful factor in the railroad world conveys to Omaha through channels of information from New York whose reliability cannot be questioned.

When the Central stocks began to shoot upward a few days ago a rumor quietly gained currency that Harriman had been elected to the presidency of the New York Central.

This has given Harriman a complete line of the first tracks of the world from Atlantic to Pacific and marks the culmination of plans he is said to have had in mind when he accepted the control of the Pacific lines.

When the resignation of William H. Newman was announced rumors were strong that Harriman had secured control, and that he was in a position to know.

In the first place, Harriman told W. C. Brown, then vice president, that he was going to resign the New York Central and had several conferences with Mr. Brown before he was elected.

It is well known in railroad circles that when Edward H. Harriman acts on a bench and a great distance from the headquarters, but is the real dominating influence in the board.

Rock Island to Expand. The Rock Island will expend during the coming year \$2,000,000 for ballast, heavier rails and bridges, enlargement of terminals, and for shops machinery, according to B. L. Winchell, president of the road.

Large work is undertaken in the reconstruction of the completion of the Annapolis-Tuacumcut cut-off, which when completed will be 110 miles long and will cost \$2,000,000. The company will spend \$300,000 in improving the terminals at Little Rock and \$200,000 at Memphis.

In favor of Dr. Pierce's medicines is the fact that the Transcontinental Passenger association has been called for next week at Chicago to consider through rates to the Pacific coast.

JUDGES FROWN UPON STORM. Wind in Contempt of Court. Billboards Being Thrown Down Contrary to Injunction.

Will the storm of Thursday night be in contempt of court? This is a question which is bothering the city council and members of the city council.

The city bowed to the order of the court and allowed the boards to stand, but the winds of Thursday night were more independent and violated the injunction right and left.

The mayor, Colonel Fanning, "King" Butler and others of the leaders of the Jimocrats took at the statement by the president of the Jack club that the Jacks will not support Dahlman, but still they vie with each other in saying unpleasant things about the Jack president.

"Colonel Marshall is the kindergarten class of politics," said Fanning, and the mayor said that he would not bet a cent piece on the president's political advice.

Jacks also take a slap at the club president and assert that he cannot bind the club to endorse any man, though many of them agree with Colonel Marshall that they will not get the support of the rival political organization.

"No endorsements of candidates for nomination or application to office shall be made by this club."

This provision was lost sight of by Colonel Marshall, the president, when he declared that the Jacks would endorse some candidate other than Mayor Dahlman.
