

MAJOR VETES NATIONAL CONSTRUCTION COMPANY PAVING CONTRACT.

COUNCIL OVERRIDES THE VETO

Board of Education Takes an Inventory and Discovers Storm Damage to School Buildings.

Mayor Frank Koutsy vetoed the contract with the National Construction Company yesterday evening, returning the same to the council with his objection.

The council also had a communication from the Good Government league asking that the contract with the National Construction Company be reconsidered.

On the formal motion, "Shall the previous action of the council be sustained notwithstanding the objection and veto of the mayor?"

TWO DRAINAGE DISTRICTS

Such is Result of Conference of County Representatives.

LAND OWNERS ASSESSED FOR COST

Dodge County Men Object to Linking Their Interests in One, So Two Divisions Are to Be Created.

Douglas county commissioners, after a conference at the board rooms Tuesday morning, with a delegation interested in drainage, adopted a resolution to form a district taking in a large section of Douglas county and a portion of Sarpy.

An election of three directors to have charge of the drainage, will be held at the office of County Clerk Haverly on Tuesday, March 2.

The proposed district will take in all of the Elkhorn valley in Douglas county, from the Platte river to the bluff, and south to the country line, and east to the Platte river.

A Heating Harmony

Cold is discord. Warmth is harmony. Cold is brutal—it exposes moods and often opens the way for discontent. Warmth is a homemaker; it puts heart in the home. Cupid wears no clothing—he shuns icy blasts.

for Hot-Water, Low-Pressure Steam, or Vacuum heating give out nothing but pure, clean heat, making every nook and corner of the home livable and enjoyable.

IDEAL Boilers and AMERICAN Radiators are made in sizes to fit cottages, mansions, churches, schools, stores, and larger structures.

They will put new life into old buildings, and add a permanent selling value to any property.

House-cleaning work is reduced one-half and expensive damage to furnishings is avoided.

Savings in fuel, labor, and absence of repairs will soon repay cost of the outfit.

Four cold months still ahead! These outfits can be put in without any tearing up, annoyance to occupants, or disturbing old heating methods until ready to start fire in the new.

Tell us the kind of building you wish to heat. Prices now most favorable, and you get the services of the most skillful fitters. Buy now and "Home, Sweet Home" will become a harmony in praise of good heating.

COULD NOT CURE WEEPING ECZEMA

Disease Began over Ear and Spread till Face and Neck were Raw—Itching, Inflammation and Soreness were Terrible—Lasted Over a Year and All Treatments Failed

UNTIL CUTICURA AGAIN PROVED GREAT SUCCESS

"Eczema began over the top of my ear. It cracked and then began to spread. I had three different doctors and tried several things, but they did me no good.

At last one side of my neck and my neck clear up. My hair was raw. The water ran out of it so that I had to wear a cap. It was so inflamed and sore that I had to put a piece of cloth over my pillow to keep the water from it, and it would stain the cloth a sort of yellow. The eczema looked so bad as though I could tear my face all to pieces.

GROWS HAIR Cuticura Removes Dandruff and Soothes Itching Scalps.

Warm shampoos with Cuticura Soap, and light dressings with Cuticura, prevent dry, thin and falling hair, remove crusts, scales and dandruff, destroy hair parasites, soothe irritated, itching surfaces, stimulate the hair follicles, loosen the scalp skin, supply the roots with energy and nourishment, and make the hair grow again.

HOPE OF SUFFRAGISTS DASHED

Lower House of South Dakota Legislature Kills Proposed Amendment.

PIERRE, S. D., Feb. 2.—(Special Telegram.)—The hope of the suffragists for the equal suffrage contingent against today when it got the property qualification from the senate resolution granting suffrage, only to drop them into the slough of despond a few minutes later when it was found the resolution by a vote of 54 against 47 for the submission of the question to the voters at the next general election.

While the house refused to accept the senate amendments to the two-cent rate bill, it did not call out the expected hot contest on the proposition. Bartine, chairman of the house railway committee, opposed concurrence and was backed by Taylor of Brown, and the matter was brought to a vote, in which the concurrence was refused, and Bartine, McDonald and Newell were appointed house conferees on the bill. The senate conferees selected were Norbeck, Byrne and McCullen.

After keeping quiet since the opening of the session, the bill to allow attorneys and physicians to crawl under the fence so far as the anti-pass law is concerned, was presented in the senate this afternoon by Curtis of Brown county and will be a factor in legislation for a few days until it is disposed of.

The bill to pass railroad bills requiring railroad companies to report fatal wrecks to the railway commission, and authorizing the railroad commission to appear in cases in which the state is interested; requiring railroads to report to the commission the number of elevators, and to maintain toilet rooms at all of their stations.

The house passed the appropriation bill for the completion of the state capital; and tangled up on the bill providing for the trial of the case which was postponed by adjournment in the middle of the mixup.

PERSONAL PARAGRAPHS

John W. Batten has returned from a business trip to New York.

J. O. Clifford, freight auditor of the Northwestern, was in Omaha Tuesday.

A. P. Akerlund of Valley is home from a trip to Europe which extended over several weeks.

Dave Shankland of Los Angeles, S. P. Weeks of Hastings, M. Sweeney of Lincoln, H. W. Moore of Auburn and C. C. Albertson of Shoshoni are at the Murray.

John Ryler, general live stock agent of the Burlington, who has been confined to his home, 215 Binney street, for several weeks with tonsillitis, is improving.

Miss Hattie Goff, infant wear buyer at the Lulliputan, has just returned from the New York markets and reports many attractive novelties for the spring season.

WHAT THE WOMEN ARE DOING

Omaha Women's Christian Temperance Union Offer Prizes for Essays.

CHILD LABOR AT WOMAN'S CLUB

Delegates to Recent Conference at Chicago and Washington Report Sessions and Their Impressions of Meetings.

Omaha Women's Christian Temperance union has established a definite campaign of scientific temperance instruction through the essay plan, which with the permission of the school authorities has lead to much effective work in the city schools.

During the coming fortnight the union will go further and will offer a prize of \$50 for essays from high school students and a prize of \$100 for essays from college students, the offer to be open to students of Bellevue and Creighton colleges.

Club Considers Child Labor. It was child labor day with the Woman's club at Monday afternoon's open meeting, the program being provided by the social science department.

KIERAN GOES ON THE STAND

Head of Defunct Financial Concern Describes His Methods.

LIBEL HEARING TO BE RESUMED

Employees of World Will Appear Before Federal Grand Jury in New York Today—Pulitzer Returns to City.

NEW YORK, Feb. 2.—Business methods followed by the Fidelity Funding company were described today by Patrick J. Kieran, former president of the now bankrupt concern, at a hearing before Referee Peter B. Olney to determine whether the company is amenable to the federal bankruptcy law.

Mr. Kieran told of the application of the St. Joseph's congregation of Milwaukee for a loan of \$100,000.

"We gave them immediately \$25,000, for which we took their notes," he testified. "These notes we immediately sold to the Wisconsin National bank of Milwaukee. Later we took a mortgage on the property, called in the notes and issued our own bonds on the mortgage, which we deposited with the Western Trust and Savings bank of Chicago as trustee."

Interest was charged at from 4 to 4 1/2 per cent on the mortgages, the witness said, but at 8 to 8 1/2 on the notes.

Asked as to the company's working capital, Mr. Kieran stated that when he went with the company in 1905 its original working capital of \$20,000 had been lost in the business. "Inside of a year," said the witness, "we had \$60,000 working capital."

At the conclusion of the examination of Kieran the case was closed.

Transfusion of Blood. What is believed to be the first case of blood transfusion from a white man to a colored person was made here tonight at Bellevue hospital. The patient, Julia Herzing, a 37-year-old negro woman, was brought to the hospital suffering from internal hemorrhage. The surgeons decided that the only hope of saving her life lay in the transfusion of new blood. The situation was explained to the orderlies of the hospital by Dr. Geisler, and several offered their blood. Gustav Labrink, a messenger, was chosen for the operation. About a pint of his blood was transfused. The wound the surgeons reported, called, but afterward she sank rapidly and died in a few minutes.

Common Sense

Leads the most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle-wrappers and attest its correctness under oath, are daily growing in favor. No Secrets. No Deception.

The composition of Dr. Pierce's medicines is open to everybody, Dr. Pierce being desirous of having the search light of investigation turned fully upon his formulae, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized.

Being wholly made of the active medicinal principles extracted from native forest trees, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs.

Examine the formula on their bottle-wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet does cure all those cutaneous conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and head-aches, which, if neglected or badly treated lead up to and finally terminate in consumption.

Take the "Golden Medical Discovery" in time and it is not likely to disappoint you if only you give it a thorough and fair trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials although the latter are received by thousands. Don't accept a severe nostrum as a substitute for this time-proven remedy of known composition. Ask your neighbors. They must know of many cures made by it during past 40 years, right in your own neighborhood. World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.
