ALLISON MEMORIAL PLANS

General Dodge Names Committees to Solicit Funds for Purpose.

FIVE FOR THE STATE-AT-LARGE

Each County to Have Representative on the Congressional Committee—Morrow to Act as Treasurer.

General Grenville M. Dodge as chairman of the Allison Memorial committee appointed by the Iowa society of New York for the purpose of erecting a suitable memorial to the late Senator William B. Allison in Washington and one in the state capital, Des Moines, is sending out circular letters announcing the selection of the Iowa committee to carry out this work and to solicit donations within the state of Iowa.

The committee is headed by Governor Carroll, one of the five committeemen at large. The other four committeemen at large are Hon. Warren Garret of Coon Rapids, State Superintendent of Public Instruction F. P. Riege of Des Moines, Harvey Ingham of Des Moines, and George E. Roberts of Chicago.

Each county in each congressional district is represented by one member on the committee. The members of the committee in the ninth district are: Hon. John Heistering, Adair county; Charles Van Gorder, Audubon; John W. Foster, Guthrie; Almer Eisen, Harrison; G. A. Stebbins, Montgomery; Hon. L. C. Binder, Pottawattomie.

The letter which General Dodge is sending out to members of the committee and other men of prominence throughout the state is in part as follows:

Hon. W. Morrow, treasurer of state, has kindly agreed to call the attention of this fund and all donations, as they are collected by the committee, are to be promptly forwarded to him. Each committeeman is authorized to appoint subcommittees in the county he represents so that thorough personal canvasses of the county may be had. I have not the time to consult personally the members of the committee before selecting them, but knowing the universal admiration which you all have for Senator Allison and the fact that about two acres of these willows had been cut down and hauled away, it is said, for railroad work.

It is to prevent any further encroachments on the city property that the park commissioners decided to have the park tract resurveyed and platted. The board expects to enclose the entire tract at some future time, which will eventually put a stop to any efforts to encroach upon the city's property. As the land now lies the park property will have the advantage of accretions from the river.

Few Attend Bar Meeting. Only four members, President W. A. Mynter, County Attorney Hess, Assistant County Attorney ...

A fine collection of new Victor records at Bourgeois Music House, 225 Broadway, Council Bluffs. Where the organ stands upon the building.

Enjoy Your Meals

By Simply Eating A Little Pleasant Tablet After Each of Them.

A TABLET DIETS A MEAL.

When digestion is perfect the fluids necessary to this process come naturally to the aid of the stomach. They are of right proportion and do their work speedily and well. When indigestion and dyspepsia are prevalent, these same juices come slowly if at all, are weak and insufficient or are filled with strong acids and alkalis.

When such a condition exists each meal is a hardship upon the digestive organs. The meal should strengthen the juices, but on the contrary it weakens them, so that man by the very act of eating causes conditions to arise which themselves bring him pain and loathing for the next meal.

By eating one of Stuart's Dyspepsia Tablets you mix the tablet with your saliva and it goes into your stomach a strong, vigorous fluid, many times more powerful than the natural digestive juices.

These tablets are made up from natural vegetable and fruit essences and are composed from Hydrastis, Golden Seal, Lactose, Nux. Asacetic, Pepsin, Bismuth and Jamaica Ginger. There is the formula and one grain of it will digest 3,000 grains of food in any stomach. Beside digesting the food it will give the blood the power to enrich the digestive fluids so after a time nature will take care of itself. Through you have no stomach trouble one of these tablets after each meal is a powerful assistance to nature and is an excellent habit to make.

Go to any druggist and ask his opinion of Stuart's Dyspepsia Tablets. We will advise his answer to be an honest man. Your name and address will send you a trial package by mail free. Address F. A. Stuart Co., 139 Stuart Bldg.

by illness from reporting for duty at roll call he must furnish a certificate signed by Dr. R. B. Tubbs, the city physician. Merely telephoning or sending word to headquarters that he is sick and unable to report for duty will not suffice in future.

HYDRANTS WILL BE REMOVED

Company Will Not Contest the Order of City.

No official notice of the city would pay further rental on thirty-nine fire hydrants which it is asserted by the committee on fire and light did not meet the requirements of the city ordinance has been served, up to last evening, on E. W. Hart, receiver of the Council Bluffs City Water Works company.

As soon as formal notice is served the company will discontinue service at such hydrants and the hydrants will probably be removed with as little delay as possible. Receiver Hart stated yesterday, "There were several reasons why the company would do this."

Discussing the action of the city council Monday night in naming thirty-nine hydrants for which the city would refuse to pay for the rental Mr. Hart said: "There is, I think, no question of the council's right to cut down the number of fire hydrants to be used by the city. The city is not required to buy water from the company unless it wishes to do so, in this respect it is in the same position as any private consumer."

"I believe, however, that members of the council have in a measure misrepresented the water works company's position with respect to the fire hydrants in some of the hill districts. The districts, which have not installed hydrants when these hydrants were installed. It was understood by every one that they would not come up to the test required by the ordinance, but it was thought that they would be better than none at all."

"Moreover, in these places the company has not installed hydrants every 40 feet, as it is allowed to, and thus the amount the city has had to pay has been cut down. For instance, there is a stretch of street 1,200 feet long with only two hydrants instead of three. For this service the city has had to pay only \$150 a year, instead of \$225, the amount that could have been charged if three hydrants had been installed there."

Discussing the effect on the revenue of the company Mr. Hart said: "Admitting that the city has the right to discontinue paying for such hydrants as it deems fit, the company cannot be required to operate at a loss. The loss from the depleted hydrant rental paid by the city will have to be made up from some other source and that other source naturally will be the private consumer. The cost of the company in the hands of the receiver, will not permit it to be operated at a loss and a rearrangement of rates will of a necessity have to be made to provide a revenue sufficient to meet the cost of operation and other obligations, otherwise the company will have to be shut down. The burden will naturally fall upon the private consumer and it is likely that a minimum meter rate is in force in Sioux City, Dubuque, Cedar Rapids, and in fact in practically every city where the plant is owned and operated by the municipality."

Insurance men do not take kindly to this action of the city council, and a leading insurance agent said yesterday that if these hydrants were discontinued the companies carrying risks in these sections of the city would undoubtedly raise the rates. "The removal or discontinuance of the service from these hydrants will result in the insurance companies probably being compelled to increase the rates on the sections of the city what is known as 'country rates.' It will be hard on the property owner but the insurance companies will not be to blame," said the insurance agent.

The Children's Sons' Manufacturing company, which was started yesterday and will endeavor to give every citizen the state an opportunity to pay this just tribute to Senator Allison.

Governor Carroll's reply to General Dodge was as follows:

I am in receipt of yours of the 26th instant relating to the erection of a monument to the memory of the late William B. Allison, and I am glad to assure you that I am in your sympathy with the movement. I will endorse the plan which you have outlined in your letter, and trust that the members of the committee selected by you to promote the movement will see to it that they will take the matter up in such a way as to make it general in its character and to permit all our people to contribute toward the raising of the funds necessary to erect the monument.

I believe the time has come when our state can well afford to give more attention to matters of this character than has been given in the past.

Senator Allison is recognized by all of the people of our state as a man who rendered able and faithful service in the congress of the United States for many years, and I believe that the movement which you have inaugurated will prove popular and abundantly successful.

Wishing you success in your undertaking, and assuring you that I remain, sincerely yours, B. F. CARROLL.

Family Doubly Bereaved. Mr. and Mrs. Cyrus Holder of McPherson avenue have suffered a double bereavement in the death of their only two children, little girls, from pneumonia, within two days. Katie, the elder girl, aged 3 years and 5 months, died Monday afternoon, while the second child, aged 1 year and 10 months, succumbed to the same disease yesterday morning. The funeral of the two little ones will be held Friday afternoon at 2 o'clock from the family residence and they will be buried in one grave in Walnut Hill cemetery. Rev. Edgar Price, pastor of the First Christian church, will conduct the services.

Marriage Licenses. Licenses to wed were issued yesterday to the following:

Name and Residence. Age. James W. Becker, Council Bluffs, 21. Sarah A. Hardie, Council Bluffs, 21. Fred Kay, Minden, Ia., 22. Lizzie Kaven, Minden, Ia., 20. L. L. Eckert, Oakland, Ia., 21. Nora Killion, Oakland, Ia., 21. Lauren Z. Jamison, Omaha, 21. Ollie Peters, Omaha, 21. Ada Brandes, Hancock, Ia., 21. Amalie E. Goldapp, McClelland, Ia., 21. Lyman B. Pruitt, Council Bluffs, 20. Otto C. Saar, Council Bluffs, 21. Rosa R. Bennett, Omaha, 21. Mayme Garn, Grand Island, Neb., 21.

New Rule for Police. The Board of Fire and Police Commissioners has promulgated a new rule affecting the police department. This new rule provides that when an officer is prevented

of the seniors, was president of the junior class last year.

Matters in District Court. Unless something unforeseen occurs to prevent it the trial of A. C. Wilding, charged with attempting to extort money from Charles McKeown, a wealthy farmer of Crescent township through the means of "black hand" letters, will be begun in the district court this morning.

The resinder of the coronal calendar assessment as made by Judge Thornell Tuesday is as follows:

Thursday, February 4-My Goldsberry against Hansen & Nielsen et al.; A. E. Hill against Hill.

Friday, February 5-State against George League; state against Arthur Edmonds and Burrington; state against William B. Hart; Saturday, February 6-State against Isaac Robins.

Monday, February 8-State against Henry Wolbers et al.; state against W. E. Meyers; state against May Noble (two cases); state against John H. Schaeffer; state against William Albert; state against H. V. Battey.

The trial of the suit of the Wells-Batterby company against E. R. Talmage and others, which has been occupying the attention of the court since last Thursday, came to a sudden close yesterday afternoon without reaching the jury. During the noon recess the parties to the suit got together and arrived at a amicable settlement, the terms of which, beyond that the costs were to be divided between the plaintiff and defendant, was not made public. The suit involved a claim for commission for the sale of land.

GRAIN MAN FLAYS THE TRUSTS

Carnegie and Rockefeller Targets for His shafts.

SIoux CITY, Ia., Feb. 4.—(Special Telegram.)—"Give me Carnegie and Rockefeller and let me put 'em in a dark room with no grub, and I'll bet \$100 I can get all the coin they've got," said J. W. Hagan, president of the Grain Dealers' association this afternoon at the annual convention of the association. His informal talk bristled with invectives against the trusts.

The old officers, headed by J. W. Brown of Rockwell City as president, were elected. B. Hathaway, Pierson, is first vice-president; J. W. Hagan, Barnum, second vice-president; C. C. Messerer, secretary, and F. H. Gorham, Dougherty, treasurer.

The association is the city and 2,000 will be here tomorrow.

CARD THE NEW SUPERINTENDENT

Galesburg Man Transferred to the Creston Position.

CRESTON, Ia., Feb. 4.—(Special Telegram.)—"We had made known here today that W. A. Card, assistant superintendent of the Galesburg, Ill. division of the Burlington and Cedar Rapids and Northern railroad, is to be transferred to the position of superintendent at Aurora, Ill. W. Newton at this place. Mr. Card is a young man, having grown up in the service of the company and comes from a family of railroaders. His father, C. W. Card, is assistant superintendent of the Aurora, Ill. division.

WILLIAM WINTERS' CONVICTED

Slayer of Linn Trimmer at Union Found Guilty of Murder.

ELKHORN, Ia., Feb. 4.—William Winters, 21 years old, slayer of Linn Trimmer at Union, Iowa, January 18, was tonight convicted of murder in the first degree. The jury recommended life imprisonment. Winters' defense was that he was irrational at the time of the shooting.

Weaver Held to Grand Jury.

IOWA FALLS, Ia., Feb. 4.—Walter Weaver, son of S. M. Weaver, a member of the supreme court of Iowa, was held to the grand jury in the district court today upon a charge of having issued forged paper. The indictment previously found was held faulty by the preceding jury. The case will come up next term of the court. Weaver is out on \$3,000 bonds.

Four Sisters Inmate.

DAVENPORT, Ia., Feb. 4.—Four sisters Emma, Martha, Lizzie and Mary Slater were tried in a bunch for insanity. They were declared insane and will appeal to the district court.

Iowa News Notes.

TABOR—Fremont and Mills county public schools are preparing for a union meeting to be held March 12 and 13. The meeting is to be held in the Tabor school building. The meeting is to be held in the Tabor school building. The meeting is to be held in the Tabor school building.

TABOR—Tom McDaniel, a student at Tabor, who left there suddenly two weeks ago, is reported to have been arrested for his arrest on a charge of perjury, has returned and will attempt to clear himself by changing his plea to insanity.

MASON CITY—A new and thoroughly modern hotel is being built in this place. The hotel is to be built in the Mason city place. The hotel is to be built in the Mason city place.

CRESTON—Harry Motes, a young man about 25 years of age, in this place charged with the theft of a valuable watch belonging to one of the local organizations. He was arrested yesterday at Burlington from the first of the watch. He was arrested yesterday at Burlington from the first of the watch.

ATLANTIC—At the annual meeting of the Atlantic Northern & Southern railway company held at Atlantic the following officers were elected for the ensuing year: H. E. Rittenberg, president; A. H. Johnson, vice-president; J. E. Markley, third vice-president; J. E. Markley, secretary; E. Bruce, treasurer; C. B. Jones, chief engineer; C. A. Ross, consulting engineer.

MARSHALLTOWN—While crazed with an intoxicant made from mesquite, the proprietor of a saloon in Marshalltown, Iowa, shot and killed two small sons and injured a third a few weeks ago. The boys were attacked by the mother as they lay in bed. Both died within a few hours. The third, though slightly wounded, has recovered. Mrs. Powell pleaded not guilty in the indictment. Her bond was fixed at \$1,000.

Poley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes, and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. Sold by all druggists.

LEGISLATIVE WORK LIGHT

Senate Passes Water Works Bill Desired by Council Bluffs.

RAILROAD TERMINAL TAXATION

Senate Has a Bill to Compel Connection Between Rival Telephone Companies in Places Where There Are Two or More.

(From a Staff Correspondent.) DES MOINES, Feb. 4.—(Special.)—But little real legislation has been done this week and today the bills passed were of minor importance. All passed by the senate is of interest chiefly in Council Bluffs. This is a bill by Senator Saunders to slightly amend the law in relation to cities of the first class purchasing or building water works, so changing the law that the city council can pay out of the funds raised for the purpose all the preliminary expenses of survey, plans, etc. This affects all cities, but is just now especially in aid of Council Bluffs where the funds are short.

The senate passed a bill to require that the doors of all public buildings open outward, also a bill to extend the time until November 1st for getting rid of old and unlabeled stocks of paint.

The house passed a bill which has already passed the senate limiting to six months the time for appealing criminal cases. This will now become a law and it will have the effect of hastening final action in criminal matters.

Passage of Railroad Terminals. Senator Saunders introduced a bill intended to radically change the rule as to assessment of the terminals of railroads, making it so that the stations and terminals are assessable locally and not to be considered in the entire estimate of value of the roads. This will add greatly to the taxes paid in the cities and reduce the total of taxes paid in rural districts by the railroads. It is backed especially by the commercial organizations of Council Bluffs and other cities of the state where the railroad terminals are valuable.

Representative Meredith of Cass introduced today a bill to effect Sunday observance by prohibiting off practically all Sunday amusement.

Did Not Care for the Navy. The house today refused by an emphatic vote to take steps looking to the sending of a committee, at the head of which should be the governor to New York to participate in ceremonies attending the reception to the fleet in New York harbor.

A committee to draft drainage legislation was named by Speaker Feely, consisting of Stillman, Ripley, Hacklet, Harding, McDonald, Kellogg, Lee, Jacobs and Davidson.

Merger of Telephone. A bill was introduced by Senators Moon and Adams to effect a practical merger of the telephone companies in Iowa by requiring of them that they shall make actual connections where there are two or more companies operating in any town or city and to make joint rates the same as if all were owned by one company.

Other bills: Nichols, road drag law. Clark, to increase the pay of the secretary of the state to \$2,800 a year. Maytag, pay inaugural expenses, \$402. Wilson, amend collateral inheritance tax.

Fitchpatrick to appropriate \$12,000 to finish slayer roster. A bill to require assessors to collect statistics of agriculture. Meredith, requiring Sunday observance. Keating, public utilities measure.

Pardons Committees at Work. The pardons committees of the two houses met in joint session this afternoon and agreed upon a plan for public hearings in the various pardon cases submitted to the legislature by the governor. There are twelve life prisoners asking the legislature to give approval of pardons from the governor. These are Will Adams, W. E. Alexander, W. P. Glyndon, L. W. Mott, H. L. Jones, H. L. Robbards, P. C. Robinson, Albert Paritzka, John Penn, L. R. Van Tassel, T. W. Watson and C. H. Woodward.

Consolidation of Departments. Consolidation of departments and expansion of business is to be the rule with regard to the minor affairs of state if legislative action is taken on the matter to suit them. A first step in this direction is to be a provision for the location of what will be in effect a state office building, or as suggested in the message, Agricultural and Military hall, for the purchase of property housing all the various subordinate departments of the state. In this building would be located the following: The agricultural department, including the pure food and dairy department, the veterinary department, the horticultural department, the department of stock breeding associations, the agricultural extension work, the short course extensions, the farmer's institutes, and the collection and dissemination of statistics relating to agriculture. Also the military department, or the department of the national guard, with arsenal and army and drill hall. The health department, combined into one by consolidation of the board of health, the medical examiners, the osteopaths, the department of dentistry, the pharmacy department, including the collection of labor statistics, factory inspection, enforcement of labor laws, mine inspection, the geological survey, etc. The insurance department, including the various stock breeding associations, which cannot be properly housed in the storage rooms of the capitol; possibly, also, the board of control with its varied activities, and in case of the creation of a state highway commission and a board to manage the state educational institutions, these would also go into the business building.

FOUNDERS' DAY PLANS LAID. Commemoration of John A. and Edward Creighton and Their Wives Will Be Observed Monday. Founders' day at Creighton university, a commemoration of Edward Creighton, Count John A. Creighton and their wives, recently Creighton and Mrs. Sarah Creighton, will be formally celebrated Monday, February 8.

February 7, 1909, is the second anniversary of the death of Count John A. Creighton, and the first Founders' day celebration was observed on that date last year, when the occasion was also commemorative of the departure of President Dowling, former president of the university, but this year it has been decided to hold the celebration on February 8.

The services will begin in the morning at the college chapel, at which time Rev. William F. Kinzella, S. J., professor of philosophy, will preach the annual sermon. The services will be attended by the student body of the university, the faculty and the immediate relatives and friends of the Creightons. A large male choir will chant the requiem mass, under the direction of Rev. Martin M. Bronckart, S. J.

In the evening will be given the Founders' day banquet at the home. At this time will attend the combined facilities

of the university, numbering all told 150. There will also be present the undergraduate faculties of the law, medicine and dental colleges and a long list of professional and business men of Omaha, with the resident alumni of the university, those last numbering about 180. Governor Shallenberger and the adjutant general of the state with the entire delegation of the Omaha colonels on the governor's staff will be present.

Dr. DeWitt C. Bryant, dean of the medical college, will preside as toastmaster. Grace will be said by Rt. Rev. Philip J. Garrigan, bishop of the diocese of Sioux City. Governor Shallenberger will deliver a brief address and the memorial oration will be given by W. F. Gurley of Omaha.

The program is now in process of preparation and will have printed on it portraits of Edward Creighton and Count John A. Creighton with fac similes of their autographs.

Monday will be observed as a holiday by all departments of the Creighton university.

WORD FROM THE SPIRIT WORLD

Prof. Hyslop Cites Instances that Have Occurred in His Own Experiences.

"Spirits from the very dead and their communications to residents of this terrestrial sphere," were told of last evening at the First Congregational church by Prof. James Hyslop, secretary of the American Institute of Scientific Research. The lecture was under the auspices of the philosophy and ethics department of the Omaha Woman's club.

Prof. Hyslop gave a hurried review of his lecture of the previous evening and then told of the experiments in psychical research made in this country in both telepathy and clairvoyance, giving many illustrations from personal experience to prove his statements of both classes.

"None of us know whether consciousness is a mode of motion or not," said the professor. "I contend it is not, for matter might perform functions not necessarily motion. We must find facts that cannot be controverted. Materialism is based upon sense perception. Those who defend materialism do not realize how much they have receded from the former conception of it. The work of our association is the investigation of the nature and extent of any alleged influence of one mind upon another through some process other than normal sense perception. This is accomplished by means of telepathy, or thought transference. We have also investigated reports regarding apparitions, and I have had two of my own personal experiences. Those in my case referred to the dying and coincided with other external events and the information was conveyed to a distance, or to some other city to people who knew nothing of the facts.

"The word medium is misunderstood and used in its old sense, for there are professional mediums and fraud mediums and we must separate the real from the fictitious."

Prof. Hyslop told of the investigation of a score of mediatic phenomena, purporting to be communications from discarnate spirits, and said that he was convinced that, if possible, for there are he recited the chance of fraud was removed by the safeguards which had been thrown around the mediums.

"To prove the existence of spirits we

Some susceptible gentleman-philosopher once declared: 'On a hill of a woman can draw more than a hundred pairs of oxen.' No one will deny that woman's beauty and attractiveness are both enhanced by a head of well-dressed hair. Women who are worried because their hair is 'thinning out' have good cause for rejoicing. They can vote a vote of thanks to Dr. Nott, the Southern scientist who has in his Hair Tonic given to womankind a preparation that is designed to prompt the growth of thickness and length of hair. It will prevent hair from falling out and once your head is free from dandruff, it will keep it clean. Some people who wash their faces four or five times a day are content to give their heads a 'dousing' once a month or even less frequently. The fact is, the hair gathers more dirt, dust, and germs than face or body. The hair provides a good hiding place for these advance agents of disease.

The habit of using Dr. Nott's Hair Tonic is a sensible one and it is used in no more expensive than that of good soap, tooth powder or other toilet indispensables.

The women of today is paying more attention to her hair than she once did. Cleanliness and gentleness are well cultivated by the use of Dr. Nott's Hair Tonic. It can be had at the drug houses of the Myers-Dillon Drug Co., Ask about it. For sale at all druggists.

Only Scientific Methods Cure. Come to the leaders of medical specialists. Years of close study, thousands of dollars spent in researches and scientific investigations have made us expert and proficient. If you need a physician, get a good one. Do not afford to jeopardize your future health and happiness by neglect or experiment with unscientific and unreliable treatment. If you suffer from any disease or weakness, caused by ignorance, indiscretion or contagion, you are the very man we want to talk to and help.

Do not permit false delicacy to preclude your cure and deprive you of a useful life of happiness and prosperity. Call and consult us privately and tell us all about your trouble and we will tell you candidly whether or not your case is a curable one. Have the trouble rooted now, when it is blighting your future career and prospects. Don't put it off too long. Many men have made this mistake and you will do well to profit by their experiences. If your health is trembling in the balance and you feel the need of counsel, advice and medical aid, we will extend you a helping hand.

Many a man ails, and he doesn't know what ails him. We will make a thorough, accurate diagnosis of your condition that will disclose your true condition, without a knowledge of which you are groping in the dark. If possible, for the matter elsewhere without success, we will explain why you have not been cured and why we can cure when others fail. You have never been treated by our method. It has cured hundreds and hundreds of others. We will cost you nothing to call and investigate its merits, so don't delay another day. Diseases do not remain at a standstill. Delays are dangerous.

We treat men only, and cure promptly, safely and thoroughly by the latest and most effective methods. We cure: BRUISES, BURNS, SCALDS, SORES, POISON, SKIN DISEASES, KIDNEY AND BLADDER DISEASES, and all POISONOUS and their complications, in the shortest time possible, and at the lowest cost for skilled services.

FREE Consultation. Office Hours: 8:00 a. m. to 8:00 p. m. Sundays, 10 to 1 o'clock. If you cannot call, write.
