REMORSE SEIZES CRIMINAL

Confesses to Numerous Crimes After Discovery He Had Robbed His Aged Mother in Rush at Depot.

(From a Staff Correspondent.) LINCOLN, Feb. &-(Special.)-Women nake poor convicts, that is evident from the report of Warden Beemer filed with Governor Shallenberger. Though are only six women in the prison and their quarters are the best the state can furnish they refuse to dwell in peace and harmony, and so they have had to be pun-

Grace Allen so far forgot her "raising" as to fight. May Thomas, she of diamond fame, stooped to the same degrading exreise, and so did Nattie Miles. Mildred Bowlez is sick, but why the other two women prisoners were not included in the scrap the report does not say, and neither does it say they acted as referees. Anyhow the warden was pained at what happened, so in order to teach them better he deducted from Grace Allen's good time just forty days, ten more than a month from May Thomas' good time he took off sixty days, showing that she got the better of the scrap at least; and from Nettle Miles' good time there were deducted forty days.

Whether the women were put out at the entemplated change in management or were just feeling their oats and wanted to fight, the report does not say.

Mildred Bowles of Lincoln, now confined n the state penitentiary on a charge of taving stolen some hoods from Rudge & Juenzel, has made application for a pardon and her hearing has been set for March The husband of the woman filed the petition with the governor and in addition to a general breakdown of her health, he said, she is suffering with the following troubles: Neurasthenia, insomnia, neuro gastro enteritis. will be done which can be the subject of criticism by the people of this nation and that no law will be enacted which will be in contravention of the constitution or any treaty of the United States."

Japs Lay Hope in Senate. SAN FRANCISCO, Feb. 5.- The passage f the Johnson bill for the segregation of apanese in the public school was entirely nexpected here, for it was generally beeved that after the defeat of the Drew seasure all of the so-called anti-Japanese ills would be buried under an adverse rote. At the local Japanese consulate the news was received as soon as the bill passed, and on behalf of Vice Consul Takatashi Secretary Koyama made the follow-

ing statement:

Speaking for the Japanese consul and exidents, we are very much grieved that he assembly passed this bill. We did not expect that such action would be taken even by the assembly. We are confident, however, that the bill will not pass in the senate, because of the attitude of a mafority of the members of that house. Moreover, we feel certain that Govern Gillett, observing the desires of President Rousevelt, will not sign the bill, even though it pass in both houses. President Roosevelt and Governor Gillett, we beilieve, are acting justly and wisely in this matter."

The news of the passage of the bill was received with some constarnation by local school board, which already had its share of trouble from the question of separate schools for Japanese. If the bill cannot be beaten today it is expected that a move will be made to postpone re-consideration for a week or, at loast, until the

HAVE NO MEDICINE OR TRUSSES FOR SALE AS THEY WILL NOT CURE AND ARE GENER-ALLY USELESS.

My specialty is CURING of Rupture. There is no method that can be used at home that will cure. When taking my treatment all patients must come to my office, and if they live out of the city they can return home the same day and follow their usual vocation.

My Claims to Your Confidence. I am a graduate and licensed physician and permanently established in this city, and have a first-class professional and business reputation. I claim to be the leading expert in this part of the country in the successful cure of Rupture, without a surgical operation, and have cured hundreds of people in Western Iowa and Nebraska.

In 1907 I was afflicted with a Bupture and was told by doctors that it ownid not be cured except by a surgical operation, but I found that some of my neighbors had been cured by Dr. Wray, whom I called upon, and he accepted my case for treatment. I put the money in a hank in my own name and was cured inside of thirty days, and signed the money over to him, and have been sound in that respect ever since.

I can recommend everyone afflicted with a rupture to take his treatment, as it is without pain and a sure cure.

I Guarantee & Cure. I will cure all persons afflicted with a Rupture that I consider curable after an examination has been made, before accepting their money, and, furthermore.
