High Private Wins Palace Hotel Handicap at Emeryville.

LIGHT WOOL COMES IN SECOND

Smiley Corbett Starts Out to Make Face, but Finishes Last—Montgomery Wins Holland Cup at Santa Anita.

OAKLAND, Feb. 7.—High Private, the 2-year-old son of Odd Fellow, again displayed his class at Emeryville yesterday, winning the Palace Hotel handicap in clever style. The event, which was a mile and a half long, was the feature of the track, and a field of five went to the post. Dorante and Don Enrique having been withdrawn. High Private opened favorite, but at the close of the race he was a slight favorite in the betting. Smiley Corbett rubbed out in front, but before the half-mile point was reached, he assumed command with High Private, and after that he was never headed, winning from Light Wool and Eriestone. The race was worth \$2,000 to the winner. A light rain fell before the first race and the track was somewhat muddy. Summaries:

ATHLETIC MEET IN NEW YORK

Two New World's Records Are Made by Irish-American Club Men.

NEW YORK, Feb. 7.—Two new world's records were established last night at the annual indoor games of the Irish-American Athletic club at Madison Square Garden. The Irish-American Athletic club furnished the athletes who made the new figures. In the contest for throwing the fifty-six-pound weight, Patrick McDonald of the local club sent the missile 31 feet 9 inches. The best previous figures were 21 feet 5 inches, made by John J. Maganah, also of the Irish-American club, five years ago. In the four-mile run Thomas Collins of the Irish-American club won cleverly from Fred Bellars of the New York Athletic club by thirty yards, and both of them beat the old mark of 24:14, made by George Bonag of the Irish-American Athletic club a year ago. The timers caught Collins at 19:54 and Bellars at 19:46.

ROOT AND FOGLER WIN RACE

End of Six Days' Bicycle Contest in Kansas City.

KANSAS CITY, Feb. 7.—The six-day, eight hours a day bicycle race which started in the Convention hall here last Monday afternoon was won last night by Root and Fogler, who in the forty-eight hours rode 1,113 miles 7 laps. Root finished for his team, Kramer, Moran's partner, finished a wheel's length behind Root. Mitten, Bardgett's partner, finished a few feet behind Kramer. Demara of Demara and Hill and Walker of Walker and Pater finished fourth and fifth, respectively. Last year in a similar race here the distance covered was 97 miles 1 lap. The race just ended exceeded that by more than 116 miles.

OMAHA HIGH EASY VICTORS

South Omaha Shows Lack of Practice and Team Work.

PLAY IS DECIDEDLY ROUGH

Captain Burdick of Omaha is Injured Early in Contest, but Pluckily Returns and Plays the Game Out.

Omaha High school, 35; South Omaha High school, 9. Omaha High school alumni, 23; South Omaha High school alumni, 23. In a game of basketball that was both fast and closely fought, yet a walk-away affair for the local quintet, the visitors were packed tight by the purple and white stars and sent back home after one of the greatest defeats the South Omahans ever sustained. The game was played at the Young Men's Christian association gymnasium Saturday evening and was the second of the home series of basketball contests being played by the lads of the old school on the hill.

ATHLETES MEET IN BOSTON

Yale is First, New York Athletic Club Second, Harvard Third.

BOSTON, Feb. 7.—Despite the efforts of nearly 1,000 athletes, no new track records were made at the twentieth annual revival of the Boston Athletic association's indoor track meet, held in Mechanics hall last night. In only one event was a record even equaled. This was the forty-five-yard high hurdles contest, in which Arthur D. Dartmouth's champion long distance hurdler, negotiated the barriered distance from scratch three times in an even six seconds. B. L. Platt of Yale, in his trial here duplicated the feat. An official tabulation of the points scored by the leading colleges and athletes entered in the events other than team races, gives Yale, 16; New York Athletic club, 11; Harvard, 11; Boston Athletic association, 11; Worcester academy, 6; Dartmouth, 5; Fordham, 5; Andover, 2; Pennsylvania, 1; Carolina, 1. The following colleges and athletes entered in the events other than team races, gave Yale, 16; New York Athletic club, 11; Harvard, 11; Boston Athletic association, 11; Worcester academy, 6; Dartmouth, 5; Fordham, 5; Andover, 2; Pennsylvania, 1; Carolina, 1.

Burdick Shows Pluck

Starting with a fast, snappy play that showed good form and careful training and practice, the 1908 champs kept up the pace throughout the match. Within two minutes of the first whistle Captain Burdick was floored with an injury to his weak knee, but after leaving the gymnasium for a minute he returned to be greeted with applause and cheers as soon as he covered the first points of the game. He played the rest of the match with a poor leg, but nevertheless did not fail to put up his usual brand of stellar work. Forward Carrier made more field goals than any other player and had things going his own way most of the time. With Neaves under the South Omaha goal to recover the sporadic points, whenever it got into the wrong company, and Carrier or Burdick under the Omaha basket to bag it each time an opportunity was offered, the two points on every field goal kept piling up till the Packers lost heart completely.

Good Team Work Counts

Teamwork of exceptional swiftness and deft certainly more than once led to the South Omahans waiting with open mouths while Omaha scored. Twice a triple play carried the ball from South Omaha to Omaha's goal without interruption, and placed it in the basket on the first try. Poor judgment was shown several times by leaving Burdick star of the game, and seasons unguarded under his goal. His weak knee prevented him from moving about much, and yet he was left alone in the only position where he was sure of scoring, while his guard wildly chased the ball in another quarter of the field. Special once did the work of the champs rally to a decided stand of steady playing, and that was when a rough and tumble for possession of the ball left everyone in a more or less muddled-up condition and the ball happened to get into the hands of an unguarded South Omahan. This bit of spice only served to liven up the losers, but it did the same to the locals, so things remained as they had been.

Professional Coaches Are Employed for All the College Teams.

NEW YORK, Feb. 7.—Now that the base ball schedules for 1909 of many of the eastern colleges and universities have been announced, the undergraduates at these institutions are beginning to rave with more earnestness and attention the prospects of their respective teams for the coming season. Several of the base ball squads have been called out for the regular winter practice in the gymnasiums and each day the number of candidates is increased. With the coming of each season during recent years the interest in the various games among the collegians has materially increased. Professional coaches have been engaged to instruct the would-be ball toppers in the finer points of the play on the diamond and as a result the quality of the play has been much improved over what it was formerly.

CANTILLON TRAINS IN OMAHA

Arranges to Bring the Minneapolis Team to 45 This City.

THINKS OMAHA CLIMATE GOOD

Will Be in Omaha for Three Days in April and Says He Will Have a Good Team This Summer.

"I am just looking for a good summer resort to train my team," said Mike Cantillon, superintendent of the Northwestern American association team, who came to Omaha Saturday to meet Pa. Bourke. "Last year I trained the boys at Des Moines and it rained most of the time, so this year I will change off from Omaha, Des Moines and Sioux City, playing exhibition games at all these places. You can say for me that I am going to have a real ball team this year, too. The players are practically all picked, and we will have a good club. The dates we will play in Omaha are April 4, 7 and 8, and we hope Omaha will give us some good weather for spring training." Cantillon met his brother, J. S. Cantillon, superintendent of the Northwestern American association team, who came to Omaha Saturday to meet Pa. Bourke. "Last year I trained the boys at Des Moines and it rained most of the time, so this year I will change off from Omaha, Des Moines and Sioux City, playing exhibition games at all these places. BASE BALL PLAYERS TO BOWL

National Tournament at Pittsburg to Draw from All Sections.

PITTSBURG, Pa., Feb. 7.—(Special.)—Entries for the ninth annual tournament of the American Bowling congress will close here next Friday and Secretary Langtry of the American Bowling congress, who is the general manager of the tournament, is already being flooded with entries. From present indications there is hardly a doubt that the tournament will exceed in point of size that of last year at Cincinnati when 302 five-men teams took part. It is expected that the prize list will amount to \$30,000, as against \$20,000 last year. Secretary Langtry returned to the city a few days ago after an extended trip through the middle west and was in a most optimistic frame of mind. He claims the bowling centers in that section will send many more teams than ever before and says there will be at least 600 five-men teams in the tournament. One of the great features of the tournament will be the number of special dates which Chicago asked for a special day and since this fact became known a number of other cities have made similar applications. Among the dates arranged so far is O'Leary day, March 6, when the 1903 champions will bowl in company with a number of other Chicago teams; Cincinnati day, March 10; Allegheny day, March 11, and Chicago day, March 12. Another great feature will be the Base Ball day, which is scheduled for March 3. "Wild Bill" Donovan has already entered the Detroit, Miller Huggins will be here with the Cincinnati, John Gansel with the Rochester, while Hans Wagner will have the Carnegies on the job. A Chicago team, composed of "Cap" Aron, Jimmy Callahan and others has also promised to be on hand. Railroad rates will be especially low this year for the bowlers. Every passenger arrangement in territory from which the tournament can draw has agreed to a one and one-third fare for the round trip, far better than the inducements offered in previous years. The central location of Pittsburg, together with the low rates, is a big asset for the tournament. Duquesne Garden, where the tournament will be held, is one of the finest buildings of its kind in the country and in the amount of floor space even exceeds the respectable Madison Square Garden. Sixteen alleys have been installed and all will be used throughout the tournament except on a few days when one pair will be given up to the matches between the western, eastern and Canadian champions of last year, while a few special matches also will be held on them. The building is located only five minutes' ride from the heart of the city and is reached by three different street car lines. Special arrangements are being made by the tournament officials for the entertainment of the bowlers and among the affairs scheduled are banquets for the visiting delegates and excursion trips for the visiting women bowlers who will have a tournament of their own without an entry fee being charged.

ROWING TANKS ARE EMPTY

Yale Decides It Makes Oarsmen Too Slow with Blades.

NEW HAVEN, Conn., Feb. 7.—No more practice will be held in the rowing tanks at Yale. They have been removed from the gymnasium. It was "Phil" Allen, the captain in 1890, who constructed the first rowing tank at Yale. Allen was a genius as well as a clever oarsman. He first conceived the idea of having a candidate practice on a rowing machine alongside a mirror so arranged that the candidate could see the defects in his work. From this scheme Allen went to the rowing tank, which he constructed and greatly improved during the winter, when he was in charge of the training. In those days the rowing tank was considered a great boon to oarsmen. It held its popularity for ten years, since when it has been gradually falling into disuse. The oarsmen complained of the drudgery of rowing in the tank, and most of the coaches of recent years have been of the opinion that this kind of rowing tended to make oarsmen slow when they got into the open water. The Aero Club of America will be represented by the Wright brothers, and so far stands the best chance of capturing the prize. Should the cup and prize be won by this country it will mean that the race of 1910 will take place under the auspices of the Aero Club of America, on their grounds at Long Island motor parkway. The cup must be won three times and at each win a \$5,000 prize will be given to the winner.

IOWA DEFEATED BY GRINELL

Victors Are Only One Point to the Good.

IOWA CITY, Ia., Feb. 7.—(Special Telegram.)—Grinnell defeated Iowa in a fiercely fought game of basketball here last night by a score of 19 to 18. Superior basket shooting won for Grinnell.

BADGERS PLAY TWELVE GAMES

Base Ball Team Has Hard Schedule with Strong Clubs.

MADISON, Wis., Feb. 7.—Wisconsin undergraduates are rejoicing over the fact that the movement to abolish base ball as a varsity sport has met with defeat, and that the athletic council has authorized Dr. Hutchins, the athletic director, to arrange a twelve-game schedule. It is planned to play two games each with Chicago, Illinois, Purdue, Northwestern and Minnesota. The remaining dates have not been determined upon, but it is thought that Marquette will receive one of them. The candidates for the team will be called out at an early date.

PRINCETON TO PLAY MIDDIES

Tigers' Foot Ball Squad Not to Meet Harvard This Fall.

ANNAPOLIS, Md., Feb. 7.—The announcement is made here that Princeton has agreed to play foot ball with the midshipmen next season, and the game will take place at Annapolis, probably on October 11. The arrangement of this game strengthens the denial at Princeton that that team will play Harvard next year and also makes it unlikely that the local management will make an effort to bring the University of Pennsylvania to Annapolis. One game against a team of the highest standard is considered enough for the season. A Bloody Affair. Mrs. A. N. Douglas and Mrs. C. V. Smith were in lung hemorrhage. COLORED BOXERS IN PARIS

American Heavyweights Matched to Meet in French Capital.

NEW YORK, Feb. 7.—Joe Janette and Sam McVey, the colored American heavyweights who are in Paris, have finally been matched to meet in a twenty-round bout at the Ciroc de Paris on the night of February 20. This information reached here in a letter from the manager of Jeanette, who says that immediately after Jeanette had knocked out Ben Taylor, the English heavyweight, in three rounds at the Bowling Palace Athletic club of Paris, two weeks ago the officials of the Ciroc de Paris made Jeanette an offer to meet McVey, and he quickly accepted it. The bout is expected to draw the largest crowd that has ever witnessed a boxing match in France. M'Graw Tries New Collegian. Schaefer of California Goes to Texas with Glants. NEW YORK, Feb. 7.—Another infielder has been added to the list of young Giants who will meet John M'Graw in Marlton, Tex., next month. The youngster's name is A. J. Schaefer, and he is a college player from California. Schaefer hails from Los Angeles and has been a student at Leland Stanford university for three years. He was a whirlwind in the college games and has been sought after by several managers. Schaefer is a shortstop and in the college games last season he had a batting average of over .500. He is said to be a ten-second man and a fine base runner. He probably will remain with the Giants all season even if he doesn't participate in many games. A Bloody Affair. Mrs. A. N. Douglas and Mrs. C. V. Smith were in lung hemorrhage. Stop it, and cure weak lungs, coughs and colds with Dr. King's New Discovery. 50c and \$1.00. For sale by Beaton Drug Co.

It is expected that the prize list will amount to \$30,000, as against \$20,000 last year. Secretary Langtry returned to the city a few days ago after an extended trip through the middle west and was in a most optimistic frame of mind. He claims the bowling centers in that section will send many more teams than ever before and says there will be at least 600 five-men teams in the tournament. One of the great features of the tournament will be the number of special dates which Chicago asked for a special day and since this fact became known a number of other cities have made similar applications. Among the dates arranged so far is O'Leary day, March 6, when the 1903 champions will bowl in company with a number of other Chicago teams; Cincinnati day, March 10; Allegheny day, March 11, and Chicago day, March 12. Another great feature will be the Base Ball day, which is scheduled for March 3. "Wild Bill" Donovan has already entered the Detroit, Miller Huggins will be here with the Cincinnati, John Gansel with the Rochester, while Hans Wagner will have the Carnegies on the job. A Chicago team, composed of "Cap" Aron, Jimmy Callahan and others has also promised to be on hand. Railroad rates will be especially low this year for the bowlers. Every passenger arrangement in territory from which the tournament can draw has agreed to a one and one-third fare for the round trip, far better than the inducements offered in previous years. The central location of Pittsburg, together with the low rates, is a big asset for the tournament. Duquesne Garden, where the tournament will be held, is one of the finest buildings of its kind in the country and in the amount of floor space even exceeds the respectable Madison Square Garden. Sixteen alleys have been installed and all will be used throughout the tournament except on a few days when one pair will be given up to the matches between the western, eastern and Canadian champions of last year, while a few special matches also will be held on them. The building is located only five minutes' ride from the heart of the city and is reached by three different street car lines. Special arrangements are being made by the tournament officials for the entertainment of the bowlers and among the affairs scheduled are banquets for the visiting delegates and excursion trips for the visiting women bowlers who will have a tournament of their own without an entry fee being charged.

BASE BALL PLAYERS TO BOWL

National Tournament at Pittsburg to Draw from All Sections.

PITTSBURG, Pa., Feb. 7.—(Special.)—Entries for the ninth annual tournament of the American Bowling congress will close here next Friday and Secretary Langtry of the American Bowling congress, who is the general manager of the tournament, is already being flooded with entries. From present indications there is hardly a doubt that the tournament will exceed in point of size that of last year at Cincinnati when 302 five-men teams took part. It is expected that the prize list will amount to \$30,000, as against \$20,000 last year.
