### DOCTORS FACE DAMAGE SUIT

Outcome of Hospital Administration on the Shoshone Project.

### INJURED MEN MAKE COMPLAINTS

One Asks for \$25,000 for Loss of Arm and Leg as Result of Neglect, and His Case Will Be First Heard.

CODY, Wyo., Feb. 7 .- (Special.) -- Marko Ferko, an Austrian boy, is suing the Lane-Bradbury hospital for \$25,000 damages for an arm and leg, the loss of which he in the hospital he is suing, through his coln in Omaha on Friday has been comalleges in his petRion was due to gross attorney, W. L. Simpson of Cody, both pleted, the program being of three parts neglect and unskillful treatment. His case the Lane-Bradbury hospital and the conwill be heard in Sheridan on February 9. Dr. Frances M. Lane, with Dr. James

T. Bradbury obtained the medical contract from Pendergast and Clarkson, the Chicago contractors who were to build the highest dam in the world in the canyon of the Shoshone river. That was in 1906. The work in 1509 upon the Shoshone irrigation project is almost complete and several damage suits are either pending, or in preparation, against Frances M. Lane, James Bradbury and the Lane-Bradbury hos-

Drs. Lane and Bandbury contend that Ferko had all the attention which a man who was paying only \$1 a month for medical services could expect to receive.

Ferko asserts that he laid in the hospital for something like ten, days with his leg unset. Dr. Bradbury asserts with equal positiveness that he set the leg several times. Dr. Bradbury further declares that he set the leg in the canyon where the secident occurred. Ferko declares that he did not. Each will produce witnesses at the trial to corroborate their statements. Persecution is Albeged.

Friends of Drs. Lane and Bradbury declare that they are an innocent and persecuted pair whose surgical attainments are far above the average.

Critics of the hospital allege that its conducti has been a disgrace to the medical profession, to the community, and to the Reclamation Service.

The Ferko trial in Sheridan will go a long way toward establishing the contentions of one faction or the other.

Alexander Nuber, consul-general of Au stria-Hungary in Chicago, the Austrian societies of that place, and the fellow workmen of Ferko, are backing him in his suit. He is represented by Ridgely & West of Basin, Wyo., and by T. S. Hogan, the labor union attorney of Billings, Mont. W. Enterline, an attorney of Sheridan, Wyo., will represent Drs. Lane and Bradbury in the coming trial.

Ferko, who was a skilled workman high explosives, earning 50 cents an hour, is now practically helpless. The amputaon of an arm and leg at the Waples hospital was made necessary by gangrene which was caused. Ferko alleges, by the neglect of his broken leg.

Stanley Loomis stepped in a vat of hot water while working at the Shoshone dam and scalded his leg. He was taken to the Lane-Bradbury Bospital, where his leg was bandaged and he was allowed to remain four days. He was then ordered out by Frances M. Lane. Loomis, who is young man of intelligence and education, protested that he was entitled to treatment since a dollar a month had been regularly deducted from his wages for medical serviece. He was obliged to go.

Sewers Repaying, paying and curbing. Sidewalks Loomis' leg became infected from lack of

#### ELKS WILL REMODEL AT ONCE Children Give Mine Elliott Benn-Contract Let to Capital City Brick and Tile Company of Omaha.

The Capital City Brick and Tile company Saturday afternoon was awarded the con tract for remodelling the Granite block, on Pifteenth street, between Harney and Farnam streets, for the Elks' lodge. The contract price is \$50,000. There were ten bid-

The work of remodelling will begin at once, and the contract calls for completion within sixty days. All but the lower floo will be rebuilt, the lower floor being left for store purposes. Club rooms, lodge rooms, a buffet and possibly a cafe will be fitted up in the upper three stories of the building.

### RULES FOR DEBATERS MADE Bellevne Triangular Will Be Held February 17, with Fourteen

Men Entering. The Bellevue college debating clubs in loint meeting have perfected plans for the preliminaries to the triangular state debate. The contest for places on the teams will be held Wednesday evening, February IT.

All who enter this contest must be able to set forth a brief of the entire debate which would be practicable for three speakers to use jointly in the state contest. Thought and readiness of expression will count most heavily in the test. Each man will also have opportunity for one speech in rebuttal which will also be used in determining the winners,

The following men will try for places: Phelps, Carcy, Primrose, Hamblin, Mo-Cormack, Enfield, Rice, Adoock, Brandt, Atwater, Morter, Jones, Larson and Graham. Ohman will doubtless find it impossible to do the required work due to his participation in the state oratorical

The Adelphian and Philomathean Literary societies are working jointly toward a program in honor of the birthday anniversary of Abraham Lincoln. The time will be equally divided between the two societies. The Adelphian will consider his life up to 1560, and the Philomathean from 1800 until his death.

Music by the academy orchestra will open the program. When the Adelphians have concluded their part. Robert S. Calder will give a selection "Reminiscences of There will be music by the male guartet also before the Philomatheans open. In their program the following

numbers will appear: "Lincoln's Inaugural Address." Hamar Adcock, "Lincoln as a Story Teller," Miss Davis. "Lincoln's Life in the White House," Miss Abbe Robertson. "Lincoln's Gettysburg Address." Donald Enfield. "Lincoln's Emancipation Proclamation," Alberta O'Kane, "Lincoln as Commanderin-Chief of the Army," Finch Templin. The program will close with Prof. Leonard's "Estimate of the Man," and music by the male quartet. The occasion will also serve as an opportunity for the unveiling of a bronze tablet which has inscribed upon it Lincoln's Gettysburg speech. This tablet is a gift of the students to the college and will be kept in Clark

### KIDS REMEMBER THE STAR

tiful Boquet at Burwood

Theater.

During the week at the Burwood theater number of little folks have been playing in the performance of "Lover's Lane," and thus have come into close contact with Miss Elliott, who played the part of Molly Larkin, the volunteeer schoolma'am. The star of the company made fast friends with the little folks, and when they learned that she is to leave the company this week, they were very much concerned, Last night Miss Elliott was greatly surprised to receive over the footlights i boquet of carnations, with card: "To Miss Elliott, from the School Children of Lover's Lane." It later developed that the youngsters had formed a regular Lorna Eiliott association for the purpose of making the presentation.

worth who found the leg in a con

Changeable weather, exposure, grippe, colds and chills cause most of the kidney trouble that is common in winter and spring. That is what causes those spells of lame back, backache, shooting pains, tired feelings, dizziness, nervousness, fits of irritability and "blues." The kidneys are clogged with impurities, set back in their great work of filtering the blood, congested, irritated or inflamed. Poisonous uric acid is collecting where it should not and setting up disturbances and pain. Cure the weakened kidneys-set them working right again. No need to experiment. Use Doan's Kidney Pills, which have proved their merit in thousands of cases.

### Omaha Testimony Proves That Doan's Kidney Pills Cure Sick Kidneys

### **OMAHA PROOF**

Wm. H. Sage, living at 4211 Burdette St., Omaha, Neb., says: "The great value of Doan's Kidney Pills was fully demonstrated to me some years ago. I had been suffering from kidney trouble for three or four years. I had severe pains in my back and across the region of my kidneys and when I caught cold or overexerted myself, my suffering was always increased. My work at that time required me to be in an almost constant stooped ositon and this, no doubt, affected my kidneys and was responsible for the backache. Doan's Kidney Pills finally came to my attention, I procured them from Schaefer's Cut Price Drug Store and they gave me prompt relief. I have had some slight return of kidney trouble since, but an appeal to Doan's Kidney Pills has never failed to ward off any serious trouble. It gives me pleasure to en-dorse such a reliable preparation to other

### OMAHA PROOF

Mrs. O. A. Earl, 10111/2 So. Eleventh St., Omaha, Neb., says: "The statement I gave in 1899 regarding the merits of Doan's Kidney Pills holds good today. For two years I was troubled with backache and though I tried many remedies, could obtain no relief. Finally Doan's Kidney Pills were brought to my attention, and I bought a box at Schaefer's Cut Price Drug Store. A short use of them cured me and there has never been a return of the trouble since. I know of another instance in which Doan's Kidney Pills were used for backache with the most satsfactory

### "Stabbed in the Back" HAVE YOU EVER HAD ONE OF THOSE SUDDEN TWINGES?

Have you ever had one of those "cricks" in the back?

Does you back ache with a dull, heavy, draggy throb?

Is it hard to straighten up after stooping? Hard to get up from a chair, or turn in bed?

Is the urine dark-colored? Passages too frequent, scanty or scalding?

Your kidneys need attention. Get a box of Doan's Kidney Pills, the remedy that has cured thousands.

### **Backache Gives You Warning of** Treacherous Kidney Ills

Backache is likely to be the first sign noticed of kidney disorders that have been coming on for months. Kidney diseases start mysteriously and make silent, rapid headway. The advanced stagesdropsy, diabetis, gravel and Bright's disease-are usually fatal. The best time to cure kidney disease is in the beginning. Notice the first stab of pain in the back, the first irregularity of the urine. Then give the weakened kidneys prompt help. Neglect may mean a serious illness. Doan's Kidney Pills strengthen weak kidneys, cure bad backs, clear and regulate the urine, and restore natural kidney action. They relieve quickly and cure permanently.

### Omaha People Tell How Doan's Kidney Pills Cure Bad Backs

### OMAHA PROOF

### OMAHA PROOF

John C. Hoefler, living at 2918 Burdette St., Omaha, Neb., says. "A dull, heavy aching across the kidney regions bothered me for a long time, being especially severe when I stooped or lifted. I used medicines recommended for kidney trouble, but my back continued to ache as badly as ever. At last I had the good fortune to hear of Doan's Kidney Pills and believing they would help me, I procured a box from Schaefer's Cut Price Drug Store, They positively removed my trouble and during the years that have since elapsed, I have had no recurrence of it. I take a few doses of Doan's Kidney Pills now and then and find that they act as a tonic to my system and keep my kidneys in a healthy condition. Words but feebly express my opinion of this valuable remedy."

Mrs. Augusta Bohlmann, 1913 Oak St., Omaha, Neb., says: "It gives me pleasure to endorse Doan's Kidney Pills. What I stated several years ago about them was true and I can add today that no symptom of kidney complaint has ever returned in my case. A cold which I contracted and which settled in my kidneys brought on backache. As years passed the attacks became more severe and frequent, and I was truly in a bad condition when I began using Doan's Kidney Pills. They rid me of this trouble in a short time as well as disposing of other symptoms of kidney complaint which had been present. Considering the fact that my age is getting advanced, and that I have never had any return of kidney trouble, I am sure that it can be seen how valuable Doan's Kidney Pills are in cases of kidney complaint."
