Champion to Begin Fruit Harvest with Big Frenchman.

WANTS MORE OF EASY MONEY Game Suffers by Real Wrestlers En-

anging in Contests with De Ronen, Biggest Frost of Years.

Frank Gotch evidently did not clean up all the cash he wanted on his lemon crop over in England, for he is giving signs of gold g after more easy money.

The telegraph wires bring the report out of I es Moines that he has signed to wrestle Reoul de Rouen, the big French hulk, for a purse of \$10,000. The dispatch also says, "and for the world's title." This, of course, is foolish. Gotch has the

of world's champion and De Rouen the title of nothing, except a poor thirdrate wrestler and no claim to anything e'se. Of course Gotch may take on this had of meat; he may decide to go the rounds of the plugs and take in all the easy money the public cares to contribute for the privilege of seeing him make monkeys of these chaps, but he won't be wrest, ling anybody for the world's title until he meets men of a type far different from that of De Rouen.

It is barely possible Mahmout, the Turk, may be able to give Gotch a real match but he seems to be the only man anywhere rear available now.

The South Omaha police have not yet succeeded in learning the identity of the driver whose wagon ran over Carl B. Smith last Saturday. Senator Perkins claims that the criticism of his attitude on the naval program is

"In 1838," he explained. "I became a member of the senate naval afairs committee At that time we did not have a single battleship in commission and very few first class cruisers. Today we have twenty-seven bat South Omaha city council failed of its Mon- tleships in commission and five in course of construction, in adition to the fleet of firstclass cruisers, torpedo boats, and other

and marines. "I have voted for every increase in the naval appropriation that has come before the committee with the exception of the last proposal to build four battleships in one year, which I did not think expedient, believing it the part of wisdom and wise business policy to profit by our own experience and the mistakes in naval construc-

tion of other countries. "As a verification of what I say, I would refer to the Congressional Record, which records every vote for and against any pending measures."

The fact that in the prospective reorganization of the senate committee Senator Perkins of California will succeed Senator Hale of Maine as chairman of the commit tee on naval affairs has had the effect of adding to the interest in the president's reference to the California senator.

If a protest, prepared by skilled attorneys, presents a prima facie case of unreasonable advance of the rate and offers no opportunity for an investigation before it must be acted upon, an official body on which was imposed the responsibility to act would be constrained to suspend the rate until a final determination of the complaint.

Thrown from Horse and Killed. BLOOMFIELD, Neb., Feb. 9 .- (Special.) Henry Kuehl, a prominent farmer living six the public road about one and one-half miles north of town Sunday morning at 10:30 o'clock in an unconscious condition with a deep flesh wound in his face. He was found by Veterinary Surgeon Gabler. The Kalur hospital ambulance was immediately summoned and the unfortunate man was taken to the hospital. Upon examination it was found he was suffering from a hemorrhage of the brain from which he died at 19:30 o'clock last night without regaining consciousness. How the accident occurred no one will ever know, but it is supposed that the horse became unmanageable and threw its rider, kicking him in the
