Kennedy has won from all comers in this ection of the country, having recently defeated the Kansas City professional, who also ranks high in the squash ball world and who is also a former world's champion. Many of the prominent Omaha clubmen will be in Chicago to attend the Chicago Automobile show and they have arranged to remain over until 10:36 Saturday morning to witness the match.

DRIVES OUT

Rheumatism is in reality an internal inflammation-a diseased condition of the blood cells which supply the nourishment and strength necessary to sustain our bodies. Uric acid, an irritating, inflammatory accumulation, gets into the circulation because of physical irregularities, and then instead of nourishing and invigorating the body, the blood irritates and inflames the different nerves, tissues, muscles and joints, because of its impure, acrid condition. The pains and aches and other disagreeable and dangerous symptoms of Rheumatism can never be permanently cured until every particle of the cause is driven from the blood. S. S. S. does this because it is a perfect blood purifier. It goes down to the very bottom of the trouble, purifies and cleanses the circulation, invigorates the blood, and completely drives Rheumatism from the system. Plasters, liniments, soothing lotions, etc., may be used for the temporary relief and comfort they bring, but a cure cannot be effected until S. S. S. has removed the cause. It frees the blood of every impurity and makes it a rich, health sustaining fluid, to bring permanent relief and comfort to those who suffer with Rheumatism.
