BLIZZARD RAGES IN COLORADO

Worst Storm of Winter Has Again Practically Tied Up Rallroad Traffic.

DENVER, Feb. 14 .- The worst blizzard of the winter raged in the mountains of Colorado today and tonight, and as a result railway lines that have been tied up nearly a week and which, the officials believed were about to be opened will probably continue blockaded for several days

The Denver & Rie Grande has called in its snowplows from Marshall and Poncha passes on its narrow gauge lines, but has thus far managed to keep open to traffic Tennessee pass on the main line between Denver and Salt Lake City-

The Rio Grande Southern is practically out of business. The Leadville-Gunnison line of the Colorado & Southern is still closed.

The bliggard struck Denver soon, after noon and continued until late tonight. Street car traffic was greatly delayed.

Relie of Lincoln, the Grocer's Clerk. LAKE CITY, Is., Feb. 14 .- (Special.)-Jonathan Sutter, a wealthy stock raiser who resides several miles northwest of town, has an old sugar cask which he purchased of Abraham Lincoln when the lamented president was part owner of a little grocery store in Illinois. In those days sugar often came from The Netherlands or from Cuba in stout casks, and after the contents had been disposed of the cask was valuable to pickle meats and for cider. Sutter bought the barrel from the lanky youth after considerable discussion over its value. The man who afterwards became president wanted 40 cents for it. while Sutter maintained that two bits was enough. In those days money bought more than it does now for the reason that most of the trading was by exchanging groceries, etc. for produce. The cask is made entirely of wood and has been modeled into a sort of table and shellaced and will be kept as a relic of the days when Lincoln was a young man.

Randall Released from Jail. RAPID CITY S. D., Fob. 14.-(Special.)-Ernest B. Randall, who has been confined in Pennington county jail since last July, was released on his, own recognizance Thursday by order of Judge McGee with concurrence of the state's attorney. Randall was tried during the December term of court for the murder of Marion F. Dragoo, known here as M. F. Bright. The latter was shot down in his corn field while at work on his ranch near Imlay, a station on the Milwaukee road about fifty miles cast of this city, Randall at the time was visiting Bright and his supposed wife, a young woman named Roalle Bartonne. The evidence furnished by the prosecution was insufficient to convict the or in a disagreement of the jury, Randall agreed to present himself at the March term of court, but as no bond in to be forfeited should he fall to appear it is doubtful if be will be tried again.

"Not by Might, nor by power, but by my Spirit, saith the Lord."

With these impressive words from holy writ as the watchwords the new Immanucl Baptist church at Twenty-fourth and Pinkney streets was dedicated to the worship of Almighty God on Sunday. All day services were held-in the morning, afternoon and evening-and the beautiful edifice, costing nearly \$29,000 was didicated free of debtthe last \$1,000 being raised at the afternoon meeting.

The didicatory services proper were held in the afternoon, from 3 to 6 o'clock. This, as were the other serivces were participated in by the pastors of several of the Baptist churches of the city and suburbs Rev. George A. Campbell, pastor of the Benson Baptist church, offered the invocation; Rev. W. F. Raebel, pastor of the German Baptist church, read the scripture lesson; Rev. E. R. Curry, D. D., pastor of the Calvary Baptist church, offered prayer; Rev. J. W. Conley, D. D., pastor of the First Baptist church, delivered the dedicatory sermon; Rev. George Van Winkle, pastor of the South Omaha Baptist church, offered the dedicatory prayer, and Rev. Philetus H. McDowell, pastor of 1mmanuel Baptist church pronounced the benediction.

"Keep yourselves in the love of God," a verse from the book of Jude, was the text from which Dr. Conley preached the dedicatory sermon.

"The text does not mean that we are to keep ourselves so good that God will tove us," said Dr. Conley, "but it means that we must keep ourselves in His love. just as it does not mean that by keeping in the sunshine we can keep the sun shining. If we are to keep ourselves in the love off God there are two or three things against which we must guard ourselves. One of these is the confused conception siders to land. this semester as was hoped, nor will Haar-

most reliable pitcher on the staff, is in line

again for his last year of Bellevue base

ball. Due to an evenness in his work and

perfect coolness he is invaluable to the

squad. He is also a good third baseman.

Stark, a new man, is showing valuable

speed and strong curves. With better con-

will likely be brought in from the field to

fill the open position behind the bat. He

has a swift, accurate throw to bases and

Aunonucements of the Theaters. "The Roundop" is a play with the big-

ness of all outdoors. So adroitly is it handled that it is about as untheatric as a dramatic production can well be. With It's stirring scenes before him the spectator loses sight of the fact that he is inside the four walls of a theater. The great far west is magically transferred to city doors and the blood is set tingling with all one rees and hears. The plains, the mountains and canyons have an irresistible fascination for everycre, but there are comparatively few with time enough to enjoy their wonders and delights. In "The Roundup" the bracing, vigorcus atmosphere of life in the open is preserved with startling fidelity and truth. Three Hundred Dollars Pledged for Use of State Organization.

MITCHELL, S. D., Feb. 14.-(Special Telegram.)-This evening 150 members of the Young Men's Christian association met in the farewell meeting of the convention which has been held here since Friday and an impressive service was held. During the day leading members of the association filled the pulpits of the churches at both

morning and evening services, presenting the work of the association. Bruno Hobbs, the international commit coman, presented the needs of the state

association and \$300 was pledged by the college and city associations, this being the first time that the city associations have taken any prominent part in the state conventions.

At the men's mass meeting this afternoon 500 men listened to an address for social purity among men by W. M. Parsons of Minrespolis.

Ord Gamblers Fined. ORD, Neb., Feb. 14 .- (Special.)--Wednesday, Judge Paul came up from his home at St. Paul, and held a short session of district court in this city. The alleged gamblers, who were arrested here a short time ago after waiving examination at the county court decided to plead guilty. The affair was a sort of a compromise all around. Three of the men pleaded suilty on condition that the other two would be let off. Those who pleaded guilty were Arthur Hall, Butchle White and Fax Hughes. They were fined \$100 each. The charges against Frank Crow and Charles Masin who had been arrested with the gang were withdrawn. No action was taken in the case of John Turner. Charles Strom, who acted as decoy and assisted the officers in the arrest of the gamblers went to Dakota last week and it was rumored that he had been hired to clear out and not appear with his evidence in the district court. mind, keeping millions in a state of fright-

Says Dr. Clarke: "The malignancy and unvarying fatality of cancer and the Indian-like or long-continued torture of its victims characteristic of this terrible disease justify the popular horror of its very name, and its appalling frequency and rapid increase of late years may well chal-

longe the closest attention of the medical prefession. Its victim, like Prometheus bound, sees the hungry vultures plucking at his vitals, but has no hope of a medical Hercules coming to his rescue.

"Cancer steadily pursues its relentless march, slaying its thousands and tens of thousands, slaying the Grants and Gladstones of the world, or the most eminent physicians and surgeons, with as little lenency as it displays toward their humblest and most helpless followers. In the state of New York 6.400 adults died of cancer in 1907. In other words, to bring the subject

intimately close, in an ordinary man's lifetime about 300,000 people will succumb to the disease in this state.

"As cancer was practically unknown until cowpox vaccination began to be introduced, it is certainly about time to study out the possible connection between the

two. Cancer, I believe, is a disease of cell life, a disturbance of its equilibrium manifested by the rapid growth of cells

and the consequent building up of a tumor. I have had to do with at least 200 cases of cancer, and have declare that I never saw a case of cancer in an unvaccinated person. This of itself may not mean anything, but I ask all physicians to pursue their inquiries along this line and see what

will result. "The way vaccination causes cancer is like this: It takes twenty-one years to

make a man and but four to make a cow, the former being of slow cell growth and the latter rapid. To put the rapid-growing cells, or protoplasm, of a diseased animal (in a condition of virulent infectious activity9 into the slow-growing cells of manas is done in vaccination and the various forms of blood assassinations now rife in civilized' countries (often enforced by law, health departments or boards of education)-is to disturb the equilibrium of cell life and create that disparity, digarrangement and disorganization which, when the season for cancer comes late in life, results in cancer, if not tuberculosis earlier.

"This conclusion," adds Dr. Clark, "is both logical and in accord with the most profound discoveries of modern biology and pathology, from the cellular pathology of the great Virchow to the recent dis-

covery of Dr. Roswell Park in the statepaid work at the University of Buffalo, that the 'cancer organisms can be detected in the blood, and conform closely in , appearance to the bodies found in the blood after vaccination'-confirming the previous

claims of Funck and Gorrini abroad."-New York Press.

Joke Story Causes Comment.

Sporting writers all over the Western league circuit seem to take the rumor seriously that Pa Rourke is talking of sell-ing the Omaha team to a Comiskey agent. Of course these writers don't know the straight of the deal, which was simply that the members of the Stove league wers "kidding" a certain sporting writer who "ate up" the dope as it was handed out. Big Nebraska Circuit. Nebraska will have one of the best rac-ing circuits in the country this year and the ten weeks of connecutive racing, start-ing with a rousing meeting at Tekamsh and ending with the races for the big purses offered by the State Fair associa-tion, will insure the best horses in this section of the country. Tekamah has about the livelicat bunch of sportsmen to be found anywhere, and it is a clinch that they will give a race meet to open the cir-cuit which will be a hummer. Bud Latta, who represented the Tekamah horsemen at the meeting of the officers of the state ameediation in Omaha last week, made a hard fight for larger purses and guined the concession that no purse should be for less than 3200 and any town could make the meeting of the officers.
