FRANKLIN AUTOMOBILES

Tire Trouble

Ninety per cent of automobile road stops are due to tire trouble. And it is the weight of an automobile that makes the tire trouble and the heavy expense.

Five per cent increase in an automobile's weight adds fifteen per cent to the wear and tear of the tires.

Increase the weight one-third and the wear on the tires is one hundred per cent greater.

The average water-cooled automobile weighs a third more than a Franklin of same ability.

The Franklin is air-cooled. It also has large wheels and large tires—larger in proportion to weight than any other automobile—

which makes the wear on the tires still less. So the Franklin solves the tire problem and solves it in the only practical way.

WAS DOWN AND OUT AFTER FOUR YEARS' STRUGGLE

E. A. Castle Gave Up Business Because Dyspepsia Was Too Much For Him.

L. T. Cooper's preparation, which is at present enjoying a tremendous sale in New York, was strongly endorsed by E. A. Castle, of 300 West Seventeenth street, Tuesday.

Cooper, who claims that most ill-health is caused by stomach trouble, is meeting the public and explaining his medicine at present in New York. Mr. Castle called at the Cooper headquarters about 3 o'clock and said:

"This New Discovery is all and more than Cooper claims. I say this after a remarkable experience with this preparation. I had heard of Cooper's success in Boston, and therefore when I began to hear of him in New York I came to see him some time ago. I had little faith in any medicine, but after four years of constant suffering, during which time I consulted the very best specialists, was operated upon twice and received no benefit whatever, I made up my mind to try his treatment.

"I started taking Cooper's New Discovery seven weeks ago. At that time I was in such poor health that I had given up business. I began to improve after the first week, slowly at first, and later very rapidly. For the past three weeks I have had no sign of stomach trouble. I can eat anything with no bad effects whatsoever. I have a fine appetite and am gaining flesh. I am cheerful, full of energy and am no longer nervous. My bowels are in perfect condition for the first time in years. I am now back at my business again and feel as though I had been made over.

"When I realize that a few weeks ago I was a miserable, nervous dyspeptic, barely subsisting on liquid food and feeling tired, gloomy and depressed at all times, my relief and thankfulness is beyond expression, and I consider myself in duty bound to make this statement."

Cooper's New Discovery has made a wonderful record in New York and other cities. It is now on sale at leading drug stores everywhere. We will furnish full information about this remarkable preparation upon request. The Cooper Medicine Co., Dayton, Ohio.

EARTH SHOCKS AT REGGIO

Prof. Alfano of Florence Observatory Says They Will Continue for Two Years.

Have not coughed once all day?

Yet you may cough tomorrow! Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house.

Then when the hard cold or cough first appears you have a doctor's medicine at hand. Your doctor's approval of its use will certainly set all doubt at rest. Do as he says.

THE EXCEPTIONAL EQUIPMENT

of the California Fig Syrup Co. and the scientific attainments of its chemists have rendered possible the production of Syrup of Figs and Elixir of Senna, in all of its excellence, by obtaining the pure medicinal principles of plants known to act most beneficially and combining them most skillfully, in the right proportions, with its wholesome and refreshing Syrup of California Figs.

As there is only one genuine Syrup of Figs and Elixir of Senna and as the genuine is manufactured by an original method known to the California Fig Syrup Co. only, it is always necessary to buy the genuine to get its beneficial effects.

A knowledge of the above facts enables one to decline imitations or to return them if, upon viewing the package, the full name of the California Fig Syrup Co. is not found printed on the front thereof.
