MOVE FOR SANITARY MILK SUPPLY Commercial Club Will Take the Matter Up.

Sanitary milk supply for Council Bluffs will be discussed at the weekly session of the executive committee of the Commercial club today. The matter will be broached by Charles A. Beno, president of the club, who is said to be deeply interested in the subject.

President Beno will suggest that an effort be made to secure Prof. M. H. Reynolds of the Minnesota Agricultural college for a lecture in this city. The dairy conditions in several Iowa cities, it is said, have been greatly improved as the result of lectures given by Prof. Reynolds.

Arrangements will also be made at this meeting for a delegation from the club to go to Des Moines to attend the hearing before the ways and means committee of the senate on the railway terminal taxation bill. It is desired that Council Bluffs have a large and representative delegation at the hearing.

The city officials will leave this evening for Des Moines over the Rock Island. The delegation will include Mayor Maloney, City Treasurer True, City Solicitor Kimball, several of the councilmen and City Clerk Casady. (The party does not expect to return before Thursday morning.)

In consequence of the trip to Des Moines the city council will not be able to meet with the Trade and Labor assembly on Wednesday night as previously arranged.

An Honest Medicine A BLESSING TO ANY COMMUNITY

HON. M. H. P. WILLIAMS, JR.

"Whoever relieves aches and pains and cures the sick is a friend to humanity, and an honest medicine deserves praise. As prevention is better than cure, and a cold is the beginning of a great number of diseases, so a good cough remedy is a blessing to any community," says Hon. Mason H. P. Williams, Jr., of Frankfort, Ky., in a letter to the Chamberlain Medicine Company.

Reliable Cough Remedy

He further says: "You have my hearty endorsement in placing before the public an honest cough remedy, one which can safely be used by young and old and can be relied upon to do just what is claimed for it. I wish you abundant success. Chamberlain's Cough Remedy has many friends here."

This medicine makes friends wherever it goes, and when once used in a home nothing can be found which will quite take its place.

Chamberlain's Cough Remedy

The tendency of medical science is towards preventive measures. It is easier to prevent than to cure. This is especially true of pulmonary diseases. Pneumonia, bronchitis, chronic catarrh and consumption are all diseases that have their beginning in a cold, and which in most cases could have been cured. Chamberlain's Cough Remedy is famous for its cures of colds, and all danger from these diseases may be avoided if it is properly used.

The above endorsement of this remedy is only one out of many thousands of similar letters received by the manufacturers of this remedy. All over the country in every home where it has been used it has proved itself to be a blessing.

It is as good for a child as an adult, as it contains absolutely nothing injurious, and for coughs, colds, croup and whooping cough, it has no equal. Price 25 cents, large size 50 cents.

other duties for which he is fitted, and some other assistant superintendent will take charge at headquarters, and while there, will be most assistant. Thus, each of the assistant superintendents, who formerly had the various titles of division engineer, master mechanic, trainmaster, etc., may, perhaps, serve in rotation at headquarters and get experience in supervising the operations of the entire division. Each will know all about either the transportation or the mechanical or the engineering departments of the division, according to his special training, and something about some of each of the other departments."

FILIPINO BAND IS COMING

Musical Little Brown Beavers Will Play in Omaha Next Sunday.

The Philippine Constabulary band, an organization which is not composed of "naked head hunters," but of trained musicians, though native born, will give a concert in the Auditorium Sunday night next.

The band is on its way to Washington at the special request of President-elect Taft to lead the inaugural parade, and stops in Omaha and a few of the other large cities.

The band is traveling from San Francisco in three special cars, a special train being engaged to bring it from Denver, where it will give a concert Saturday evening. It will arrive in Omaha over the Rock Island late Sunday afternoon, go to Lincoln Monday, and from there to Chicago, Cleveland, Pittsburg, Baltimore and Washington.

There are eighty-six pieces in the band, but all the officers being native born Filipinos. It was organized while Mr. Taft was governor of the Philippines and the president-elect took a fancy to the organization, so much so that he has asked it to have the most prominent part in his inaugural next month. It is to the Philippines what the Marine band is to the United States and furnishes the music at all official functions in Manila. Colonel Mark Hersey is in command and the other officers are Captains, Lieutenants, Sergeants, Fred Simpson, formerly a reporter on a St. Louis paper, and later the owner of a paper in the Philippines, is the general press representative, making arrangements yesterday for the appearance of the world-renowned organization in Omaha.

"Everyone who is fond of good music should hear these Filipinos," said Governor Luke E. Wright, formerly governor of the islands and now secretary of war. Embodied in the band is a symphony orchestra of sixty-two pieces and the program including a saxophone sextet from Verdi's "Lucia di Lammermoor."

The band is traveling 25,000 miles to play for the inaugural ball and is paying out \$6,782 in railroad tickets from San Francisco to the capital. From Washington the organization will go to New York for a two weeks' engagement, then to England for a short tour, and home via the northern route through the United States, touching St. Paul, Helena, Portland and other centers.

Stuart's Dyspepsia Tablets are concentrated vegetable and fruit essences which give the system every fluid, stimulant and ingredient necessary to gain the full strength from everything which goes into the stomach, or to keep from the system everything which should not stay and decay in it.

If you eat fast and improperly, if you will drink and eat irregularly and in excess, then give to Nature as you do so much of the work which she demands to do. After a meal take a Stuart's Dyspepsia Tablet, and the meal won't hurt you or your stomach.

At a midnight dinner take a Stuart's tablet and you will sleep well and get up without a headache which is filled with the decay of the midnight meal.

Verify your stomach like you do your business. Fortunes when lost can be regained, but the stomach outraged stays with you to the finish, and you know it is there.

If you want to know what these tablets will do, buy a package from any druggist, price 50 cents, or send us your name and address and we will send you a trial package free by mail. Address P. A. Stuart Co., 119 Stuart Building, Marshall, Mich.

THE STRUGGLE TO KEEP THIN.

Until recently professional people, singers, etc., have had to keep an eternally vigilant eye on their fat. It has been customary for many to weigh daily, the slightest indication of an increase being their cue for a strenuous course of dieting.

Nowadays a large number keep on hand the following mixture: One-half ounce Marmola, 1/2 ounce Fluid Extract Cascara Aromata, 2 1/2 ounces of Tepid Water, and depend on that instead of dieting or exercise to reduce their flesh and keep it stationary. A teaspoonful after meals and at bedtime of this pleasant mixture is sufficient to keep the bowels in motion one pound a day without causing wrinkles.

Instead of disturbing the stomach, as many advertised fat remedies do, this receipt is said to improve the appetite and general health. At any rate, it is certain one can get results without making any changes in the diet.

Let the Rep. Want Ads. do the work for you.
