### LAWYER FIGHTS FOR CLIENT

#### Says Opponent Hounds Cackley as if He Were a Polecat.

#### HOWELL AND SEARLE MIX WORDS

#### Remarks of Counsel Indicate "Fight to a Finish" in Divorce Case on Trial Before Judge Troup.

"You have hounded and pursued my client as if he were a polecat. I shall waive no right and grant nothing. Moreover I give you fair warning that this will be a fight to a finish."

Attorney F. S. Howell, counsel for Edward Cackley, thus addressed himself to Attorney E. A. Searle in Judge Troup's court Thursday morning.

The latter had been pleading for sixty days delay in order to take the deposition of Mrs. Cackley's father, brother and sister who live in Clinton, Ill. Searle had first asked permission to have transcribed some oral testimony given by the same persons at a previous hearing.

"I am conscious of having conducted myself with the most humble courtesy to you," Searle replied to Howell.

"I am not talking about myself, but my client," answered Howell. "He has been fairly hounded throughout."

It developed from the remarks of the lawyers that there will be a big fight when this divorce suit is tried over the question of the ownership of a large amount of property which was owned by other relatives of his and his wife maintaining that it is really the defendant's.

As to Change in Petition. Attorney Searle declared that he could not say whether Mrs. Cackley's petition, which is now for separate maintenance and alimony, will be changed to one for absolute divorce. His opponent notified him formally that he would object if there is an attempt made to change this suit at an inopportune time. It is likely that the petition will be so changed. With regard to the depositions and delay Judge Troup ruled that he would take the case off the call pending a motion by either side at any time for its reinstatement and that the work of taking the depositions must proceed at once.

According to a statement by Mr. Cackley's lawyer the noon session was quickly. The couple were married May 15, 1907, and Mrs. Cackley left her husband, he said, June 24, 1908. Two weeks later the first papers in the suit were filed.

In contrast to the "finish fight" which is promised in the Cackley case, is the withdrawal by Mrs. Malinda Burr of her suit for divorce against Arthur Burr. A stipulation to that effect was filed Thursday morning, signed by both parties.

There was one new divorce suit Thursday. Elizabeth Short sues John P. Short. According to the petition Short administered an almost daily beating. She asks for the custody of her two little girls.

### OUTSIDE EAGLES SCREAM, TOO

#### Birds Everywhere Fluttering in Their Haste to Fly Toward Omaha.

The general committee appointed by the local lodge of Eagles and the Omaha Commercial club to arrange for the annual convention of the grand series of the Eagles in Omaha this fall, has organized with Robert Egan, chairman, Frank N. Clarke, secretary pro tem, W. H. Buchholz, treasurer. At the meeting Wednesday night the matter of subcommittees was considered and the committee adjourned to meet Saturday noon at the Commercial club.

The committee announced that it hoped to get arrangements well under way, so that the grand trustees of the order may soon be invited to come to Omaha and inspect the arrangements and locate the convention in Omaha.

Encouraging reports are coming in from all sides in the matter of attendance at the Omaha convention. Kansas City now has 962 members who have made their third payment toward the joint fund which is being raised for the Omaha club. The Omaha club was formed in Kansas City and the members are paying so much each month toward a fund to be used in coming to Omaha, Seattle now has over 200 members listed on its Omaha club and advice comes that delegates from Skagway and Nome, Alaska, are preparing for the journey to Omaha and will bring along their dogs and sleds, which will be put on the parade in Omaha.

Preparations also are being made to create a medical corps for the convention, and the city will be districted with physicians and ambulances to care for all strangers.

The Council Bluffs series is preparing to take in new members a week from Friday, and with the enlarged membership, hopes to be able to materially assist Omaha in caring for the visitors.

### GIRL VICTIM OF FIENDS

#### Colored Child at Hospital in Critical Condition—Negro Man Under Arrest.

Alice Taylor, a colored girl 12 years of age, is at the county hospital in a critical condition as the result of violent treatment.

A colored man, believed to be her assailant, is in the city jail, but no formal charge has yet been made against him. The child accuses him and also another colored man and woman of aiding in her ruin. The woman was arrested, but released on promise to return when wanted. The man says the girl is his wife's adopted child and pleads ignorance of the whole affair. The police do not believe his story.

Pleading together fragmentary statements made by Alice Taylor Wednesday afternoon and night, Superintendent Parr of the county hospital says that she worked last week with a family named Prowles on Sixteenth street and was taken Sunday night by them to a place where she was treated by them at their home. It is not known whether she was turned out by them or whether she escaped.

Found in the alley in the rear of 154 Cuming street by Francis Franklin and his wife Tuesday night, the girl was taken in by them and later turned over to the juvenile officers.

She says her mother is dead and she does not know where her father is living. The girl is rather large for her age, which she claims to be only 12 years. She is crippled in both legs from having rickets. She weighs 100 pounds and is four feet ten inches in height.

Francis Franklin, who cared for the girl Tuesday night, is a colored man, but his wife is a white woman. They know little about the case, as the girl was too ill to talk much.

Lindsay, 329 Evans street, filed for the republican nomination for councilman from the Twelfth ward, and Charles E. ### SANBORN MUST PAY GIRL

#### Father is Ordered by Court to Give Daughter Her Inheritance from Her Mother.

Frederick E. Sanborn of the Sanborn Stock Food company must pay his daughter, Edith Elizabeth Sanborn Burbank \$2,400.00, which she inherited from her mother. Sanborn was appointed the girl's guardian on her mother's death. When she came of age recently she asked for an accounting. Sanborn claimed that he had spent the inheritance upon her education and upbringing. Judge Leslie rules, however, that Sanborn had money of his own which he could have spent and accordingly issues the order to refund.

### ARCH IS NOT FREE AD SIGN

#### So Says Michaelson to Mayor, Who Wants it Lighted for Elk's Fair.

City Electrician Michaelson has declined to obey instructions from Mayor Dahlman to place upon the Welcome arch the words "Elk's Fair" and have the arch lighted every Saturday night prior to the holding of the fair. He says he will not do so unless regularly ordered to by council resolution.

Mr. Michaelson is an Elk and says he wants to help the lodge all he can, but does not approve of making the arch an advertising scheme.

The electrician called on the mayor Thursday and filed his objections and the mayor about came to the conclusion that probably after all the electrician was right and that the sign of the arch should be maintained.

### MRS. EARLYWINE WRITES

#### Lady at Woodbine, Ia., Thanks The Austro-American Doctors for Helping Her.

#### SUFFERED FOR 26 YEARS.

Woodbine, Iowa, R. F. D. No. 1, Feb. 12, 1909.

Theodore Milen, M. D., 428 Ramge Building, Omaha, Neb.

Dear Doctor:— I have been taking the Austro-American treatment for two months, and have made such wonderful improvement that I feel that I should write you as to my condition and tell you how grateful I am to you. I realize I am on the way for a complete cure, and can say truthfully, that you have done me more good in two months than all the other doctors I ever doctored with, and that is a great many. We have spent hundreds of dollars for doctor bills and all kinds of patent medicine, of which I got only temporary relief. I have been afflicted with stomach trouble since October, 1882. I began to have cramps in my stomach. I never went two weeks at a time but what I had two or three spells a day, sometimes they only lasted a few minutes, and other times all day or all night. I had these spells for two years when I began to have gall stones, from which I suffered untold agony. I had a constant pain in my right side. I would have such severe attacks that I would have to call the doctor and I would be so bad that I could hardly move in bed. The doctors told me they could cure my stomach, but could do nothing for my gall stones. Last April I had a bad attack from which I grew worse all the time. In that time I had treated with three doctors, and grew worse all the time. I got so weak and nervous that I was in a constant jerk when I would lay down at night. I could hardly sleep when I did not lie on my side. I had such terrible dreams, as though I was falling. In the daytime it seemed like something was going to fall on my head, and I would catch at my dishes, thinking they were falling, and knocked them over and broke a number of them. I suffered such awful pain in my head and neck, that sometimes I thought I would lose my mind. My memory was very poor. I could not get any thing, and if I did, I suffered untold agony. My stomach was awfully sore. In fact, I was so sore that I could not lay my head on a pillow. It seemed as though a rock could not have felt any pain. My heart bothered me terribly. My left shoulder was so lame I could hardly raise it up. I was not able to do anything when I was not in bed. I was so weak, that now I cook and work for seven men, and eat and sleep well. In fact, I feel like a new woman. I thank God for sending me to the Austro-American Doctors.

condition of the kidneys and nerves, and know some will say they are false, but let me tell you, and I will only give you the truth. I would to God I knew what to say that it might benefit others. I will gladly answer any one doubting this statement. I am singing praises of the Austro-American Doctors wherever I go. Hoping you will publish this letter for the benefit of others, and with kindest regards, I remain, your grateful patient, MRS. MAGGIE EARLYWINE.

Dr. Milen has charge of the Omaha branch of the Austro-American Doctors. He is an expert diagnostician of thirty years' experience in chronic diseases. Asks no questions of patients in making his diagnosis. Sees all patients personally and outlines their treatment. Frankly tells those who are incurable that nothing can be done for them.

#### THEATER DEAL IS CLOSED

#### Orpheum Company Buys Building it Occupies and the One Adjoining.

The deal by which the Orpheum Theater and Realty company secured the Orpheum theater building, formerly the Creighton, at Fifteenth and Harney streets, was closed Thursday by L. Lansburgh, general attorney for the big theater company, W. R. Homan and the representatives of the Creighton Theater company.

The lot on which the building stands is 125x112 feet and besides the theater a two-story building, occupied by cigar stand, assembly and agency of a cash register and scale company, goes with the theater property. The second story of the building on the corner is a hall used for a school of dancing and various public meetings.

Mr. Lansburgh said there was a probability this building would be made a four-story structure when the theater is generally overhauled after the season closes this year. No definite plans have been made for remodeling, but some work will be done to put the property in first-class shape.

"It is the policy of the reorganized Orpheum Theater and Realty company to own the building and department of the theater, arrived in Omaha Thursday morning from Fort Riley to assume his new duties as chief surgeon of the Department of the Missouri. He is accompanied by Mrs. Banister and his two sons, E. B. and Percival B. Banister. Colonel Banister and family will make their home for the present at the Millard. Colonel Banister is regarded as one of the most efficient surgeons in the army and has already become distinguished for his excellent work in the Philippines during the prevalence of the cholera there a few years ago.

Colonel Cornelius Gardner and Captain J. F. Gohn of the Sixteenth infantry from Fort Crook have gone to Ashland to inspect the rifle range there with the view to its ultimate lease by the federal government for target purposes. The special board appointed to investigate the Ashland rifle range has reported a favorable report and it is thought the lease of the range will be effected upon the return of Colonel Gardner and Captain Gohn. The range will be used this year if leased by the government for target practice for the troops comprising the Fort Crook and Fort Omaha garrisons. All that now remains is for the War department to authorize the lease of the range.

Fourteen hundred pounds of dressed chickens will be shipped from the David Cole establishment this week to Fort Meade and Robinson for the Washington birthday dinner of the United States troops stationed at those posts. Leave of absence for two months have been granted First Lieutenant Charles J. Naylor, Fourth cavalry, at Fort Meade.

Honorable discharge by purchase has been granted Sergeant A. H. Hubbell of Troop L, Fourth cavalry, at Fort Meade.

### HOW TO BREAK UP A BAD COLD

#### A REMEDY WITHIN REACH OF ALL.

#### Pleasant and Safe to Take—No Loss of Time—All Danger of Pneumonia Avoided.

It may be a surprise to our readers to learn that a severe cold in many instances is completely broken up in one or two days' time. To do this, however, prompt action is necessary. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin white coating on the tongue. When Chamberlain's Cough Remedy is taken in double doses every hour after the first appearance of these symptoms, it will counteract the effect of the cold and restore the system to healthy condition within one or two days' time, in almost every case, and when the cold is not completely cured in this time, its severity will be greatly lessened and a complete recovery is assured. The first action toward curing the cold is to take the dry, loud cough, is followed by a profuse watery expectation, and that by a difficulty in breathing, a peculiar tightness of the chest, and a slight expectation of very tough and tenacious mucus. Few persons pay any attention to a cold until it has become serious, in fact, until the cold has become settled in the system. The first action should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectation, and opens the air passages. A complete cure soon follows. In some cases, however, several days are required, but the expense of a severe cold in less time than any other treatment, and that it leaves the system in a natural and healthy condition. This remedy also prevents a cold from resulting in pneumonia. Price 25 cents, large size 50 cents.

### The Man Who Eats Well

#### And Enjoys Food Lives Life As He Should and Gets the Most From It.

The man who eats is the man who works, and the man who works is the man who wins. Tireless workers depend upon a storehouse of vim and vigor. India is noted for its fasters and its dreamers. Europe and America for their eaters and their workers.

In America we have been doing nothing but work this past quarter of a century. That is why our old men say, "In my days, no one had dyspepsia." Of course, "all men in those days ate and worked, now they work and eat."

If eating interferes with business, man give up eating. This is good logic for the dollar-getter, but poor wisdom for the man who really wants to live.

Abuse of anything God given results in punishment, and man is a pigmy when it comes to cheating his system.

If you take from the system that which is intended should remain, or put into it that which is intended should be kept out, you are cheating yourself, and sooner or later pay the penalty.

Stuart's Dyspepsia Tablets are concentrated vegetable and fruit essences which give the system every fluid, stimulant and ingredient necessary to gain the fullest strength from everything which goes into the stomach, or to keep from the system everything which should not lay and decay in it.

If you will eat fast and improperly, if you will drink and eat irregularly and to excess, then give to Nature as you do so enough of the essence she demands to neutralize the bad effects of your habits. After a meal take a Stuart's Dyspepsia Tablet, and the meal won't hurt you or your stomach.

At 8 midnight dinner take a Stuart's Tablet and you will sleep well and get up without a breath which is filled with the decay of the midnight meal. If you do your business, Fortify your stomach like you do your business. Fortunes when lost can be regained, but the stomach outraged stays with you to the finish, and you know it is there.

If you want to know what these tablets will do, buy a package from any druggist, price 25 cents, or send us your name and address and we will send you a trial package free by mail. Address F. A. Stuart Co., 139 Stuart Building, Marshall, Mich.
