

WILL SKIPPER BILL RETURN?

Fate of Schipke Questioned by Conroy's Going to Washington.

AUSTIN HOLDS OUT FOR BIG PAY

Looks Like He Will Get That and Better Chance Since "Wid" Has Left the High-landers.

Will Schipke be back in the Western league this year, or the Minneapolis team owned by the Cantillons. It is believed Joe may ship him to Mike.

This is the question that arises in the minds of the fans at the time of the transfer of Third Baseman Conroy from the Highlanders to Washington, where Skipper Hill has been holding down third base for a couple of years.

The transfer also means that Jimmy Austin will have one man off the number with whom to contend for the position of third on the New York Americans. With Conroy out of the road the two leaders for that place are Austin and Ward, the crack who was with the outlaws last year.

Austin has had the nerve to stand out on Stallings for a good contract and it begins to look as though he would get his price. According to the club house rumors Austin has sent back two contracts which Manager Stallings has sent him and finally got a long letter which breathed of peace and the hope that they could come to terms.

With Conroy gone it looks like Stallings intended to come across with Austin's demands, which probably were not very heavy, but just what a crack from whom was abated just what a crack from whom was abated just what a crack from whom was abated.

The Cubs are taking vengeance on the Giants. It seems, by signing some of their former players. Murphy and Chance appear to be slated over the acquisition of George Brown, center fielder, and Ferguson, pitcher, both of whom were shipped to the Giants by Boston.

The signing of Brown probably settles the question of who will cover center regularly for the Cubs this year, and enches Art Hofman for another season as utility man. Ferguson will replace Landgren on the pitching staff.

Incidentally that makes two Browns for the Cubs, one with and one without the final "e," which will help some.

HOLLAND'S WAY TO FIX SCHEDULE

Within Member of Committee Declares Trouble is Easily Remedied.

WICHITA, Kan., Feb. 18.—(Special.)—The proposed change in the Western league schedule, by which each club will play every other club an equal number of times, John Holland of this city, a member of the schedule committee, has declared.

When the schedule was adopted the club ownership knew that Topeka, Wichita, Sioux City and Lincoln would play each other an equal number of times, but the arrangement was satisfactory to all at that time.

The schedule can be remedied easily, however. According to the schedule adopted at Lincoln, September 3, an off day, if Wichita plays at Lincoln, Topeka and Lincoln at Lincoln September 6 and 7, the schedule will be straightened out.

The arrangement to which President O'Neill is objecting was made for Lincoln's benefit, to prevent that club from losing the full share of the league's profits.

HOPE OF VICTORY FROM GOPHERS

Cornhuskers Improve Style of Play Since Last Games at Minneapolis.

LINCOLN, Neb., Feb. 18.—(Special.)—The Minnesota and Nebraska basketball teams will meet in the university gymnasium Friday and Saturday evenings in the second two of a series of four games between the two teams this season. The first game was played at Minneapolis two weeks ago and was won by the Gophers by small margins.

Since those games the Cornhuskers have improved many per cent in their goal shooting, and the Nebraska roster are predicting that their team will take the Gophers into camp on the occasion of the visit of the Minnesotans to Lincoln. Special drill hours have been assigned by Coach Clapp for the Cornhuskers and they are doing extra hard work to get into shape for their opponents.

These games will be the best opportunity the Nebraska players have had for playing the Minnesota men in six or seven years, and they are going to make the most of the chance. All of the players have recovered from the slight injuries they received in the games with Drake at Des Moines and are rounding into top playing form. Against the second team yesterday they rolled up the largest score and made the best showing of any practice this winter.

A new feature of the work of the Cornhuskers is long passing and distant throws.

Guarantee To Cure You Of

Fistula or other Rectal Diseases.

Others may guarantee to do the same thing. I give you a written guarantee to that effect, a guarantee that is binding and that you can rely on if I fail to do as I agree. That's fair and square. You take no chances. Neither do I because I know positively that this method cures all cases of this disease.

PULLIAM READY TO RETIRE

President of National League is Tired of Friction and Worry.

SAYS JOB IS THANKLESS ONE

Story of His Ordering Dreyfus and Ebbetts from His Office Starts Controversy Again—Changes in Playing Rules.

CHICAGO, Feb. 18.—President Harry Pulliam of the National league made it plain yesterday between sessions of league meeting that he was willing to forego the glory and salary attached to his position in order to save himself and the league.

Mr. Pulliam had intended making a statement at the dinner given to the newspaper writers on the previous evening, but the spirit of good cheer conquered and he decided to "forgive and forget" for the time being at least. It is known in base ball circles that Pulliam's feelings do not exist between Mr. Pulliam and Garry Herrmann, chairman of the National commission, and President Charles W. Murphy of the Chicago National league club, but it was not until today that the warfare assumed a serious aspect.

In the hotel corridors it was said that Mr. Pulliam had ordered Barney Dreyfus and Charles Ebbetts, owner, respectively, of the Pittsburgh and Brooklyn National teams, to leave his office in New York, and while the demand was complied with, it is said both Dreyfus and Ebbetts vowed vengeance upon him.

Pulliam Ready to Retire.

When Mr. Pulliam learned the incident referred to had been divulged he issued a statement today which voiced his sentiments. In substance, the National league president declared he was tired of warfare and after leaving for California next Monday he would not be surprised to hear that he had been deposed by those in the league whom he claims to be antagonistic to his administration.

President Pulliam issued his statement after the meeting, and supplemented it by saying his experience with the contending factions of the league had caused him to fall in health and lose his cheerful disposition.

"I expect," he said, "that there are a number of the opposition to depose me as president and as a matter of fact I would not regret such action on their part. The job is a thankless one for the most part and the friction that one has to contend with is not worth the trouble. As a matter of fact, I did order Dreyfus and Ebbetts out of my office in New York and would do the same thing again if the circumstances were similar."

Harmony on Surface.

But notwithstanding the difficulties existing between some of the magnates and officials of the league, the session was harmonious for the most part. Contrary to expectation the reported attempt at bribing Umpires Klem and Johnstone was not referred to.

The proposed amendment to the national agreement in relation to the Class AA league was discussed at length, and while no definite action was taken, the sentiment appeared to favor the change. A similar spirit was manifested at the session of the American league directors during their brief session. With this display of willingness on the part of the minor league clubs, it is probable that the American association, Eastern league and Pacific coast league will be placed in a class by themselves according to their desire.

Changes in Rules.

In the national league session it was decided to amend rule 64 so that the umpire will not have the power to fine players or men on the coaching lines. In future, violations of the rules of the national game may be punished only by ordering the offender to the club house, but he may not take up a position either in the grandstand or bleachers. Another innovation was the adoption of a rule that managers of home grounds will not be permitted to voice any sentiment regarding ground rules in case the visiting team enters a protest against existing conditions. The umpire is to be the sole judge in such an emergency. In the major league clubs it was decided by the rules committee that a limit of twenty-five players shall be the maximum during the playing season on and after May 15, and thirty-five during the so-called "off season" which precedes the warmer contests of the clubs striving for pennant honors.

The committee also decided on the practice of certain managers of shifting pitchers during games in order to give their teams an advantage when the batters on the opposing teams were showing too great strength at the plate. When one pitcher is taken out his successor must remain in the box until he has retired at least one man.

The scoring rules were amended at the suggestion of the sporting writers and it was decided that the umpire in the minor leagues might use their own judgment in the matter of imposing fines. In the major leagues the fines in the past have been settled by the clubs and as a result the penalty did not fall sufficiently heavy on the playing offender.

For this reason it was decided that in the minor leagues, where the fines imposed by umpires have been settled in the majority of instances by the players, the rule will be allowed to stand for the good of the base ball game.

Trades and Purchases.

The annual proposition of trades and purchases experienced a lull during the sessions of both leagues, but a few announcements were made by the managers who visited the scene of base ball activity. Third Baseman Conroy of the New York American club was sold to the Washington team and Sid Smith of the St. Louis American aggregation was shifted to the Atlanta club of the Southern league.

President Comiskey of the Chicago American league announced that he had secured infielder Perry Downs of Detroit and President Murphy congratulated himself upon obtaining the services of Pitchers Donahue and Ferguson of the Boston Nationals. Catcher James of the Boston Americans was announced, had been secured by the New York American league team. President John I. Taylor of the Boston American league club announced the acquisition of Louis Wolter, the left-handed pitcher and acceptable outfielder.

Western League Schedule O.K.

President O'Neill of the Western league announced that the schedule for the coming season would have to be amended as the rules of the organization had been violated in the matter of placing games on the cities represented in the Western league circuit. According to the rules but twenty-two games are permitted. In the case of Lincoln, Neb., and Wichita, Kan., eleven games are scheduled between the clubs in the latter city with but eight in the former. This arrangement falls short of three games as outlined by the rules.

On the other hand the Sioux City club is booked to play eleven games at Wichita and the latter will play fourteen at Sioux City, making a total of twenty-five. An other instance of oversteering the number of games to be played is in the case of Lincoln and Topeka. The former is set down for fifteen games at home and ten at Topeka, the result being twenty-five games. The result likely will be a re-

arrangement of the schedule if the various magnates insist upon having the rules lived up to in the letter.

The American league will close its session tomorrow after considering the action of the National league on the Class AA proposition and the latter organization will continue its session until Friday.

President O'Brien of the American association announced that the meeting which he presided over had adopted the schedule for 1909, the opening playing date being set for April 14. The disposition of the clubs in the league with reference to the dates will be withheld by the league magnates until March 1.

Seasonal Speech by Pulliam.

At a dinner tonight President Pulliam said: "My days as a base ball manager are numbered. The league does not want me for president any more. It wants to go back to the days of dealing from the bottom of the pack, hiding the cards under the table and to the days when the trademark was the gumshoe. I can't afford to quit or would resign now from my position, which pays \$2000 a year. But I will be glad to quit at the end of this year."

President Johnson of the American league jumped to his feet and said: "We refuse to believe that there are any grounds for these statements. Mr. Pulliam has been under a strain for the last few days."

But Pulliam persisted, saying if while he was in San Francisco anybody would offer him a job of \$2000 a year he would take it.
