National Agreement Amended. The proposed amendment to the national agreement was ratified by the league. Clubs will be limited in the major leagues to twenty-five players between May 16 and August 20 and thirty-five players after the latter date mentioned. The class A leagues will be limited to sixteen and twenty-five in the same arrangement as regards dates. After considerable discussion it was decided that the dates of postponed games shall be fixed by the home team on the day of postponement. When "double headers" are arranged according to this plan the umpires must be notified by the home clubs in order that they may be on hand without delay of being assigned by the headquarters of the league.

In the resolution granting President Pulliam a leave of absence the magnates expressed the hope that he would return to his duties fully restored in health.

"During his absence," the resolution set forth, "he will be relieved of all responsibility and John A. SCHIPKE TO REPLACE QUILLIN

That is the Dope at the Smoke House

and Other Houses.

That is the Dope at the Smoke House and Other Houses.

There is a growing belief at the Smoke house and in other sporting quarters of Omaha that Bill Schipke will play third base for Minneapolis this season.

Mike Cantillon, manager of the Millers, has let Lee Quillin go to Des Moines; Joe Cantillon, manager of Washington, has Bought Wid Conroy from the Highlanders; Schipke played a great third for the Senators last year, but lacked in batting, hence the conclusion that Skipper Bill will be replaced in Washington by Conroy and Quillin in Minneapolis by Schipke.

Incidentally Quillin will play in the outfield at Des Moines, according to present plans. Quillin is one of the disappointments of base ball. No young player promises more than he, but when he went to the White Sox he seemed unable to keep his head and consequently soon became worthless to Comiskey, who promptly sild him on to Minneapol s and now Minneapolis is through with him.

Conroy's sale to Washington is taken by some good authorities to mean that Kid Elberfield will, after all, be retained by Stallings as regular third baseman for New York Americans and Ward will play short. If this dope proves correct and unless the rantankerous Kid takes a wonderful brace in himself, things look better than ever for Jimmy Austin. If he can't put a tuck or too in Elberfield at this third corner it will be a surprise to many fans.

Evidently Stallings means to hang onto Austin. He wouldn't dare talk of letting him go. Not a team would waive on him. He would be grabbed up the moment New York raised its finger.

BOSTON REVOLTS AT CY'S SALE

Fans Threaten to Boycott Taylor's Team This Season.

Team This Season.

Devotees of Cy Young in Boston threaten to boycott the Boston American league team because President Taylor has sold old Cy Young, their idol, to Cleveland. Young could draw a larger crowd than all the rest of the team put together, and he won his share of games, too, and would have won many more had he a team of his caliber back of him. Some of the strongest base hall men in Boston are up in arms and deckere that they will show Taylor before this season is over that he made the error of his life in letting out the Grand Old Man.

When Lou Criger, Foung's old-time pal and catcher, was sold to Bt. Louis it became evident that Taylor might let Young so, too. But Young and Criger both hoped they might be sold to the same team so that they could continue their association of a score of years.

Kicks and protests are pouring in like an avalanche upon President Taylor, who perhaps is unable now to undo what he has done.

not know how to act with any one class behind the but.

Knowing this, McAleer and Hedges made overfures to President Taylor for Young's release. Taylor told McAleer he would trade Young for Rube Waddell Jeems, naturally balked at this, inasmuch as the Rube is quite as good a drawing card as Cy and is not as old.

Taylor then asked McAleer for an offer. Jimmy made him one and John I. said he would consider it and let him know in the morning. Jimmy would not say what players he offered in exchange for the veteran, but volunteered the information after the Cleveland deal had been made to provide outclassed the ones the Naps turned over.

And the Cleveland exchange came off a few minutes after McAleer and Taylor had their talk.

It is a generally recognized truth that medicines made from vegetable ingredients are a great deal better adapted to the delicate human system, and saler in every way, than those composed of strong mineral mixtures and compounds. Mercury, potash, arsenic, etc., which are used in the manufac-ture of most blood medicines, are too violent in their action, and frequently derange the system by disturbing the stomach and digestion, affecting the bowels, and when used for a prolonged period often cause Rheumatism. S. S. S. is the only blood medicine guaranteed absolutely and purely vegetable. It is made entirely of roots, herbs and barks, selected for their purifying and healing qualities. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Contagious Blood Poison, and all other blood diseases, because it cleanses and purifies the blood, and at the same time builds up the entire system by its fine vegetable tonic effects. S. S. S. may be taken by young and old with absolute safety, and with the assurance that it will cure the diseases and disorders due to an impure and poisoned blood supply, even reaching down and removing hereditary taints.
