

AFAIRS AT SOUTH OMAHA

Q Street Viaduct to Be Thrown Open to Street Car Traffic.

FINAL TOUCHES TO STRUCTURE

Pioneer Historical Society to Give a Washington and Lincoln Program at High School Tuesday Evening.

The Q street viaduct will be open to the cars of the street railway company this morning. The last of the flooring blocks were laid yesterday. This completed what is said to be the best viaduct in either city.

The offerman injunction case to prevent the completion of the L street paving contract was postponed until next Saturday to allow the attorney for the prosecution to file a reply to a numerous supply of affidavits.

On sale now, boys' overalls, 15c; shaw-knit hose, 30c; resident suspenders, 20c; grey elastic coats with fancy trimmings, 60c; 50 for genious cravens and neckties that sell in high-toned stores up town for \$30.

The Tuesday Night club was entertained last week by Mr. and Mrs. A. A. Wright, 527 North Nineteenth street. The club applies itself to cards as a means of entertainment.

It is likely that the city will make an effort to collect the license when the case will be taken before the district court for a decision on its merits.

The viaduct has been closed for nearly a year. In the meantime the street railway company has had a stub line on West Q street and people have had to walk on the railroad tracks, most of the time a great inconvenience on account of mud and the heavy traffic.

The South Omaha Pioneer Historical association has announced a program for the celebration of Washington's and Lincoln's memory, to be given at the South Omaha High school auditorium Tuesday evening, February 23.

It is likely that the city will make an effort to collect the license when the case will be taken before the district court for a decision on its merits.

WOMAN'S CHRISTIAN TEMPERANCE UNION

People Will Be Asked to Accept or Reject Appraisal.

GOES TO POLLS IN THE SPRING

Board Will Submit Question of Buying Water Works for Six Million Five Hundred Thousand Dollars.

Declaring that, upon investigation, it is his belief that "it is to the city's ultimate good to take the water works plant at the appraisal rather than to grant a new franchise" to the company, the Omaha Water board has determined to submit to the people at the coming city election a proposition to vote \$6,500,000 bonds with which to buy the plant over which there has been so much litigation.

The board disclaims any responsibility for the proposed purchase of the plant and the long delay, reminding the people of the city that the council, not the board, elected to purchase, and pointing out that it, the board, has done everything possible to hurry court action.

It has been the effort of the board to serve the people and to do no wrong to the water company, "is a sentence contained in an official announcement of its decision to submit to a vote of the people, "it is for the people to determine this matter."

The official announcement is made, according to its opening sentence, "owing to the fact that many incorrect statements have been made as to the position of the Water board in regard to the purchase of the water works."

For this reason it is deemed proper by the board to make the following public announcement of its position, together with a resolution of the board:

The decision to purchase the water works was made irrevocably by the council on March 2, 1907, and was not done by the Water board.

The law creating the Water board provided that the city should acquire water works in one of three ways, to be determined by the council: Construction of new works, condemnation of existing works or purchase of existing works through any existing contract.

The history of the appraisal is well known. It resulted in a valuation of \$6,500,000. The board believed, and still believes, the appraisal to be not only invalid, but grossly in excess of the actual value of the works.

The board has used every effort at its command to hasten the final outcome. It has undertaken to advise the council with the water company through which the property could be acquired for a price which it has been met with the suggestion that no extension of the franchise; but no definite proposition with reference to the purchase of the water works has been presented to the board.

Through the fact that the desire exists on the part of the water company for a franchise the board has been brought to the conviction that an extension of the franchise is not only profitable to the company, and that it is for the best interest of the city to purchase the water works and operate its own plant.

It has been determined to place its individual or concrete opinion against the will of the city.

It has been determined to submit to the people at the next city election a proposition which will enable the people by their votes to say whether it is the public desire that the city should own the works or that a private company should continue the ownership. The board believes that if no such proposition is made, the water company will be able to acquire the property at a price considerably less than the appraisal, the case involving the appraisal, but which will be a permanent loss to the city.

Between the present time and the general election the board will have ample opportunity to consider the whole situation and to make up their minds as to whether it is the public desire that the city should own the works or that a private company should continue the ownership.

OUR LETTER BOX

Contributions on timely topics invited. Write lightly on one side of the paper only. Use name and address approved. Unused contributions will not be returned. Letters exceeding 50 words will be subject to being cut down at the discretion of the editor. Publication of news of correspondents does not constitute endorsement.

The Law's Laxity.

SOUTH OMAHA, Feb. 20.—To the Editor of The Bee: The uttering of a mob last night after the killing of a South Omaha policeman has a bearing on a certain condition in our country which is becoming very serious, viz., the decay of our court system.

Now, if such men rise on the instant to deal summarily, what is the cause for such action by such men? The answer is, that the sentences of the courts are not executed often enough. Men know that in the majority of cases the murderer is not punished. Is it not time that a remedy be sought? Should the governor be allowed the pardoning and commutation power? Should more than one retrial ever be allowed? Why do not our legal lights who represent us in the legislature frame a remedial measure? Or, if such a law cannot be passed under the present constitution, let us have a constitution that will allow immediate punishment for crimes where the evidence is as clear as in the killing of Patrolman Ed Lowery.

STANTON C. SHERMAN.

OMAHA HIGH SCHOOL NOTES

Seven of the Literary Societies Give Programs at the Friday Noon Hour.

Friday afternoon was literary society day at the high school, and programs were given by seven societies: Hawthorne, Frances Willard, Lininger Travel, Pleiades, Latin, Browning and Webster. Several of the societies held debates, but most of the programs were largely musical.

The following program was given by the Pleiades society: Hazel Anderson; solo and chorus; Helen Anderson; book review; Gertrude Philetin; essay on art; Mildred McMurphy; "The American Musical Revue"; "Resolved, That art is more beneficial to the world than gunpowder," affirmative; Mary Beak; "Comparison of Washington and Lincoln," Merle Crew; reading, Freda Kadotcher.

The Lininger Travel club gave a Washington program in the following numbers: Piano solo, Bertha Stora; violin solo, Hazel Day; dialogue, Martina Swenson and Helen Day; piano solo, Hulda Peterson; playette, "The Mousetrap," Pearl Jensen; Eula Crawford, Blanch Deaver, Josephine Goetschke, Gertrude Swenson, Hulda Peterson and Marie Slovák; original poem, Annes Nielson.

The following program was given by the Hawthorne society: Hazel Anderson; solo and chorus; Helen Anderson; book review; Gertrude Philetin; essay on art; Mildred McMurphy; "The American Musical Revue"; "Resolved, That art is more beneficial to the world than gunpowder," affirmative; Mary Beak; "Comparison of Washington and Lincoln," Merle Crew; reading, Freda Kadotcher.

OMAHA SELLS UNCLE SAM FOOD

Potatoes and Onions for the Army Will Come from This City.

Bids were opened Saturday morning at the office of Lieutenant Colonel F. Eastman, purchasing commissary United States army, for 90,000 pounds of potatoes and 12,000 pounds of onions for the use of the troops in the Department of the Missouri. The bidders were all Omaha parties.

The two army pack trains recently employed in Cuba by the American army have been received at Fort Riley. The pack trains hitherto at Fort Riley will go to Fort Robinson, Neb., and the pack train at Fort Robinson will be sent to Fort Meade, where practical instructions in pack mule train work will be given at the several camps.

The appropriation of \$100,000 for improvement of the water works system at Fort Meade, S. D., will result in giving that city one of the best water supplies in the country. Presently Fort Meade has been insufficiently supplied with water from Sturgis, S. D., and the supply has at no time been satisfactory.

Under the proposed arrangement Fort Meade will now be supplied with water from a fine stream heading in the foot hills about four miles north of the fort. The water will be piped from reservoirs there to the post by gravity pressure, which will give all the pressure needed at the post for all purposes.

The demand in other lines consequent upon this resumption will put still more work and the whole business activity. This return has been slow enough, but within the last few months it has been marked, and the reduction in steel prices ought to hasten it and help business of all kinds.

Our reports for the month of January, 1909, show that the entire New York Central system, including the Michigan Central, the Lake Shore and the Big Four, handled 12,300 more loaded cars than in the corresponding month of 1908.

On the first ten days in February I find an increase of 12,940 loaded cars over the corresponding ten days of a year ago is shown.

Now, when the builders and users of steel and iron begin to place their orders under the new prices ore and coal will begin to move. More men will be put to work and more supplies will be needed. The demand in other lines consequent upon this resumption will put still more work and the whole business activity.

STEEL RAILS WILL STAY UP

They Are Not to Be Included in Price Reduction.

PRESIDENT BROWN OPTIMISTIC

Head of New York Central Says Cheaper Steel Will Mean an Immediate Quickening of Business.

NEW YORK, Feb. 21.—Assurances that the price of steel rails will not be cut as a result of the price cutting in finished steel products were given today by men in high authority in the steel manufacturing business. The representatives of a leading steel producer said that there were only five rail producing mills in this country and that the United States Steel corporation, the Cambria Steel company, the Lackawanna Steel company, the Bethlehem Steel corporation and the Pennsylvania Steel company are opposed to a reduction in the price of rails.

It was stated by a steel official today that the present schedule of wages in the steel mills will not be changed until the new tariff rate on steel is known.

President W. C. Brown of the New York Central railroad believed good results would follow the cutting of the prices of steel.

"I regard the cutting of the price of steel as of the highest importance to the business of the entire country," said President Brown.

"Whatever construction we are to do in the present year has been arranged for and the contracts let, but it is not in this respect chiefly that the railroads of the country are to benefit. It will be increased activity with the return of business activity. This return has been slow enough, but within the last few months it has been marked, and the reduction in steel prices ought to hasten it and help business of all kinds.

PRIMROSE HEAD OF LEAGUE

Bellevue College Man Will Be President of Oratorical Association for Year 1909-10.

They Are Not to Be Included in Price Reduction.

Bellevue college will entertain the State Oratorical association next year at Bellevue. By the association constitution the president of the league shall come from Bellevue. In anticipation of this, the student body has elected William I. Primrose, of the junior class, to act as president of the association this year, proposed Primrose's name at the business meeting of the league, held Friday, and he was officially elected.

Officers were also elected to serve upon the local association through the year 1909-10 as follows: President, A. C. Barry; vice president, Henry Brandt; secretary and treasurer, Mr. Churchill.

The Adolphian literary society was called to order Friday evening to render the following Washington program:

"As a Boy," Zella Kinsinger; "As a Colonial Magnate," Merle Hunter; "Christmas at Mt. Vernon," Eva Mitchell; "Mt. Vernon in the Washington Times," Florence Clark; "An Engineer," Fred Jones; "George Washington as a Southerner," Margaret Quigley; "Washington's Education," Goldie Fowler; "Washington's Parents," Art Alcott.

The academy students have organized their first literary society in several years. The first program was given Friday night. All numbers were of a patriotic nature commemorating Washington.

Music selection. Opening address, Paul Johnson. Recitation, Violet Saunders. Essay, Lydia Johnson. Recitation, Cora McDonald. Debate: Question—"Resolved, That the colonies could not have won their freedom without Washington." Affirmative, Floyd Roach and Hazel Brown. Negative, Kent Hunter and Leona McDonald. Solo, Susie Kimmier. Recess. Business meeting.

The Young Woman's Christian association meets Sunday afternoon in Pontanelle parlors, Miss Edith Atwater acting as guest.

Hexamethylenetramine. The above is the name of a German chemical which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy, as soon as you notice any irregularities, and avoid a serious malady. Sold by all druggists.

BLUE COAT FRIGHTENS BOYS Officer Captures Their Horse and Wagon, but the Boys Make Their Escape.

A policeman's blue overcoat, hanging on a clothes line in a back yard and flapping why the horse and wagon, but no boys, were in sight when the nimble-footed copper arrived on the scene. The lads had "dug out" at the warning "Jigger the bull," so their rig was confiscated and taken to the police station by the patrolman. They are believed to be a gang that has made a business of carrying away scrap iron and junk from people's yards for the last two or three weeks. A number of complaints have been made about such a gang.

CHAMBERLAIN'S COUGH REMEDY A MEDICINE OF REAL WORTH AND MERIT. It Not Only Cures Colds and Grip, But Prevents Them From Resulting in Pneumonia.

CHAMBERLAIN'S COUGH REMEDY is intended especially for acute throat and lung diseases, of which colds, croup and whooping cough are the most common. Those who have used it for years and are in a position to know its real value, assure that it is without an equal for the treatment of these diseases.

IF YOU ARE CURABLE WE CAN CURE YOU. Office Hours 9 to 9 Daily. Write for Free Circular. Average Time to Cure Croup... One Visit. Catarrhs... 10 Days. Croup... 20 Days. Croup... 30 Days. Croup... 40 Days. Croup... 50 Days.

GERMAN DOCTORS. Weak and nervous men who find their power is going as a result of overwork or mental exertion should take CHAMBERLAIN'S COUGH REMEDY. It makes you eat and sleep and is a sure cure.

MEYERS GUARD APPLAUDED. Makes Satisfactory Trip During Crowded Portion of the Day.

The Meyers safety guard device is being given a thorough try-out by the Omaha & Council Bluffs Street Railway company, being attached to a car which is making regular trips. Two complete trips were made on the Benson-Albright line Friday afternoon, the car being in charge of a motorman and conductor who had not seen the device before and from the start to the with the wind, frightened away a gang of youthful petty thieves and resulted in a capture of the broken-down horse and wagon they had been driving.

Between the present time and the general election the board will have ample opportunity to consider the whole situation and to make up their minds as to whether it is the public desire that the city should own the works or that a private company should continue the ownership.

It has been determined to place its individual or concrete opinion against the will of the city.

It has been determined to submit to the people at the next city election a proposition which will enable the people by their votes to say whether it is the public desire that the city should own the works or that a private company should continue the ownership.
