

STILL AFTER WHITE SLAVERS

United States Officers Make Important Arrest at Crawford, Neb.

WILLIAM KARSLAR PUT IN JAIL

One of a Gang that the Authorities Have Been Seeking for Bringing in Women of Immoral Character.

That the United States immigration authorities are determined to abolish the white slave traffic in the west is evidenced by the arrest Sunday of William Karslar, alias Jack Sanders, at Crawford, Neb., on the charge of importing alien women into the country for immoral purposes.

His arrest was brought about in a peculiar way. He was wanted by the state authorities for selling liquor without a license, and was apprehended in Denver and brought to Crawford by the state authorities under a requisition. He furnished bail for this offense and was about to return to Denver when he was arrested by Deputy United States Marshal A. M. Wright on a complaint sworn out by the immigration authorities, charging him with importing immoral women into the country.

Karslar was one of three others whom the immigration authorities wanted for the same offense and for whom an immoral house at Chadron. They were Louise Florce, alias Lillie Kriebbaum; Peter L. Kriebbaum and Theresia Kriebbaum, who were arrested several days ago at Chadron at the instance of Immigrant Inspector W. R. Mansfield, formerly of Omaha, but now of Denver. The Kriebbaums are now out on bail.

It is alleged that the Kriebbaums and Karslar are the agents of the white slave importing concern, with headquarters in Chicago and New York, which has recently been broken up by the government authorities.

OMAHA GETS NO TOURNEY

Loses the Military Function to Des Moines at Result of Hull's Vigilance.

Omaha will not get the regular army military tournament this year as was anticipated.

Congressman J. A. T. Hull of the Des Moines (Iowa) district, who does not let anything get away from Des Moines, has succeeded in convincing the War department that Des Moines is the only place worthy to be considered in the matter of a military tournament during this year of our centennial.

Brigadier General Charles Morton, department commander; Lieutenant Colonel W. P. Evans, chief of staff, and Major D. E. McCarthy, chief quartermaster of the Department of the Missouri, will go to Des Moines Tuesday to look over the ground for the proposed tournament and will make their recommendations accordingly.

The tournament will take place some time in September and about 5,000 regular troops from the posts of the Department of the Missouri, including cavalry, artillery, infantry, the engineer and signal corps, will participate. The tournament, which will include all sorts of military maneuvers, military ballooning and miscellaneous military drills and athletics, will last about ten days.

A fair habit of taking this medicine daily so that assistance to nature may be gradually dispensed with when no longer needed, as the best of remedies when required, are to assist nature, and not to supplant the natural functions, which must depend ultimately upon proper nourishment, proper efforts, and right living generally.

BLIND PIG IS CAPTURED

A "blind pig," in full operation, with a tubful of bottled beer and whisky on hand and three colored people making merry around the fountain of their joy, was raided by Police Officers Donohoe, Woodriddle, Mitchell and Maloney Sunday morning. The joint was located at 1313 Davenport street and Lattia Clayton, a negress, was arrested as the keeper of the house, while Carl Lee and one colored, were arrested as inmates. All three were charged with being suspicious characters at the police station. The tub of liquor was held as evidence against the trio.

CHAMPION BEEF ON THE HOOK

The Nebraska-bred champion steer, which has attracted such universal attention for its general perfection, has been transported into marketable beef and is now in the cooling rooms of the Swift Packing company's establishment at Thirteenth and Leavenworth streets and will shortly be disposed of to Omaha consumers.
