Fashions for Little Girls Prettiest Dresses We Have Ever Seen

If we could induce every mother with little girls to clothe, to come in and look over our new line of Spring Dresses we could readily convince here of the folly of spending trillions of ours planning and worrying over their making. The cost of the materials and the making is considerably more than these dresses cost all ready to put on and wear. The fabrics used in them are all standard brands of known merit, such as Sea Island Percales, Tulle de Nord Gingham and Hydegrade Galateas. The finish and workmanship is not the slipshod kind, so general in most children's apparel, but each is as carefully made as the most critical could expect. The styles, too, are the creations of famous designers whose life work is devoted to working out clever child like frocks. You'll marvel how we can sell them so cheaply. Many women are buying in half dozen lots. Choosing is best now, too, while each garment is new, fresh and crisp.

2 TO 5 YEAR SIZES **59c, 85c, \$1.00 and \$1.25**
6 TO 14 YEAR SIZES, **\$1.25, \$1.75, \$2.25 and \$4.95**

NEW TAILORED SUITS

Spring Styles are beckoning to you. Scores of them await your coming.
