Heart Case Come Up March 15—A motion has been filed in the United States circuit court by the defendants in the Haskell vs. Heart case, asking for more specific allegations. The hearing on the motion will be held before Judge W. H. Munger on March 15.

Winnell and Dunne to Speak—E. L. Winnell, president of the Rock Island who speaks through Omaha Friday, will speak at the annual banquet of the Commercial club at Council Bluffs March 15. E. F. Dunne, former mayor of Chicago, will also be a guest of the club at that time.

Sylvan Married Harriet Derry—A woman supposed to be Mrs. Hattie Ivory of York called at the court house Tuesday to find out the name of the man who married Harriet Derry January 18. The groom in the case is Sylvan Kanon, a Syrian 23 years of age. The couple were married by Judge Leslie. The inquiring woman copied out the name of the man and departed.

Short Term of Federal Court at MeCook—The term of the United States courts at MeCook which began Monday morning,

closed Monday evening, with nothing doing in the criminal line and but little doing in the civil and equity line. Marshal Warner, District Attorney Gann and District Clerk Hoyt returned to Omaha Tuesday morning.

Kersey's Bible Class—Rev. J. M. Kersey, pastor of the First Christian, will hold his regular class for Bible study this evening at the church. This class is growing fast at each meeting. Last Tuesday night the number present was 50 and tonight Dr. Kersey expects to have at least 30 enrolled.

Funeral of Machinery's Victim—Arthur Wemphoff, the young man accidentally killed at the smelting works by being caught in a revolving shaft Sunday morning, will be buried Wednesday morning in the German Catholic cemetery in South Omaha. The funeral will be held at the home, 132 North Twenty-second street, at 9 o'clock, and at the church of St. Mary Magdalene, Sixteenth and Dodge streets, at 9 o'clock.

Alleged Horse Thief Bound Over—In the charge of horse stealing, William Chestnut, a Spanish negro, was bound over to the district court Tuesday morning after waiting preliminary examination in police court. His bond was fixed at \$500. Chestnut is the man who left Omaha suddenly last week after disposing of a team he had been driving for his employer, named Wandling. Detective Ferris brought him back from St. Joseph, where he was arrested by the police.

Queen Emma Avails Naught—With a claim that he broke into his former landlady's house because she asked him to do so, De Hart asked Police Judge (sworn) to release him when a charge of disturbing the peace was filed against Hart Tuesday morning. However, the judge thought that he needed a little quiet rest and sent him out for thirty days. Hart's home is at 137 South Twentieth street. Mrs. Scott, 66 North Fourteenth street, was the complainant.

The Missouri River is Good—Contrary to the actions of other big rivers in going out on a high tomorrow at this season of the year, the Missouri river is very tractable and is acting better this season than it ordinarily does. There is no significant rise reported in the river at any point above Omaha. As Blair it is at a stand of 65 feet. At Omaha the ice began going out Monday afternoon and a fall of eight-tenths of a foot is reported, while at Phenixmouth a fall of 1 1/2 is reported. The channel is fairly well open from Sioux City and the ice is going out in a very orderly manner.

An Appetite for Oranges.—It is questionable if any animal on earth could duplicate the swallowing feat that is to be seen daily or as often as a tourist comes along at the Dawson stretch farm in South Pasadena, Cal. The ostriches on this farm are veritable giants of their race, having responded generously to the general claims, good food and scientific care. Oranges are one of their great favorites, especially the big "navel" varieties, measuring upward of three and a half inches in diameter. One old patriarch named "Emperor William" will catch the oranges one after another, full ten feet above the ground, until an even dozen may be seen at the same time slowly bumping down his long expense of neck, to be finally hoisted in the snuff of feathers where neck and body join. "William" has been known to gulp thirty-five to forty oranges in succession, and the fact that he is in robust health at 22 years of age seems to indicate that California oranges agree with him.—World Wide Magazine.

FARM LANDS GO AT BARGAIN

More Than \$100,000 Worth Changes Hands Monday.

EASTERNERS LET GO HOLDINGS

Some of Your Valuable Tracts Bought and Sold, Byron Reed Company Disposing of Sixty Thousand Dollars Worth.

Farm land is selling in Douglas county at a rate which would indicate that the county is about to change hands. More than \$100,000 worth of lands in the county were sold Monday. Whether it is because eastern buyers are about to leave the county or because there is a demand which brings good prices, the dealers say not, but some of the most valuable lands in the county are being so marked they were in the bargain counter, marked down from \$50 per acre to \$25.00.

The Byron Reed company sold \$50,000 worth of farms Monday and did not turn over a very large net profit. Monday, they sold \$20,000 worth of land.

Mary E. Seal, a Colorado woman, sold 50 acres near Washington to Claus Kaehl for \$1,000.

J. E. Siford, a Virginia owner of Nebraska lands, sold 30 acres six miles east of Irvington to John Kammann for \$5,000.

Mary E. Seal sold 50 acres near Washington to Claus Kaehl for \$1,000.

P. L. Hall sold a valuable tract just west of Millard to John Swanson for \$1,000.

Elizabeth Dorn sold W. C. Waldron a farm of 20 acres west of Bennington for \$2,500 and Mr. Waldron sold 10 acres of it to Bennett Gottsch for \$2,000.

Joseph McCaughey sold J. A. Johnson a tract of land comprising 175 acres on the Platte river southwest of Millard for \$20,000.

Harry Pape is Out of Pocket

Youth Suddenly Disappears and Mother Blames Saloon Keeper for His Absence.

Harry Pape, a 17-year-old boy who lived with his parents, Mr. and Mrs. James Pape, J. at Fifty-fourth and Center streets, and worked as a press feeder at the Western Newspaper Union, Fifteenth and Howard streets, has disappeared from home and work and has not been seen by his family since Friday morning.

It is feared that something unusual may have happened to him and a saloon keeper who has been selling liquor to the boy for some time is blamed for the lad's disappearance. The mother says when her son returns, she will have a complaint filed against the saloon keeper for selling liquor to a minor.

Police, parents and friends have been searching for Harry, but without success. The last heard of seen of him was by members of a family on South Thirtieth street, who are well known by the Pape family. They say that he was in the neighborhood of their home Saturday night and was intoxicated.

Drawing his pay Saturday afternoon young Pape left the printing office where he has worked since four years ago, and he failed to go to his regular work. Except that he has recently acquired a habit of drinking whenever he had money, and has become intoxicated a few times, the lad is said to be steady and reliable and is not known to have had any trouble.

He is described as being five feet five inches in height, weighing 150 pounds, wearing dark clothes and a black soft hat, and appearing several years older than he really is.

Girls Modest in Olden Days, Says Pioneer

"Did Not Court Young Men Then," Declares David Anderson at Birthday Dinner.

The girls and women of that age did not bang their hair, wear merry waltzes or court the young men. The boys and men had not acquired the habit of parting their hair in the middle, wearing diamonds or operating automobiles.

So spoke David Anderson in talking of the good old times when he, now 77 years of age, was a gay young stripling. The occasion was the 77th birthday of Mr. Anderson, celebrated at South Omaha Monday night by the Old Fellows of which Mr. Anderson is past grand master.

Seventy-seven years ago there were but four miles of railroad in this country," said Mr. Anderson. "There were no telephones or phonographs. There were few murders and rarely a suicide. Rheumatism and appendicitis were scarcely known and children were reared in habits of industry, and everybody worked, including father."

Mr. Anderson told of the condition of the country at large when he was born, saying that President Jackson was serving his second term and that former Presidents Madison, Monroe and John Quincy Adams were still alive. Abraham Lincoln was but 22 years old and this country was inhabited only by wild Indians and wild animals.

"What a pleasant memory, a delightful thought and satisfactory retrospect as one journeys along toward the sunset to view with genuine complacency the work of his eventful and well spent life. My earnest and prayerful wish is that every one present may live as long as I have lived and enjoy as good health and be blessed with the beautiful gifts of nature as I have been."

The celebration took the form of a dinner with 20 guests around the board. The speakers were J. H. Van Dusen, E. H. Farquhar, Mr. Leigh and David Anderson. All paid high tribute to Anderson as a pioneer in Old Fellowship and as an active energetic and enterprising citizen of South Omaha who had accomplished much for the uplifting of the Magic City.

Zimman Runs for Mayor Only

Will Positively Refuse to Be a Candidate for the City Council.

Harry B. Zimman says he will positively refuse to become a candidate for councilman from the Third ward, that he is a candidate for mayor, and that he will let the petition filing for councilman lapse by default.

The petition asking that my name be placed upon the ballot as a candidate for councilman was filed in opposition to my wishes and over my protest," he said, "and I am sorry it was filed, for some people will misunderstand it. I have filed for mayor and I will 'wick' it that filing, I intend to prepare a platform shortly and expect to make a hard campaign, both before and after the primaries."

BOY WOULD LEAVE FATHER TO LIVE WITH HIS MOTHER

Mrs. Nellie Mackey, divorced from John Frentzer, asks that her son may Name His Own Guardian.

Arthur Frentzer, aged 14 years, wishes to leave the home of his father, John M. Frentzer and go to live with his mother, Mrs. Nellie M. Mackey, says the latter. Mrs. Mackey divorced her husband five years ago. Mrs. Mackey came into court Tuesday asking that Arthur Frentzer, having reached his 14th year, be allowed as the law provides to name his own guardian. She avers in her petition that the boy wishes to name her and swears that he is strenuously to run away from home and to quit going to school, unless he is allowed to leave his father's roof and come to her.

When the Frentzers were divorced the father was awarded the custody of Arthur and a younger brother and the mother got their little girl.

Donald Riley prefers soldiering in the Philippines to supporting his wife, Miss L. Riley, says Mrs. Riley in a petition for divorce. Riley, who was engaged in newspaper work in Omaha prior to the Spanish-American war, went to Cuba and then to the Philippines. He was three years in the islands. "The first year he wrote freely the second year seldom, and the third year not at all. During those three years only \$5 was sent her, runs the charge to her."

However, when Riley bobbed up in the summer of 1907 Mrs. Riley forgave him and they lived together from August until October. Then the call of the lips of

something stirred Riley again and he told his wife he was going back to Cuba and left her. Since then she says she has not heard from him and does not know whether he is now in Manila or Washington, D. C. George F. Weaver says Kathryn M. Weaver, alleging desertion. The couple were married in Stouffville, O., in 1902.

Y. M. C. A. BOYS TO GRADUATE

Class of Twenty-five Will Proceed from Junior to Men's Department Friday.

Commencement exercises will be held at the Young Men's Christian association Friday night when twenty-five young men will graduate from the boys' department in the department for men. The exercises will take the form of a play with moving pictures and speeches. Pictures of the Olympic games will be shown and news of the Young Men's Christian association pack. Addresses will be made by F. A. Robinson, S. W. Cunningham, E. F. Denton and S. F. Wade. The boys will also take part in the program with orations and musical numbers.

During spring vacation, the last week in March, several hikes will be taken. The longest one to be a contest between the Omaha and Lincoln Young Men's Christian association. The Omaha boys will walk from here to the Lincoln Young Men's Christian association and the Lincoln boys will retrace. Boys must be 16 years old or older. The city getting the largest per cent of starters to finish first wins.

We Offer \$1,000

For a Disease Germ That Liquecide Cannot Kill

This offer goes out with every bottle of Liquecide. Do you suppose we would do that if any known germ could resist it? Liquecide is for those who believe that a germ disease calls for a germicide, that the germs must be killed before the trouble can be cured. You have doubtless tried the old ways, and you know the results. We ask you to try the new way, to try it at our expense. Use what millions have used and learn what they know about it. You are not fair to yourself until you do that.

What Liquecide Is

Liquecide is a toxic-germicide the virtues of which are derived solely from side gases. No alcohol, no narcotic, nothing but gas enters into it. The process of making requires large apparatus and consumes 18 days' time. The object is to combine the gases with a liquid as to carry their virtue into the system. The result is a germicide so certain that we publish with every bottle an offer of \$1,000 for a disease germ that Liquecide cannot kill. It destroys them because germs are of vegetable origin. But to the body Liquecide is exhilarating, vitalizing, purifying.

That is its main distinction. Common germicides are poisons when taken internally. They are injurious for they destroy the tissues as well as the germs. That is why medicine proves so hopeless in dealing with germ diseases. Liquecide, on the contrary, acts as a remarkable tonic.

We Paid \$100,000

For the rights to Liquecide, after thousands of tests had been made with it. After its power had been demonstrated for more than two years in the most difficult germ diseases. Conditions which had resisted medicine for years yielded at once to it and diseases considered incurable were cured.

That was seven years ago. Since then millions of people in every part of the world have shared in the benefits of this invention. Nearly every banister, every neighborhood, has living examples of its use. You have seen it and you know what you want it did for them.

Germ Diseases

Most of our sickness has, in late years, been traced to germ attacks. Some germs—as in skin troubles—directly attack the tissues. Some create toxins, causing such troubles as Rheumatism, Blood Poison, Kidney Disease and nerve weakness. Some destroy vital organs, as in Consumption. Some—like the germs of Cancer—create inflammation; some cause indigestion. In one of these ways, nearly every serious ailment is a germ result.

Such conditions call for a germicide, not for common drugs. Liquecide does what other means cannot accomplish. And

It is wrong to cling to old ways when millions of people know a way that is better.

50c Bottle Free

If you wish to know what Liquecide does please send us this coupon. We will then mail you an order on a local druggist for a full-size bottle, and will pay the druggist's expenses for it. This is our free gift, made to convince you, to let the product itself show you what it can do. In justice to yourself, please accept it today, for it places you under no obligations whatever.

Liquecide costs 50c and \$1.
